

# Oregon Composite Return

## Form OC and Instructions for Pass-through Entities

This publication is a guide, not a complete statement, of Oregon Revised Statutes (ORS) or Oregon Department of Revenue Administrative Rules (OAR). For more information, refer to the laws and rules on our website, [www.oregon.gov/DOR](http://www.oregon.gov/DOR).

### Introduction

#### Purpose of form

Pass-through entities (PTEs) with distributive income attributable to Oregon sources must file a composite return on behalf of their nonresident owners who elect to participate in the composite filing. The PTE reports the nonresident owners' share of Oregon-source distributive income on one tax return, Form OC, *Oregon Composite Return*.

PTEs must withhold tax for owners who do not elect to join the composite unless the owner files an affidavit. See Form OR-19 for withholding and affidavit instructions.

#### Definitions

Throughout these instructions, the following terms are used:

**"BIN"** is Oregon business identification number, **not** your Oregon registry number. If you do not know your Oregon BIN, leave the space on the form blank.

**"Distributive income"** is generally the net taxable income or loss of a PTE.

**"Electing owner"** is a nonresident owner who chooses to join in the filing of a composite return.

**"FEIN"** is federal employer identification number.

**"Nonelecting owner"** is an owner who chooses not to join in the filing of a composite return, is required to file an Oregon tax return, and has Oregon-source distributive income.

**"Owner"** is a partner of a partnership or limited liability partnership (LLP), shareholder of an S corporation, member of a limited liability company (LLC), or beneficiary of a trust.

**"Pass-through entity (PTE)"** is a partnership, S corporation, LLP, LLC, or certain trust. **NOTE:** Single-member LLCs owned by an individual or a corporation and grantor trusts are disregarded for tax purposes and are not PTEs. For this purpose only: Estates are not PTEs.

### General information

PTEs must file composite returns on behalf of electing owners. A PTE that files a composite return is still required to file the PTE's information return (such as partnership, Form 65).

#### Filing requirements

Owners of PTEs must decide whether to join in the filing of a composite return. The electing owner should notify the PTE

as soon as the owner realizes the owner wishes to be part of the composite filing. It is important to notify the PTE so the PTE knows how to make tax payments.

To be included in the composite return, the owner must be an individual nonresident of Oregon, a C corporation with no commercial domicile in Oregon, an estate, a trust that is not a resident trust, or a qualified funeral trust under ORS 316.282. Owners who are also a PTE cannot join in the composite return.

#### Return due date

The due date for the Oregon composite return is the same as the due date for the majority of the electing owners' tax returns. If the majority of owners file calendar year returns, the composite return will also be a calendar year return. The fiscal year end of the PTE does not affect the due date.

Example: A PTE uses a March 31, 2009 fiscal year end and earns income during 2009. The majority of the owners are calendar year taxpayers. Because the owners' distributive share of income was earned during calendar year 2009, the Form OC, *Oregon Composite Return* must be filed using the calendar year and is due April 15, 2010.

#### Extensions

If the PTE is granted a federal extension to file its information return, the same additional length of time is added to the due date of the Oregon composite return (six months for Form 20 extensions and five months for other PTEs). If the PTE only needs an extension to file the Oregon return and make an extension payment:

- Use Form 40-EXT, *Automatic Extension for Individuals and Payment Voucher*, for individual owners;
- Use Form 20-V, *Oregon Corporation Tax Payment Voucher*, for C corporation owners. Also complete the federal extension. Write "Oregon only" on it and keep it in your records; or
- Use Form 41-V, *Oregon Fiduciary Tax Payment Voucher*, for estates and trusts.

Check the "extension" box and the "Composite Return" box on the vouchers. Mail the completed payment voucher(s) with your payment. When Form OC is filed, check the "extension" box. Attach a copy of the extension form to the composite return when it is filed and keep a copy for your records. **Remember:** An extension allows for more time to file, not more time to pay.

## Oregon-source distributive income

Distributive income is the net amount of income, gain, deduction, or loss of a pass-through entity for the tax year. It includes items directly related to the PTE that are considered in determining the federal taxable income of the nonresident owner. It also includes modifications provided in ORS Chapter 316 and other Oregon laws that directly relate to the PTE.

