Enclosed you will find 2008 National WIC Association (NWA) “Try Something New” calendars in both Spanish and English. These calendars serve as the January outreach to our partners and clients to thank them for their referrals and participation.

Here are a few ideas on how to distribute these calendars. Consider giving them to:

- Clients in a class or after an appointment
- Community businesses and partners as a “remember us in 2008”
- Your local immunization coordinator
- Daycare/pre-school centers
- OB/GYN or pediatric physicians serving lower-income clients

Calendars sent to partners can be accompanied by our “Friend of WIC” cover letter (provided), along with the Oregon WIC Annual Report and WIC brochures. Please distribute these calendars with the outreach materials you feel would best support your agency.

If you have any questions, please call Nhu or Jolene.
Happy 2008!
