I just found out about the possibility of state lands being closed down to public use (hunting, fishing, hiking, camping) in the STOCKADE BLOCK and possibly other areas in the future. Please do not allow this to happen. The average citizen will be shut out of these "PUBLIC" areas if this land is leased or sold. Do not lease or sell these lands for short term gain when many generations in the future could use these lands. Piece by piece recreational opportunities are reduced or eliminated and before long there will be nothing left. All for a few peoples monetary gain. I am very opposed to this and so are my friends. Please do not let this happen. Thank You. ERIC ERIKSEN