Examples of the modifications allowed that relate to the PTE's income include adjustments for depreciation, depletion, gain or loss difference on the sale of depreciable property, U.S. government interest, and any modification for federal targeted jobs tax credit. Modifications do not include the federal tax subtraction, itemized deductions, and the Oregon standard deduction.

Oregon-source distributive income does not include return of capital, income sourced in another state, or other distributions not taxable by Oregon. Oregon-source distributive income is the portion of the entity's modified distributive income that is derived from or connected with Oregon sources.

If the PTE has business activity only in Oregon, multiply the distributive income of the PTE by the ownership percentage of the nonresident owner.

### Apportionable income

PTEs with business activity both inside and outside Oregon during the year must calculate Oregon-source distributive income for nonresident owners. Fill out Schedule AP-1 to figure the apportionment percentage. Fill out Schedule AP-2 using the PTE's modified distributive income to apportion the income between Oregon and other states.

Multiply line 11 on the Schedule AP-2 by the ownership percentage of each nonresident owner to get their share of Oregon-source distributive income.

### Guaranteed payments

Guaranteed payments are treated as a business income component of the PTE's distributive income and attributed directly to the owner receiving the payment. See Oregon Administrative Rule (OAR) 150-316.124(2).

### Distributions

Distributions to shareholders of an S corporation are generally not taxable income. There are exceptions. For instance, if the corporation was formerly taxed as a C corporation, any C corporation earnings and profits that are distributed are taxable. Attribute any taxable part of a distribution directly to the shareholder receiving the distribution. Multiply the taxable part by the Oregon apportionment percentage from Schedule AP to determine how much to include in the shareholder's income.

## Deductions

### Individual tax deduction

Deductions normally allowed to individuals (such as itemized deductions or the standard deduction) are not allowed on composite returns.

### Self-employment tax deduction

Each PTE must calculate the self-employment tax deduction for each electing member that is subject to self-employment tax. The self-employment tax deduction that is attributable to the Oregon-source distributive income is subtracted from the Oregon-source distributive income and the net result is entered on Schedule OC1, column (d).

### Credits

Credits normally allowed on owners' tax returns, such as the credit for taxes paid to another state, are not allowed on the composite return. For corporate excise or income taxpayers, the only credit allowed on the composite return is the Oregon surplus credit.

See line instructions for Schedule OC2.

## Estimated tax payment instructions

The PTE is required to make estimated tax payments in the PTE's name on behalf of all owners who elect to join in the composite filing. Calculate the amount of tax required to be paid as follows:

For **individual** electing owners: multiply the electing owner's share of Oregon-source distributive income by the tax rate for the electing owner's filing status. See the 2010 estimated tax rate charts in the Form 40-ESV Instructions for Estimated Income Tax. Use one Form 40-ESV in the PTE's name to make the tax payment.

For **C corporation** electing owners: multiply the electing owner's share of Oregon-source distributive income by the corporate tax rates, or use the corporate minimum tax rates. See the corporate estimated tax instructions. Use one Form 20-V to make the tax payment.

For **estate** electing owners, estimated tax payments aren't required. If you choose to make payments, multiply the electing owner's share of Oregon-source distributive income by the tax rate for married/RDP filing separately. See the 2010 estimated tax rate charts in the Form 40-ESV instructions for estimated income tax. Use one Form 41-V to make the tax payment.

For **trust** electing owners, estimated tax payments aren't required. If you choose to make payments, multiply the electing owner's share of Oregon-source distributive income by the tax rate for married/RDP filing separately. See the 2010 estimated tax rate charts in the Form 40-ESV instructions for estimated income tax. Use one Form 41-V to make the tax payment.

## Tiered entities

A pass-through entity that owns an interest in another pass-through entity (upper-tier entity) is not allowed to join in the composite filing. Thus, do **not** send tax payments for an owner who is another PTE. If the owner is another PTE, the upper-tiered PTE is required to make tax payments on behalf of its individual and C corporation owners.

