What's new?

Below is a list of corporate tax House Bills (HB) and Senate Bills (SB) that the 2009 Oregon Legislature passed.

Measure 67 (HB 3405)—Marginal corporate tax rate and minimum tax increase

Ballot measure 67 has passed and taxes will increase retroactively for tax years beginning on or after January 1, 2009. The 2009 Oregon Legislature passed HB 3405 effective for tax years beginning on or after January 1, 2009. It increases the corporate tax rate from 6.6 percent to a new marginal tax rate. It also increases the corporate minimum tax from \$10 to \$150–\$100,000, depending on the taxpayer's amount of Oregon sales.

The corporate minimum tax and tax rate will change as follows:

- S corporations and partnerships doing business in Oregon will pay a \$150 minimum tax.
- S corporations doing business in Oregon and subject to federal income tax will pay tax based on the greater of (a) or (b) in the table below.
- C corporations doing business in Oregon must pay the greater of (b) or (c) in the table below.

Note: Corporations and partnerships that are not doing business in Oregon are **not subject to the minimum tax**. Also, **exempt organizations** under Internal Revenue Code (IRC) Sections 501(c) through (f), 501(j), 501(n), 521, or 529 that do not have taxable unrelated business income are **exempt from Oregon corporation taxes including the minimum tax** imposed under ORS 317.090.

The minimum tax is based on taxable Oregon sales. For exempt organizations with taxable unrelated business income, only the taxable unrelated business income apportioned or allocated to Oregon is considered Oregon sales when determining the minimum tax. The tax exempt Oregon income is not included.

The minimum tax for C corporations doing business in Oregon is based on Oregon sales.

- Consolidated returns: the minimum tax is based on Oregon sales of the affiliated group of corporations filing an Oregon return.
- Consolidated filers: one minimum tax applies to the affiliated group filing the consolidated return, **not** to each individual affiliate included in the consolidated return doing business in Oregon as it was under 2008 Oregon laws.
- The minimum tax is not apportionable for a short tax year (except a change of accounting period).
- The minimum tax is payable in full for any part of the year during which a taxpayer is subject to tax.
- Oregon follows the **federal entity classification regulations**. If an entity is classified or taxed as a corporation for federal income tax purposes, it will be treated as a corporation for Oregon tax purposes.

Nonapportioned returns

C corporations doing business only within Oregon will calculate Oregon sales by adding:

- Gross receipts from sales of inventory (less returns and allowances), equipment, and other assets;
- Gross rent and lease payments received;
- Gross receipts from the performance of services;
- Gross receipts from the sale, exchange, redemption, or holding of intangible assets derived from the taxpayer's primary business activity and included in the taxpayer's business income; and
- Net gain from the sale, exchange, or redemption of intangible assets not derived from the taxpayer's primary business activity but included in the taxpayer's business income.

Generally, for purposes of determining minimum tax, the calculation for Oregon sales includes business income amounts from federal Form 1120, lines 1c, and 5 through 10. Include positive numbers only.

Apportioned returns: C corporations and insurance companies doing business in more than one state that apportion business income for Oregon tax purposes, use the Oregon sales amount from line 21(a) on Schedule AP.

Note:

- Charges for interest on the underpayment of estimated tax (UND) based on these changes will be eligible for waiver for tax years beginning on or after January 1, 2009, and before January 1, 2010.
- For tax years 2010 and forward, there is no waiver for the UND charges based on the increased corporate tax, including the corporate minimum tax. Corporations expecting to owe tax (including the corporate minimum tax) of \$500 or more are required to make estimated payments.

HB 2157, HB 2078—Tie to federal tax law

Oregon is currently tied to the federal definition of taxable income as of May 1, 2009, with the following exceptions:

Any **additional** deduction allowed as a result of the American Recovery and Reinvestment Act of 2009 (P.L. 111-5) with regard to the following provisions of the Internal Revenue Code:

Tax years beginning on or after January 1, 2009 (calendar and fiscal year filers):

- **Bonus depreciation**—Section 168(k) additional 50 percent first-year depreciation is not available for Oregon purposes for “qualified property” placed in service during calendar year 2009. This creates a modification for Oregon purposes.
- **Discharge of indebtedness**—The election to include Section 108 cancellation of debt income over a 5-year period is not available for Oregon taxpayers. This creates a modification for Oregon purposes.
- **Section 179 expense**—For tax years beginning on or after January 1, 2009, the Section 179 expense is limited to \$133,000 for Oregon purposes, and the phase-out amount is \$530,000. This creates a modification for Oregon purposes.

Note: Use the *Oregon Depreciation Schedule* (150-101-025) to determine your modifications for Oregon purposes. Amounts added to federal taxable income for Oregon tax purposes due to the above provisions may be subtracted from federal taxable income for Oregon tax purposes in later years. The subtraction will equal the difference between what would have been allowed had Congress not passed the American Recovery and Reinvestment Act of 2009 less the deduction actually allowed on the federal income tax return for the year in question.

