The mission of the Oregon Department of Corrections is to promote public safety by holding offenders accountable for their actions and reducing the risk of future criminal behavior.

Visiting

General Visiting Information

You will be allowed to visit once your application is approved and entered into the DOC computer system. Please know that the approval process takes time and plan accordingly.

It is the sole responsibility of the inmate to request that you be added to or removed from his visiting list, including the application process. DOC runs a criminal background check on all applicants for visiting. It will be the inmate's responsibility to inform requested visitors if they have been approved or denied.

- Visiting time is allocated to inmates using a point system. For you to visit you must be on the inmate's approved visiting list and the inmate must have sufficient points to cover your visit. Inmates have a minimum of 24 points on the first day of the month.
- At the minimum facility, one point is deducted for each visitor for each visit. No points are deducted for children under the age of two.
- Currently, only the DRCl minimum facility is open. When the medium and minimum facilities are both open, they are considered one prison. Visitors may not be on more than one inmate's visiting list per prison unless they are immediate family.
- Any special visiting arrangements must be made and approved prior to the visit. Inmates should work through their counselors or Mr. Fritz for special requests.
- Inmates assigned to special housing (DSU) in the minimum facility may not have visits.
- No more than three visitors may visit at a time. Infants and small children under the age of three who are being held on a parents lap will be allowed in addition to the three visitors.
- No person or animal is allowed to wait in vehicles on institutional property. Visitors are not allowed to loiter on facility grounds. Vehicles must be secured, with windows rolled up while parked on institution property.
- The Department of Corrections visiting rule states "no physical contact, except a brief kiss and embrace upon meeting and leaving". Only holding hands above the table and holding of small children under eight years of age is permitted.
- Visitors and inmates are not allowed to escort each other to and from the bathrooms.
- All items purchased from the vending machines must be consumed or disposed of in the visiting area. Nothing is to be removed from the visiting area by the visitor or the inmate. At the conclusion of visiting, the visitor must discard all trash and beverage containers.
- Cell phones, pocket computers, pagers or any other communication devices are prohibited from being carried into the visiting room.
- Neither you nor the inmate you are visiting are allowed to become involved in any other visit except your own. No table to table conversations are allowed. Once you and the

inmate you are visiting are seated, you cannot move to another seating location without the approval of the Visiting Room Officer.

- You may not bring purses or carrying cases into the visiting room. Small lockers may be rented for 25 cents for storing such items during your visit.