Example: The owners of Partnership A are: Partnership B, one LLC, one S corporation, three individuals, and two C corporations. Partnership A (the lower-tiered entity) is required to make tax payments for the three individuals and two C corporations only. Partnership A is not required to make tax payments on behalf of the upper-tiered entities (Partnership B, the LLC, or the S corporation). Each of these upper-tiered PTEs is required to have its owners elect to join in a composite filing or the upper-tiered entity is required to withhold and remit based on the ownership of that tier.

## Voucher instructions

Use only **one** Form 40-ESV (for individual electing owners), **one** Form 20-V (for corporate electing owners), or one Form 41-V each (for estates and trusts) to report estimated payments. Do not file a separate voucher for each electing owner. Instead, file one voucher in the PTE's name for each tax type. Enter the name, address, FEIN, and BIN of the PTE

on the voucher, not the electing owner's information. Check the "Composite Return" box on each voucher.

## Due dates for estimated tax payments

The due dates for estimated tax payments follow the due dates required for the majority of the electing owners.

- If the majority of electing owners are **calendar year filers**, the due dates for the estimated tax payments are: first quarter, April 15, 2010; second quarter, June 15, 2010; third quarter, September 15, 2010; and fourth quarter, January 18, 2011 (or December 15, 2010 for corporate calendar year filers).
- If the majority of the electing owners are **fiscal year filers**, the estimated tax due dates are the 15th day of the fourth, sixth, ninth, and 12th months following the beginning of the fiscal year.

## Instructions for Schedule OC1—individual owners

Fill in the PTE's name, year-end date, FEIN, BIN, and the name and telephone number of the person preparing the schedule.

**Lines 1 through 20.** For each electing individual owner, complete one line. If more than 20 lines are needed, use additional copies of Schedule OC1. Enter the following information:

## 2009 tax rate charts

There are two sets of tax rate charts below. The chart you use depends on the January 26, 2010 special election.

- If Measure 66 **fails**, use **tax rate charts A**.
- If Measure 66 **passes**, use **tax rate charts B**.

### 2009 tax rate charts A—Use only if Measure 66 FAILS

#### Chart S: For persons filing single or married/RDP filing separately—

If your taxable income is not over \$3,050 ..... your tax is 5% of taxable income  
 If your taxable income is over \$3,050 but not over \$7,600..... your tax is \$153 plus 7% of excess over \$3,050  
 If your taxable income is over \$7,600 ..... your tax is \$471 plus 9% of excess over \$7,600

#### Chart J: For persons filing jointly, head of household, or qualifying widow(er) with dependent child—

If your taxable income is not over \$6,100 ..... your tax is 5% of taxable income  
 If your taxable income is over \$6,100 but not over \$15,200..... your tax is \$305 plus 7% of excess over \$6,100  
 If your taxable income is over \$15,200 ..... your tax is \$942 plus 9% of excess over \$15,200

### 2009 tax rate charts B—Use only if Measure 66 PASSES

#### Chart S: For persons filing single or married/RDP filing separately—

If your taxable income is not over \$3,050 ..... your tax is 5% of taxable income  
 If your taxable income is over \$3,050 but not over \$7,600..... your tax is \$153 plus 7% of excess over \$3,050  
 If your taxable income is over \$7,600 but not over \$125,000..... your tax is \$471 plus 9% of excess over \$7,600  
 If your taxable income is over \$125,000 but not over \$250,000..... your tax is \$11,037 plus 10.8% of excess over \$125,000  
 If your taxable income is over \$250,000 ..... your tax is \$24,537 plus 11% of excess over \$250,000

#### Chart J: For persons filing jointly, head of household, or qualifying widow(er) with dependent child—

If your taxable income is not over \$6,100 ..... your tax is 5% of taxable income  
 If your taxable income is over \$6,100 but not over \$15,200..... your tax is \$305 plus 7% of excess over \$6,100  
 If your taxable income is over \$15,200 but not over \$250,000..... your tax is \$942 plus 9% of excess over \$15,200  
 If your taxable income is over \$250,000 but not over \$500,000..... your tax is \$22,074 plus 10.8% of excess over \$250,000  
 If your taxable income is over \$500,000 ..... your tax is \$49,074 plus 11% of excess over \$500,000

**Column (a).** Enter the individual's filing status. Use "J" for married/RDP filing jointly or qualifying widow(er); "S" for single filers; "H" for head of household; or "M" for married/RDP filing separately.