Prior exceptions to reconnect

In prior legislative sessions, the Oregon Legislature had disconnected from two other federal provisions:

- The deduction for income from domestic production activities (QPAI).
- The exclusion of certain subsidy payments made by the federal government related to Part D of the Medicare Prescription Drug Insurance program.

SB 182—Financial institution definition

SB 182 changes Oregon’s definition of financial institution to the definition recommended by the Multistate Tax Commission (MTC) model regulation for financial institution apportionment.

Looking forward

SB 180—REITs and RICs

SB 180 requires that a real estate investment trust (REIT) or regulated investment company (RIC) that otherwise meets the definition of a federal affiliate be included in the consolidated Oregon return. This will be an Oregon modification (addition or subtraction) to federal taxable income. For apportioning taxpayers, factors from the REIT or RIC will be included in the apportionment calculation (effective for tax years beginning on or after January 1, 2010).

SB 181—Intangible and interest expense add-back and credit

SB 181 provides that intangible and interest expenses must be added back to federal taxable income for Oregon purposes when a related member that is not included in the same tax return receives them and they are paid in connection with a direct or indirect transaction with a related member. If the related member paid tax on the income in this state or another tax jurisdiction, a credit will be allowed on the taxpayer’s return. This bill was based on Multistate Tax Commission (MTC) model statute and is effective for tax years beginning on or after January 1, 2010.

HB 2068—Transferable credits

HB 2068 clarifies that transferable credits may not be transferred (sold), for tax purposes, to an entity treated as a partnership for tax purposes. The bill also clarifies that credits may only be transferred once.

HB 2078—Biomass credit

HB 2078 provides that the Department of Energy will certify the biomass collector or producer credit.

HB 2255, HB 2261—Lender’s credit

HB 2255 allows a qualified borrower, for purposes of the credit, to be a nonprofit corporation, nonprofit cooperative, state governmental entity, or local unit of government on a loan to finance a manufactured dwelling

park. HB 2261 provides that the Housing and Community Services Department will certify the lender's credit. The bill also provides new definitions and qualification standards.

SB 621—Film and video contribution credit

SB 621 increases total amount of certified credits allowable each fiscal year from \$5 million to \$7.5 million.

SB 726—Reservation enterprise zone credit

SB 726 authorizes certain Indian tribes to request that land be designated as reservation enterprise zone. The bill clarifies that exemptions and tax credits available in connection with an enterprise zone are also available for a reservation enterprise zone.

HB 2653—Forest products apportionment

HB 2653 removes the forest products double-weighted apportionment option for certain forest products companies. The bill is effective for tax years beginning on or after January 1, 2010.

Estimated tax payments

Requirements

Oregon estimated tax laws are not the same as federal estimated tax laws. You must make estimated tax payments if you expect to owe tax of \$500 or more with your return. This includes Oregon's new minimum tax. This requirement also applies if you are an S corporation paying tax on income from built-in gains or excess passive investment income.

If you don't make estimated payments as required, you may be subject to interest on underpayment of estimated tax (UND). If you have an underpayment, refer to Form 37, *Underpayment of Oregon Corporation Estimated Tax*, 150-102-037.

Payment due dates

Estimated tax payments are due quarterly, as follows:

- **Calendar year filers:** April 15, June 15, September 15, and December 15.
- **Fiscal year filers:** The 15th day of the 4th, 6th, 9th, and 12th months of your fiscal year.
- If the due date falls on a Saturday, Sunday, or legal holiday, use the next regular business day.

Payment options

Estimated payments may be made by electronic funds transfer (EFT) or by mail. EFT reduces expenses and ensures accuracy. See www.oregon.gov/DOR/ESERV/eft.shtml.

EFT payments for corporation estimated taxes must be made using our EFT program. This program allows payments to be initiated by touch-tone telephone, a secure Internet site, or through your financial organization. If you pay by EFT, **do not** send Form 20-V payment voucher.

You must make your Oregon estimated payments by EFT if you are required to make your federal estimated payments by EFT. The department may grant a waiver from participation in the EFT program if you would be disadvantaged by the requirement. (OAR 150-314.518)

If you do not meet the federal requirements for mandatory participation in the EFT program, you may participate on a voluntary basis.

A business is required to have an authorization agreement filed with the department before it can start initiating EFT payments. The EFT help/message phone number is 503-947-2017.

Mail. If paying by mail, send each payment with a Form 20-V, *Oregon Corporation Tax Payment Voucher and Instructions*, 150-102-172.

Worksheet to calculate Oregon estimated tax

(Keep for your records—do not file with payment.)

1. Oregon net income expected in upcoming tax year. 1. _____
2. Tax on Oregon net income (see new tax rate tables on page 2 for marginal corporation tax rate and minimum tax). 2. _____
3. Subtract tax credits allowable in upcoming tax year. Tax credits cannot be used to reduce minimum excise tax. 3. _____
4. Net tax (line 2 minus line 3). 4. _____

If the amount on line 4 is less than \$500, **stop**. You don't have to make estimated tax payments. **Caution: If your final tax liability when you file your return is \$500 or more, you may be subject to interest on UND.**

5. Amount of each payment. (Divide line 4 by the number of payments you need to make. This is usually 4.)* 5. _____

If your expected net tax changes during the year, divide the amended net tax amount by the number of required payments (usually four) to determine the correct amount of each required installment.

