NFPA Fire Instructor I, II, & III Guide

The Department of Public Safety Standards and Training (DPSST) Fire Certification Section has created the following examples of current courses that meet requirements for the NFPA Fire Instructor I, II, & III standards. *This is not the only way to satisfy the requirements.*

Other material may be evaluated as a course equivalency. This must be accomplished through course curriculum and/or course outlines, for course comparison. It is the responsibility of the applicant to provide their certification information with the application for certification to the DPSST Fire Certification Section for review. All information must first be approved through the applicants Training Officer or Fire Chief.

NFPA 1041 Fire Instructor Standards & Requirements:

NFPA Fire Instructor I, Chapter 4

4-2 Program Management - The management of basic resources and the records and reports essential to the instructional process.