**Column (b).** Enter the electing owner's ownership percentage in the PTE.

**Column (c).** Enter the electing owner's total share of distributive income from the PTE (this is the amount that is to be reported on the electing owner's federal tax return).

**Column (d).** Enter the electing owner's distributive income from Oregon sources only, less the deduction for one-half self-employment tax attributable to Oregon sources.

**Column (e).** Use the 2009 tax rate charts on page 3 to calculate Oregon income tax based on filing status.

**Column (f).** Enter the estimated tax payments made by the PTE on the electing owner's behalf.

**Column (g).** Calculate interest on underpayment of estimated taxes. Interest on the underpayment of estimated tax is due when an individual electing owner has a tax liability in excess of \$1,000 after credits. Calculate the interest for each owner separately using Form 10, *Underpayment of Oregon Estimated Tax*. Note: Form 10 does not apply to an estate or trust.

**Line 21(e).** Total the amounts shown on all lines of column (e) and enter the result here and on Form OC, line 1a.

**Line 21(f).** Total the amounts shown on all lines of column (f) and enter the result here and on Form OC, line 2a.

**Line 21(g).** Total the amounts shown on all lines of column (g) and enter the result here and on Form OC, line 6a.

Note: If you use more than one Schedule OC1, total all pages on the first page and carry that amount to Form OC.

## Estates or trusts

If the electing owner is an estate or trust, adapt and complete Schedule OC1 as it pertains to the estate or trust.

Refer to the basic instructions for Schedule OC1, on page 3. In column (e), use the married/RDP filing separately tax rate. See the 2009 tax rate charts below. Do not complete column (g), interest on underpayment of estimated tax—this does not apply to estates or trusts. Enter the total of column (e) on line 21 and on Form OC, page 2, line 1. Page 2 of Form OC is designed for estates (lines 1c–10c) and trusts (lines 1d–10d).

**Grantor trusts** may join in a composite filing. Use the grantor's name and Social Security number from Schedule OC1 as long as the grantor is still living. Enter the grantor's information in the "Individual" column of Form OC. Once the grantor trust becomes an irrevocable trust, use the trust's name and federal tax identification number on Schedule OC1. Enter the irrevocable trust's information in the "Trust" column on Form OC, page 2.

**Simple or complex trusts** may join in the composite filing using the appropriate federal tax identification number on

Schedule OC1. Enter the trust's information in the "Trust" column of Form OC, page 2.

## Instructions for Schedule OC2— C corporation owners

Fill in the PTE's name, year-end date, FEIN, BIN and the name and telephone number of the person preparing the schedule.

**Lines 1 through 20.** For each electing corporate owner, complete one line. If more than 20 lines are needed, use additional copies of Schedule OC2. Enter the following information:

**Column (a).** Enter the type of tax the corporate owner is subject to. Enter "E" for corporate excise tax or "I" for corporate income tax. Contact us if you don't know which tax applies to the owner.

**Column (b).** Enter the electing owner's ownership percentage in the PTE.

**Column (c).** Enter the electing owner's total share of distributive income from the PTE (this is the amount that is to be reported on the electing owner's federal tax return).

**Column (d).** Enter the electing owner's distributive income from Oregon sources only.

**Column (e).** If the corporate tax increase **does not pass** on the January 26, 2010 special election: Multiply the amount reported in column (d) by 6.6 percent. If there is an "E" in column (a) and the result is less than \$10, enter \$10 for that owner.

If the corporate tax increase **passes** on the January 26, 2010 special election: Multiply the first \$250,000 reported in column (d) by 6.6 percent and multiply the amount over \$250,000 by 7.9 percent. If there is an "E" in column (a) and the result is less than the minimum tax for the corporation, enter the minimum tax for that owner.