To avoid additional charges for interest on UND, you must pay the amount of any prior underpayment plus the amount of the current required installment. [OAR 150-314.515(2)]

Example: During the year, Corporation A's expected net tax increased from \$2,000 to \$6,000. Corporation A made timely first and second quarter estimated payments of \$500 before its expected net tax increased.

Corporation A's correct amount of each required installment is \$1,500. Because of its increased net tax, Corporation A will be subject to UND charges for the first and second quarters. To avoid UND charges for the third and fourth quarters, Corporation A must make a timely third-quarter estimated payment of \$3,500* and a timely fourth quarter payment of \$1,500.

*\$1,000 for the first-quarter underpayment, plus \$1,000 for the second-quarter underpayment, plus \$1,500 for the required third-quarter installment, equals \$3,500.

UND waiver: For tax years beginning on or after January 1, 2009 and before January 1, 2010 only: charges for interest on UND, based solely on the tax rate changes passed with Measure 67, will be eligible for waiver.

For more information, see Oregon statutes (ORS) and rules (OAR) concerning underpayment of estimated tax, Chapter 314 [ORS 314.525, OAR 150-314.525(1)-(A), 150-314.525(1)-(B), 150-314.525(1)(c)-(A), 150-314.525(1)(d), 150-314.525(2)-(A), and 150-314.525(2)-(B)].

Filing information

Who must file with Oregon?

Corporations that are doing business in Oregon, or with income from an Oregon source, are required to file an Oregon corporation tax return. If you have tangible or intangible property or other assets in Oregon, any income you receive is Oregon source income. Public Law (Pub.L.) 86-272 provides exceptions to this requirement.

Excise or income tax?

Oregon has two types of corporate taxes: excise and Income. **Excise tax is the most common.** Most corporations do not qualify for Oregon's income tax.

Excise tax is a tax for the privilege of **doing business** in Oregon. It is measured by net income. All interest is included in income, no matter what its source. This includes interest on obligations of the United States, its instrumentalities, and all of the 50 states and their subdivisions. Corporation excise tax laws are in Chapter 317 of the Oregon Revised Statutes.

Income tax is for corporations **not doing business** in Oregon, but with income from an Oregon source. Corporation income tax laws are in Chapter 318 of the Oregon Revised Statutes.

Note: Oregon follows the **federal entity classification regulations**. If an entity is classified or taxed as a corporation for federal income tax purposes, it will be treated as a corporation for Oregon tax purposes.

What form do I use?

All corporations **doing business** in Oregon must file an *Oregon Corporation Excise Tax Return*, Form 20, 150-102-020, and pay at least the minimum excise tax. Any corporation **doing business** in Oregon is also required to register with the Secretary of State, Corporation Division. See www.filinginoregon.com/business/index.html.

"Doing business" means being engaged in any profit-seeking activity in Oregon. A taxpayer having one or more of the following in this state is clearly doing business in Oregon:

- A stock of goods.
- An office.
- A place of business (other than an office) where affairs of the corporation are regularly conducted.
- Employees or representatives providing services to customers as the primary business activity (such as accounting or personal services), or services incidental to the sale of tangible or intangible personal property (such as installation, inspection, maintenance, warranty, or repair of a product).
- An economic presence through which the taxpayer regularly takes advantage of Oregon's economy to produce income.

Corporations with income from an Oregon source but **not doing business** in Oregon generally must file an *Oregon Corporation Income Tax Return*, Form 20-I, 150-102-021. Most corporations do not fall within Oregon's income tax provisions.

Corporations **not doing business** in Oregon, and with **no Oregon source income**, even if incorporated in or registered to do business in the state, are not required to file a corporation tax return.

Filing requirements

Consolidated returns (ORS 317.705-317.725). If a corporation is a member of an affiliated group of corporations that filed a consolidated federal return, it must file an Oregon return based on that federal return.

A consolidated Oregon return is required when two or more affiliated corporations are:

- Included in a consolidated federal return;
- Unitary; and
- At least one of the affiliated corporations must be doing business in Oregon or have an Oregon-source income.
- S corporations cannot be included in consolidated federal returns. IRC 1361(b) provides that a corporation

that is a QSSS is not treated as a separate corporation. All income, deductions, and credits of the QSSS will be treated as belonging to the parent S corporation.

Unitary business. A business that has, directly or indirectly between members or parts of the enterprise, either a sharing or an exchange of value shown by:

- Centralized management or a common executive force.
- Centralized administrative services or functions resulting in economies of scale.
- Flow of goods, capital resources, or services showing functional integration.

Corporations that are not unitary are excluded from the consolidated Oregon return.

