## Revenue Discussion

The 2011-13 Agency Request Budget for the Department of Corrections is financed primarily with General Fund; eighty-nine percent (89%) from General Funds, eleven percent (11%) from Other Fund revenues and less than one percent (<1%) from Federal Funds. For 2011-13, Other Fund revenues to fund requested expenditure limitation are projected at \$194,172,954, including \$163,471,333 from the sale of Certificates of Participation to finance additional prison construction and related costs. Federal funds are anticipated for partial reimbursement of the costs to incarcerate illegal aliens.

## Other Funds

### Federal Revenues (as Other Funds) \$96,533

These funds come to the department from the Federal Government as an incentive for reporting individuals that are incarcerated who may be receiving social security assistance and due to their incarceration are no longer eligible.

### Other Charges for Services \$12,427,497

The principle contributor to this account is the expected revenue from services provided to state or federal agencies and other clients by inmate work crews. Also included are revenues received from services provided by inmate training programs, commissary sales to inmates, and County supervision fees.

### Fines & Forfeitures \$371,808

This revenue comes from charges to inmates for primarily provision of personal medical prostheses, and also property damage and escape attempt costs. Also included are County non-sufficient check fees and drug court forfeitures.

### Rents & Royalties \$266,341

This revenue comes from warehouse space rental, land leases, and easements.

### Certificates of Participation \$163,471,333

The sale of Certificates of Participation will finance project management, construction-related staff, sale-related expenses, deferred maintenance for pre-construction activities at the next prison facility site. The Junction City property was originally sited for a co-located 532-bed minimum-custody and 1,278-bed medium-custody men's facility. However, current prison population forecasts indicate only the minimum-custody facility will be needed within the next ten years. Planned construction of the medium-custody facility will be dependent on future prison population forecasts and reviewed during each biennium budget development process.