Corporate Minimum Tax Chart		
If Oregon sales are . . .		
at least:	but less than:	the minimum tax is:
-----	\$500,000	\$150
\$500,000	\$1 million	\$500
\$1 million	\$2 million	\$1,000
\$2 million	\$3 million	\$1,500
\$3 million	\$5 million	\$2,000
\$5 million	\$7 million	\$4,000
\$7 million	\$10 million	\$7,500
\$10 million	\$25 million	\$15,000
\$25 million	\$50 million	\$30,000
\$50 million	\$75 million	\$50,000
\$75 million	\$100 million	\$75,000
\$100 million	-----	\$100,000

**Column (f).** For tax year 2009 there is no corporate surplus.

**Column (g).** Subtract the amount in column (f) from the amount in column (e) and enter the result.

**Column (h).** Enter the estimated tax payments made by the PTE for the electing owners.

**Column (i).** Calculate interest on underpayment of estimated taxes. Interest on underpayment of estimated tax is due when a corporate electing owner has a tax liability over \$500 after credits. Calculate the interest for each owner separately using Form 37, *Underpayment of Oregon Corporation Estimated Tax*.

**Line 21(g).** Total the amounts shown on all lines of column (g) and enter the result here and on Form OC, line 1b.

**Line 21(h).** Total the amounts shown on all lines of column (h) and enter the result here and on Form OC, line 2b.

**Line 21(i).** Total the amounts shown on all lines of column (i) and enter the result here and on Form OC, line 6b.

Note: If you use more than one Schedule OC2, total all pages on the first page and carry that amount to the Form OC.

Schedules OC1 and OC2 or equivalent must be filed with the composite return. Schedules OC1 and OC2 report each nonresident owner's Oregon tax liability. A computer-created schedule is acceptable in lieu of the schedule if it contains the information for each owner who elects to participate in the filing of the composite return that is required on Schedule OC1 or OC2.

## Line instructions for Form OC

PTEs must file Form OC, *Oregon Composite Return* on behalf of electing nonresident owners. As the designated agent, the PTE is liable for any tax, penalty, and interest due, including interest on underpayment of estimated tax.

When completing the header section of Form OC, include the number of each type of electing owner of the PTE. For example, if the PTE is owned by eight S corporations and 15 individuals, include only the 15 individual owners who have elected to join in the composite filing.

The following instructions are for lines that are not fully explained on the form.

**5. Penalty and interest.** Include a penalty payment if you:

- Pay your tax due after the original due date (even if you filed an extension); or
- File the composite return showing tax due after the due date, including any extension.

Penalty is 5 percent of the unpaid balance of your tax as of the due date, not including extensions (generally April 15). If you file more than three months after the due date or extension due date, add an additional 20 percent penalty, for a total of 25 percent of the unpaid tax.

If you don't pay the tax due by the due date, interest is due on the unpaid tax. The current interest rate is 5 percent per year or 0.4167 percent per month. Interest is figured daily

(0.0137 percent per day) for periods of less than a month. A month, for example, is May 16 to June 15. Here's how to figure daily interest:

$\text{Tax} \times 0.000137 \times \text{Number of days past the due date of the return}$

If the tax is not paid within 60 days of the original billing notice, the interest rate increases to 9 percent per year.

**6. Interest on estimated tax underpayment.** Use Form 10 to calculate any interest due. Total the amounts for individuals in column (g) of Schedule OC1 and enter on line 6a. Total the amounts for corporations in column (i) of Schedule OC2 and enter on line 6b.

Note: Do not use Form 10 for an estate or trust. Estates and trusts are not subject to interest on estimated tax underpayment.

**8. Balance due.** Payment of the amount due must accompany the Oregon composite return. The PTE must pay the total amount due on behalf of the nonresident owners. The balance due must include the tax shown plus any penalty or interest as required by Oregon law.

**Making a payment.** Tax is accounted for separately for each of the four types of owners—individuals, corporations, estates, and trusts. **Do not offset** a refund in the column for one type of owner against a balance due for another type of owner. For example, if there is a balance due in the column for individuals and a refund in the column for corporations, pay all of the balance due shown for individuals and the department will issue a separate check for the refund.