Separate returns. Any corporation that files a separate federal return must file a separate Oregon return if they are doing business in Oregon or have income from an Oregon source.

A corporation subject to Oregon taxation must also file a separate Oregon return if it was included in a consolidated federal return, but was not unitary with any of the other affiliates. Oregon taxable income is calculated by subtracting the income of the nonunitary affiliates from the taxable income from the consolidated federal return.

E-file

The Oregon Department of Revenue began accepting electronic corporation and S corporation tax returns with corresponding forms and schedules in January 2008, utilizing the IRS' Modernized E-file platform (MeF). We accept calendar year, fiscal year, short year, and amended returns. Starting in January 2010, we accept electronic returns for tax years 2007, 2008 and 2009.

For more information, visit www.oregon.gov/DOR/ESERV/Corp_handbook.shtml.

Federal audit changes

If the IRS changes your federal return for any tax year, you **must** notify the Oregon Department of Revenue. File an amended Oregon return and attach a copy of the federal audit report. Mail this separately from your current year's return to:

Oregon Department of Revenue
PO Box 14777
Salem OR 97309-0960

If you do not amend or send a copy of the federal report, the Oregon Department of Revenue has two years from the date the department is notified of the change by the IRS to issue a deficiency notice. You must file an amended return within two years after the date of the federal report to receive a refund.

Amended returns

If you change taxable income by amending your federal return you must file an amended Oregon return within **90 days**. Attach a copy of your amended federal return to your amended Oregon return and explain the adjustments made. Oregon doesn't have a different amended return form. Use the form for the tax year you are amending and check the "**Amended**" box.

If you filed Form 20-S, 150-102-025 (*Oregon S Corporation Tax Return*) and later determined you should file Form 20 (*Oregon Corporation Excise Tax Return*), check the "**Amended**" box on Form 20.

Due to processing constraints, please do not make payments for amended returns with EFT (Electronic Funds Transfer). We can accept check or money order attached to your amended return. Make sure to write "**Amended**" on the payment itself. You must also include a completed Form 20-V, *Oregon Corporation Tax Payment Voucher*, 150-102-172, with the "**Amended**" box checked.

If check or money order is not clearly marked as "Amended payment," our system will apply the payment to your account before the return is processed causing an automatic refund which could result in additional penalty and interest.

Do not amend your Oregon return if you amend the federal return to carry a net operating loss back to prior years. Oregon allows corporations to **carry net operating losses forward only**.

On the **estimated tax payments** line on your Form 20 amended, enter the net excise tax per the original return or as previously adjusted. Do not include any penalty or interest portions of payments already made.

Pay all tax and interest due when you file an amended return or within 30 days after receiving a billing notice from the department to avoid being charged a 5 percent late payment penalty.

If paying additional tax with your amended return, you must include interest with your payment. Interest is figured from the day after the due date of your original return up to the day your full payment is received by the department. See interest rates on page 15.

An amended return may be filed as a protective claim to extend the statute of limitations for a refund request for a tax year while an issue is being litigated. Check the "**Amended**" box and write the words "**Protective claim for refund**" at the top. We will hold your protective claim until you notify us the litigation has been completed.

Note: If a deficiency is assessed against any taxpayer as a result of the retroactive adoption of federal law changes, the department will cancel any penalty or interest pertaining to these changes. If a taxpayer files an amended return showing a refund due based on the retroactive

adoption of federal law changes, the department will not pay interest.

Other entities and how they file

Publicly traded partnerships

A “publicly traded partnership” is a partnership treated as a corporation for federal tax purposes under IRC 7704.

The partners in a publicly traded partnership are not subject to tax on their distributive shares of partnership income. A publicly traded partnership taxed as a corporation must file an *Oregon Corporation Excise Tax Return*, Form 20, 150-102-020, if doing business in Oregon, or an *Oregon Corporation Income Tax Return*, Form 20-I, 150-102-021, if not doing business in Oregon but the publicly traded partnership is receiving Oregon-source income.

Real Estate Mortgage Investment Conduit (REMICs)

A REMIC must file an *Oregon Corporation Income Tax Return*, Form 20-I, 150-102-021, if it gets prohibited transaction income from Oregon sources or has any resident holders of a residual interest. Income is from an Oregon source if it comes from tangible property located in Oregon or from intangible property used in an Oregon business.

All REMICs required to file must file Form 20-I and attach a complete copy of federal Form 1066. The REMIC must also attach a federal Schedule Q for each residual interest holder for each quarter of the tax year. Enter the amount of net income from prohibited transactions from federal Form 1066 Schedule J. (ORS 314.260)

Limited liability companies (LLC)

An LLC can be taxed as a partnership or a corporation. Oregon follows federal law in determining how an LLC is taxed.

An LLC taxed as a corporation must file an *Oregon Corporation Excise Tax Return*, Form 20, 150-102-020, if doing business in Oregon, or an *Oregon Corporation Income Tax Return*, Form 20-I, 150-102-021, if not doing business in Oregon but the LLC is receiving Oregon-source income.

