

## Tools for sharing Fresh Choices with partners

Now is a great time to begin talking to your public health or community partners about Fresh Choices (specific tools for health care providers are coming soon!). Consider inviting yourself to local partner meetings and share one or both of these tools---Fresh Choices Informational Sheet or a Fresh Choices PowerPoint Presentation.

### Fresh Choices Informational Sheet

This is a quick way to share Fresh Choices with partners either at a meeting or consider mailing this along with a cover letter. Please make sure to add your name and contact information on the second page. Outreach brochures and the new WIC Annual Report (2008) can also be sent with this mailing!

### Fresh Choices Presentation

This presentation is great for partners who are interested in hearing more details about Fresh Choices. Its length could be from 15 to 40 minutes. Access this presentation from the Fresh Choices Web site under Resources for WIC Staff "[WIC Partners Fresh Choices Presentation](#)" (or just click).

### Other Tools

- New Food List [New WIC Food List - Aug 2009](#)
- Fresh Choices presentation packet can include: PowerPoint slides, Informational Sheet, and the new Food List to start.
- WIC Outreach brochures and the new 2008 Annual Report can be shared with any Fresh Choices presentation.

Oregon WIC staff is sharing Fresh Choices with state partners. Please email Jolene at [Jolene.mcgee@state.or.us](mailto:Jolene.mcgee@state.or.us) if you want the list of agencies that have heard this presentation.
