

## Professional Development Recognition

The Home Care Commission has recognition for homecare workers who are continuing their education by attending training. You may choose either a pin or key chain of the design above.

To qualify, you must have attended the core classes of Keeping It Professional, Working Together, and Helping Caregivers Fight Fraud and Abuse. In addition, you must attend 5 hours of safety-related trainings (such as PASS, TRIPS, or PDT), and 5 hours of other services & skills trainings (such as Challenging Behaviors, Dementia, Diabetes, etc.), and your "no show" percentage for HCC classes cannot be greater than 30%. CPR and First Aid certification must be current.

Wearing this pin or carrying the key chain on interviews, at union meetings, with family and friends, or at homecare worker events will show that you have met a basic level of professional training.