An LLC taxed as a partnership must file an *Oregon Partnership Return*, Form 65, 150-101-065, if doing business in Oregon, or is receiving income from an Oregon source, or if it has any Oregon resident members. If the LLC has a corporate member, the member is taxed on its share of the LLC's Oregon income.

If an LLC is part of a corporation's overall business operations and is treated as a partnership, include the corporation's ownership share of LLC property, payroll, and sales in the apportionment percentage calculation on Schedule AP, *Apportionment of Income for Corporations and Partnerships*, 150-102-171. (OAR 150-314.650)

Foreign LLCs are identified as unincorporated associations organized under the laws of a state other than

Oregon, or a foreign country. Effective in 2005, Oregon's definition of a foreign LLC, no matter when organized, includes an unincorporated association organized under the laws of a federally recognized American Indian tribe.

Political organizations

Political organizations (for example, campaign committees and political parties) normally don't pay state or federal taxes. However, income earned from investments is taxable. Examples include interest earned on deposits, dividends from contributed stock, rents or royalties, and gains from the sale of contributed property. We follow the federal definitions of a political organizations and taxable income.

A political organization that is not incorporated is treated as a corporation under both federal law and Oregon law [ORS 316.277(1)]. If your organization is unincorporated, you are not required to file an Oregon tax return unless your organization has taxable income. If it has taxable income, file Form 20-I, 150-102-021, *Oregon Corporation Income Tax Return*.

Organizations that are **incorporated** must file Form 20, 150-102-020, *Oregon Corporation Excise Tax Return*. A minimum tax is required, even if the corporation has no taxable income. For purposes of determining minimum tax, only non-exempt income is included in Oregon sales.

For more information, see *Political Organizations*, www.oregon.gov/DOR/BUS/IC-102-663.shtml.

Due date of return

Returns for calendar year filers, including all insurance companies, are due on or before April 15. Returns for fiscal year filers are due the 15th day of the month following the due date of your federal corporation return. When the 15th falls on a Saturday, Sunday, or legal holiday, the due date is the next business day.

Extensions

Oregon honors extensions for filing your federal return.

If you have a federal extension, the due date then becomes the 15th day of the month following the federal extension's due date. You don't need to send the federal extension to Oregon until you file your Oregon return. Check the “Extension” box in the header of your Oregon return when you file.

If you need an extension for Oregon only, answer question 1 on federal Form 7004, write “For Oregon only” at the top, then attach it to your Oregon return when you file.

Note: It's very important to mark the extension box at the top of your Oregon return when you file.

To avoid penalty and interest, mail any tax due with Form 20-V, 150-102-172, on or before the original due date

of your return. More time to file does not mean more time to pay your tax.

Important information to correctly process your return

- **Payments.** Please write the following information on your payments:
 - Federal employer identification number (FEIN).
 - Oregon business identification number (BIN).
 - Tax year 2009.
 - Telephone number.
- Enclose your payment and payment voucher, Form 20-V, 150-102-172, with your Oregon return. Do not staple your payment or your voucher to the tax return.

Estimated payments. Please identify all estimated payments claimed by completing Schedule ES on your return.

Include the corporation name and FEIN if a payment was made by an affiliate of the filing corporation.

BIN. Oregon identifies each corporation using a BIN assigned by the department.

You have a BIN if you have made payments to the state of Oregon for payroll taxes; workers' compensation; unemployment; or estimated tax for corporation, excise, or income tax payments. **If you do not have a BIN, one will be assigned when your return is received.**

Name

Generally, a consolidated Oregon return is filed in the name of the common parent corporation. If the parent corporation is not doing business in Oregon, file the return in the name of the member of the group having the greatest presence in Oregon. "Having the greatest presence" means the member that has the largest Oregon property value as determined under ORS 314.655 (see Schedule AP-1, Property Factor).

Enter the **FEIN** and **BIN** of the corporation named as the filer on the consolidated Oregon return.

Extension checkbox

Oregon honors extensions for filing your federal return.

If you have a federal extension, the due date then becomes the 15th day of the month following the federal extension's due date. You don't need to send the federal extension to Oregon until you file your Oregon return. Check the "Extension" box in the header of your Oregon return when you file.

If you need an extension for Oregon only, answer question 1 on federal Form 7004, write "For Oregon only" at the top, then attach it to your Oregon return when you file.

Note: It's very important to mark the extension box at the top of your Oregon return.

To avoid penalty and interest, mail any tax due with Form 20-V, 150-102-172 on or before the original due date of your return. More time to file does not mean more time to pay your tax.

Form 37 checkbox

If you have an underpayment, you must include a completed Form 37, *Underpayment of Oregon Corporation Estimated Tax*, 150-102-037.

Check the "Form 37" box in the header of your return.

Use Form 37 to:

- Calculate the amount of underpayment of estimated tax;
- Compute the amount of interest you owe on the underpayment; or
- Show you meet an exception to the payment of interest.