Use appropriate and separate payment vouchers for each type of entity. Pay the exact amount due shown on the return. Do not put estates and trusts on the same voucher—use a separate Form 41-V, *Oregon Fiduciary Payment Voucher*, for each.

**Filing Form OC.** Mail the completed Form OC and schedules to the Oregon Department of Revenue.

## Amending the composite return

The PTE may file an amended return to adjust any item reported on the original composite filing or to carry back Oregon net operating losses. File Form OC for the year that is being adjusted or the year to which the loss is being carried and check the "Amending" box in the header. File a schedule with the amended return that reconciles prior payments and refunds to the corrected tax. For corporate excise and income tax purposes, net operating losses may only be carried forward.

**Net operating loss carryback for individual income tax purposes only.** Attach a schedule to the amended return naming the owners and showing the year and calculation of the net operating loss.

When you file the amended return, you must mail the payment along with the appropriate payment voucher for each type of entity. Pay the exact amount due.

Any refund will be paid to the PTE regardless of any ownership changes or changes in the identity of the owners participating in the composite filing.

**Note:** A PTE may receive more than one refund check from one composite filing depending on whether the owners are corporate, individual, estates, or trusts.

## Instructions for electing owners who have other Oregon-source income

Electing owners who have additional income from Oregon sources or who are doing business in Oregon are required to file their own tax return in addition to the composite return. Download forms from [www.oregon.gov/DOR](http://www.oregon.gov/DOR). Or, contact us to order them.

Adjust the electing owner's separate tax return to remove the owner's share of Oregon-source distributive income already reported on the *Oregon Composite Return*.

**For personal income taxpayers,** include the total distributive income (from the K-1 received from the PTE) in the federal column of Form 40N, line 18F. Include the total Oregon-source distributive income [from Schedule OC1, column (d)] in the Oregon column of Form 40N, line 18S. Subtract the amounts related to the PTE that are shown on Form 40N, lines 18F and 18S from both the federal and Oregon columns of Form 40N, lines 37F and 37S. Identify the subtraction using numeric code 341.

**For corporate taxpayers,** enter the "net tax" amount from Schedule OC2, column (g) of the electing owner's line on Form 20, line 17 or Form 20-I, line 18 for the adjustment related to the tax paid on the income from the PTE.

## Revoking election to join in the filing of a composite return

Electing owners may revoke their election to join in the filing of the composite return by notifying the PTE.

### Requesting transfer of payment

#### *PTE instructions*

The PTE is required to file a transfer request so payments made on behalf of a revoking owner can be transferred from the PTE's name to the revoking owner's name. File this request with the department as soon as the owner revokes the election to join in the composite filing and provide a copy of the request to the revoking owner. The request must be filed before either the composite return or the revoking owner's return is filed.

The decision to revoke a previous election by one or more owners has no effect on the election of the remaining owners. Transferring payments from one account to another may delay the processing of the revoking owner's return.

#### *Revoking owner instructions*

The revoking owner must attach a copy of the transfer request to the revoking owner's tax return. A separate return filed by a revoking owner is treated as an original return and the tax liability shown on the return, if any, will be subject to penalty and interest. If the revoking owner does not have adequate estimated tax payments on account, the revoking owner will be subject to interest on underpayment of estimated tax.

**Tax Year**

**Oregon Composite Return Payment Transfer Request for Transfers from Pass-Through Entity to Nonelecting Owner**

<b>For office use only</b>
Date received

Use this form for nonresident owners when tax payments need to be transferred from the entity to the owners because the owners are not joining in the composite filing and estimated taxes have already been paid in the pass-through entity's name. Attach a copy to the owners tax return.

Name of pass-through entity (PTE)			Federal employer identification number (FEIN)
Street address		PO Box	Oregon business identification number (BIN)
City	State	ZIP code	Office use only
PTE contact name		Contact telephone	Contact e-mail

Note: It takes 8-12 weeks to process your request to move tax payments from one account to another.

Owner's name	SSN/FEIN or BIN	Address, city, state, ZIP code	Total estimated payments to transfer
1.			\$
2.			\$
3.			\$
4.			\$
5.			\$
6.			\$
7.			\$
8.			\$
9.			\$
