

## **Department of State Lands Seeks Assistance**

The Department of State Lands is looking for individuals to help draft two rangeland management plans for livestock grazing leaseholds in southeast Oregon. These leaseholds total approximately 5,300 acres and are located approximately 10 miles south of Jordan Valley. Rangeland management plans set specific management objectives for each leasehold. Management of these grazing allotments provides revenues for the Common School Fund. Meetings will be held in Jordan Valley once or twice a month for up to three months.