Amended checkbox

Check the "Amended" box if this is an amended return.

Form 24, Deferred gain checkbox

Corporations may defer, for Oregon tax purposes, all gains realized in the exchange of like-kind property and involuntary conversions under IRC section 1031 or 1033, even though the replacement property is outside Oregon. Oregon will tax the deferred gain when it is included in federal taxable income.

Attach a copy of your Form 24, *Oregon Like-Kind Exchanges/Involuntary Conversions*, 150-800-734, to the back of your Oregon return and check the "Form 24" box if all of the following apply:

- The corporation reported deferred gain on a federal Form 8824;
- All or part of the property exchanged or given up was located in Oregon; and
- All or part of the acquired property was located outside of Oregon.

For a more detailed explanation, see OAR 150-314.650 and 150-314.665(5) regarding apportionment of deferred gain.

FCG-20, Farm Liquidation Long-Term Capital Gain checkbox

Reduced tax rate is available if you sold or exchanged capital assets used in farming.

Complete the FCG-20 worksheet, *Farm Liquidation Long-Term Capital Gain Tax Adjustment*, 150-102-167, and check the box in the header of the form.

Federal Form 8886 checkbox, REIT/RIC checkbox, and reportable transactions

If you participate in listed or reportable transactions, you must report it on your Oregon tax return.

If you're required to report listed or reportable transactions to the IRS on federal Form 8886 or if you participated in a real estate investment trust (REIT) or regulated investment company (RIC), you must check the appropriate boxes in the header area of the Oregon tax return.

We'll assess penalties if you don't comply with this requirement or if we discover such other transactions on or after January 1, 2008.

Accounting period change checkbox

Check the "Accounting period change" box only if both of the following apply:

- The excise tax return covers a period of less than 12 months, **and**
- The short-period return is due to a qualified change in accounting period per IRC sections 441 to 444.

Note: A short-period return does not automatically constitute a qualified change in accounting period. A taxpayer that is not in existence for the entire year should not check this box. This includes subsidiaries that join or leave a consolidated filing group, and newly formed or dissolved corporations.

If you file a short-period return due to a qualified change in accounting period and you are subject to the minimum tax, your minimum tax shall be apportioned as follows:

Annualize Oregon sales by multiplying actual Oregon sales by 12 and dividing by the number of months in the short period. Use the minimum tax table on page 2 to determine minimum tax on annualized Oregon sales computed in line 1.

Apportion the minimum tax from line 2 by multiplying by the total number of months in short period and dividing by 12.

Questions

Questions A–D. Complete only if this is your first return or the answer changed during the tax year.

Question E(1). If you checked the box, attach a list of the corporations included in the consolidated federal return.

Question E(2). If you checked the box, complete Schedule AF, *Schedule of Affiliates*, to list only the corporations included in the consolidated Oregon return that:

- Are "doing business" in Oregon; or
- Have income from Oregon sources.

Question E(3). If you checked the box, attach a list of corporations included in the consolidated federal return that are not included in this Oregon return. List each corporation's name, BIN (if any), and FEIN.

Question F. A "low-income taxpayer" is one that did not have federal taxable income, before net operating loss and capital loss carryovers and carrybacks, of \$1 million or more in any one of the last three tax years, not including the current year.

Question G. If the Oregon corporation is a subsidiary in an affiliated group, or a parent subsidiary controlled group, enter the name and FEIN of the parent corporation. For definition of a subsidiary in an affiliated group or a parent subsidiary controlled group, see IRS Form 1120, Schedule K.

Question H. Enter the total number of corporations doing business in Oregon that are included in this return.

Question M. Taxpayers primarily engaged in utilities or telecommunications may elect to apportion income using double-weighted sales factor formula [OAR 150-314.280(3)]. Check the box if making this election.

For tax years beginning on or after July 1, 2005 and before January 1, 2010, taxpayers in the forest products industry that own or manage at least 300,000, but not more than 400,000 acres, and process at least 20 percent of the total wood chip supply for papermaking from sawmill residue generated within the state, are required to use the double-weighted sales factor provided in ORS 314.650. Check the box if you fit this requirement.

Question N. Nonapportioned returns.

C corporations doing business only within Oregon will calculate Oregon sales by adding:

- Gross receipts from sales of inventory (less returns and allowances), equipment, and other assets;
- Gross rent and lease payments received;
- Gross receipts from the performance of services;
- Gross receipts from the sale, exchange, redemption, or holding of intangible assets derived from the taxpayer's primary business activity and included in the taxpayer's business income; and
- Net gain from the sale, exchange, or redemption of intangible assets not derived from the taxpayer's primary business activity but included in the taxpayer's business income.

Generally, for purposes of determining minimum tax, the calculation for Oregon sales includes business income amounts from federal Form 1120, lines 1c, and 5 through 10. Include positive numbers only.

