Subject: RE: DRAFT Stockade Block Area Management Plan - Lease for Recreation Use/Public Access

**Attn: Stephen Purchase, Assistant Director
Land Management Division**

Dear sir,

Unfortunately, I have taken a slight offense at your e-mail of 4/14/09. My personal e-mail comment on the Stockade Block was sent in AFTER I read the "draft" on 4/3/09. I wish to clarify those comments to you by saying that I object to ANY inference to leasing recreational rights being placed in the management plan. In my opinion WE of the State of Oregon will never be so hard up for MONEY as to forfeit OUR right to freedom of access on State owned land. Please refer to my earlier post on "Stockade Block comments" for further thoughts.

You folks at DSL have given me the impression that you really didn't want the public to know what you were up to. I would like to know where the order and idea for this draft came from. The timeliness of your public hearing notice and the date of you e-mail could point to your motive. I feel have the right to expect respect and accountability from my friends in the Government.

I welcome any comments from you of the Governor's Office.

Thank you for your service.
