

Program Element #11: Students Today Aren't Ready for Sex (STARS)

1 Description.

Funds provided under this Agreement for this Program Element may only be used, in accordance with and subject to the requirements and limitations set forth below, to operate a STARS Program in LPHA's service area. A STARS Program is an abstinence education program delivered to middle and elementary age youth based on the PSI Curriculum (Section 2.c. below) and implemented through the use of STARS Teen Leaders (Section 2.e. below).

2 Definitions Specific to the STARS Program.

- a. Classroom Facilitator:** Adults who are trained by Department STARS Trainers to support the STARS Teen Leaders in the classroom when they are delivering the STARS curriculum. The role of the Classroom Facilitator is to make sure the class runs smoothly, to handle questions that come up that may be inappropriate for a STARS Teen Leader to answer, and to act as general support to the STARS Teen Leaders during the session. Classroom Facilitators are most frequently the classroom teacher for the class receiving the program. When the Classroom Facilitator is not the classroom teacher, it may be another school employee, a county health department staff member, or community volunteer. There must always be a trained Classroom Facilitator in the class during the session.
- b. Department STARS Trainers:** Employees of Department who provide technical assistance to LPHA on implementation of the STARS Program and who provide training to STARS Teen Leaders, Classroom Facilitators, and county wide coordinators.
- c. Postponing Sexual Involvement (PSI) Curriculum:** The abstinence education curriculum for middle and elementary age youth developed by Marion Howard, Ph.D and Marie E. Mitchell, R.N. The curriculum emphasizes resisting pressure to be sexually involved and is intended to teach youth to make healthier choices and to reduce the rate of teen pregnancy and Sexually Transmitted Disease/Sexually Transmitted Infections transmission. The curriculum is presented over the course of five classroom sessions.
- d. STARS Coordinator:** The individual who provides coordination within LPHA's service area and who is responsible for overseeing implementation of the STARS Program throughout LPHA's service area.
- e. STARS Teen Leaders:** High school age students, usually 10th, 11th, and 12th graders, who are chosen and then trained to deliver the five (5) STARS Program education sessions to 6th and 7th grade students.