You may elect to use any accelerated depreciation method allowable for federal corporation income tax purposes.
- **Depreciation differences.** If Oregon basis is higher than federal basis for an asset due to claiming a federal tax credit, subtract the excess of Oregon depreciation over federal depreciation. [OAR 150-317.368(1)] Use the *Depreciation Schedule for Individuals, Partnerships, Corporation, and Fiduciaries*, 150-101-025.
- **Dividend deduction.** A 70 percent deduction is allowed for qualifying dividends regardless of geographic source. An 80 percent deduction is allowed for dividends received from corporations whose stock is owned 20 percent or more. Use the worksheet for computing dividend deduction at the end of this list to compute the Oregon deduction. (ORS 317.267)
- **Dividends from debt financed stock to the extent deductible for federal tax purposes (see IRC 246A).** [ORS 317.267(2)]

Net income includes the separate taxable income, as determined under Treasury Regulations adopted for IRC 1502, and any deductions, additions, or items of income, expense, gain, or loss for which consolidated treatment is prescribed. Attach a schedule showing computation of the net income eliminated. [ORS 317.715(2)]
- **Inventory costs.** The costs allocable to inventory are the same as those included in IRC 263A. Differences in depreciation and depletion allocable to inventory result in a modification. [ORS 314.287(3)]

- **Oregon depletion in excess of federal allowance.** (ORS 317.374)
- **Oregon Investment Advantage** (ORS 317.391). To qualify, facilities must be certified by the Oregon Business Development Department (dba Business Oregon). For more information about the program or to get an application visit, www.oregon4biz.com/. **This applies to excise tax filers only.**

How is the subtraction computed? Multiply the Oregon taxable income figure (Form 20, line 15) as computed without applying this subtraction by the sum of 50 percent of the ratio of the payroll from the certified facility over the corporation's total payroll within Oregon, plus 50 percent of the ratio of the average value of property from the certified facility over the corporation's total average value of property in Oregon.

Corporations that are doing business both inside and outside of Oregon and completing Schedule AP, *Apportionment of Income for Corporations and Partnerships*, must claim the subtraction on Schedule AP-2, line 10b.

Line 30. LIFO benefit recapture

This amount is a subtraction from the total tax. Oregon has adopted the provisions of IRC 1363(d) for S corporations. LIFO benefits are included in taxable income for the last year of the C corporation under these provisions. On a separate schedule, compute the difference between tax (after credits and any surplus refund) on income per the return and income without the recapture of LIFO benefits. Multiply this difference by 75 percent and enter the result on Form 20, line 30 as a subtraction from the total tax. Attach the computation schedule to the Oregon return.

On the tax adjustment line of each of the first three returns of the new S corporation, add one-third of the tax that was deferred from the last year of the C corporation. (ORS 314.750)

Line 32. Estimated tax and prepayments

Schedule ES—Estimated tax payments or other prepayments. Fill in the total estimated tax payments made before filing your Oregon return. Include any payments made with Form 20-V. Also include any refund applied from your previous year's tax return or an Oregon amended return on line 5. List name and FEIN of payer only if different from corporation filing this return. On line 6, enter payments made with your extension or other prepayments.

Claim of right credit. A claim of right exists when you are taxed on income and later find you have no right to that income and must repay it. Oregon allows a claim of right credit if your federal tax liability is computed under IRC 1341(a). See OAR 150-315.068 for more information on computing the credit.

Consolidated return filers. If estimated payments were made under a different name, fill in the paying corporation's name and FEIN on the schedule for correct application of estimated payments.

Total. On line 8, enter the total of lines 1 through 7, then carry total to Form 20, line 32.

Line 33. Withholding payments

If taxes were paid on the corporation's behalf, enter the amount on line 33.

Beginning with transactions occurring on or after January 1, 2008, there is a requirement to withhold tax from the proceeds of sales of Oregon real property by nonresidents. This applies to individual nonresidents as well as C corporations that are not doing business in Oregon. The amount to be withheld is the least of three amounts:

- 4 percent of the consideration (sales price);
- 4 percent of the net proceeds (amount dispersed to the seller); or
- 10 percent of the gain that is includible in Oregon taxable income for the year.

Withholding is not required if one of the following requirements is met:

- The consideration for the real property does not exceed \$100,000;
- The property is acquired through foreclosure;
- The transferor (owner) is a resident of Oregon—or if a C corporation—has a permanent place of business in this state; or
- The transferor receives professional advice that the transfer will not result in Oregon taxable income.

See instructions for Oregon Form OR-18, *Withholding on Real Property Conveyances*, 150-101-183, or Oregon Administrative Rule (OAR) 150-314.258 for more information.

Pass-through entity withholding requirement. A pass-through entity (S corporation, partnership, or LLC treated as a partnership) with one or more nonresident owners that have no other Oregon-source income are required to withhold tax on the nonresident owner's distributive share of income.

The requirement is waived if the nonresident owner makes an election to join in the filing of a composite return, sends the department a signed *Oregon Affidavit for a Nonresident Owner in a Pass-through Entity*, or meets another exception listed in OAR 150-314.775. See instructions for Oregon Form OR-19, *Pass-Through Entity Withholding*, 150-101-182, for more information.

Line 36. Penalty

To avoid penalty and interest, you must mail any tax payment owed and your tax return or extension request by the original due date of the tax return.

Use Form 20-V, *Oregon Corporation Tax Payment Voucher*, to mail tax, penalties, and interest payments.

5-percent late pay penalty on taxes if you:

- Mail total tax due payment after the original return filing due date, even if you have an extension. More time to file doesn't mean more time to pay.

20-percent late filing penalty on taxes if you:

- File return more than 90 days late and have not paid tax in full by the original due date.

25-percent late filing and late payment penalty on taxes if you:

- Pay tax after the original due date and file more than three months after the original or extended return filing due date.
- Exception: If you have an extension, the late payment penalty won't be charged if you:
 - Pay at least 90 percent of the tax due on or before the original due date of the return; and
 - Pay the balance of the tax when you file within the extension period; and
 - Pay any interest due either when the return is filed or within 30 days from our billing notice.

100-percent late pay and late filing penalty on taxes if you:

- Don't file returns for three consecutive years by the original or extended return filing due date of the third year. 100 percent penalty is assessed on each year's tax balance.

Line 37. Interest

- You must pay interest on unpaid taxes if you don't pay tax balance by the original filing due date.
- An interest period is each full month, starting with the day after the due date of the original return. For example, April 16 through May 15 is one full interest period.
- Interest is figured daily for a fraction of a month, based on a 365-day year.
- Interest owed on tax starts the day after the due date of your original return and ends on the date of your payment.
- Even if you get an extension to file, you still owe interest if you pay after the return's original due date.
- If you file an amended return and have tax to pay, we will charge interest starting the day after the due date of the original return until the date you pay in full.
- If your taxable income is changed because of a federal or state audit and you owe more tax, we will charge interest from the due date of the original return to the date you pay in full.

To calculate interest:

$Tax \times Annual\ interest\ rate \times Number\ of\ full\ years.$
 $Tax \times Monthly\ interest\ rate \times Number\ of\ full\ months.$
 $Tax \times Daily\ interest\ rate \times Number\ of\ days.$

Interest rates and effective dates:

For periods beginning	Annually	Monthly	Daily
January 1, 2010	5%	0.4167%	0.0137%
January 1, 2009	6%	0.5000%	0.0164%
January 1, 2008	9%	0.7500%	0.0247%
January 1, 2007	9%	0.7500%	0.0247%

Interest accrues on any unpaid tax during an extension of time to file.

Line 37. Interest rate increase

Interest will increase by one-third of 1 percent per month (4 percent yearly) on delinquencies if:

- You file a return showing tax due, or the Department of Revenue has assessed an existing deficiency; and
- The assessment is not paid within 60 days after the notice of assessment is issued; and
- You have not filed a timely appeal.

Line 38. Interest on underpayment of estimated tax (UND)

You must make quarterly estimated tax payments if you expect to owe \$500 or more with your return. This includes Oregon's new minimum tax. Oregon charges additional interest on UND if:

- The quarterly payment is less than the amount due for that quarter; or
- We receive the quarterly payment after that quarter's due date; or
- No quarterly payments are made during the year and the final tax debt is \$500 or more.

Use Form 37, *Underpayment of Oregon Corporation Estimated Tax*, 150-102-037 to:

- Calculate the amount of underpayment of estimated tax;
- Compute the interest you owe on the underpayment; or
- Show you meet an exception to the payment of interest.

If you have an underpayment, attach Form 37—with the "Form 37" box checked—to your tax return, and file them before the due date of the return.

Interest on underpayment of estimated tax is not charged if tax on the prior year's return was \$10 or less, and the prior year's return covered a 12-month period. However, this provision does not apply to a high-income taxpayer. A "high-income taxpayer" is one that had federal taxable income, before net operating loss and capital loss carryovers and carrybacks, of \$1 million or more in any one of the last three years, not including the current year.

UND waiver: For tax years beginning on or after January 1, 2009, and before January 1, 2010 only: charges for interest on UND, based solely on the tax rate changes passed with Measure 67, will be eligible for waiver.

Line 40. Total due

Make your check or money order payable to: Oregon Department of Revenue. Please write on your check:

- Federal employer identification number (FEIN).
- Oregon business identification number (BIN).
- "2009 tax."
- Telephone number.

Mail your check or money order to:

Oregon Department of Revenue
 955 Center St NE
 Salem OR 97301-2555

Note:

- Don't send cash or postdated checks.
- Don't use red or purple ink, or gel pens of any color.
- If you're making an extension payment, estimated payment, or amended payment, you must include a

completed Form 20-V, *Oregon Corporation Tax Payment Voucher*, 150-102-172, with your payment.

Special instructions

- If you owe penalty or interest and have an overpayment on line 35, and your overpayment is less than total penalty and interest, then
- Fill in the result of line 39 minus line 35, on line 40.
