ORDER
RECLASSIFYING
COMMON SCHOOL
FOREST LANDS

ORS 530.460, 530.470, and 530.480 provide a process for identifying, certifying and decertifying Common School Forest Lands, which are lands managed by the Oregon Department of Forestry (ODF) under an agreement between the State Land Board, the Department of State Lands and ODF.

ORS 530.470 (2) states that any lands so designated and set aside may, at any time, be returned to their original status by similar actions of said agencies, if said lands are to be used for higher and better use for the general public, including the sale of said lands where lawful.

The Department of State Lands in accordance with the Land Board's Asset Management Plan has determined that fifteen (15) scattered forest parcels (approximately 3,221.4 acres) in Coos, Curry, Douglas and Lane Counties (see Exhibit A) are no longer suitable for management for Common School Fund purposes due to their isolated location and access. Therefore, it is in the best interest of the Common School Fund to dispose of these parcels by sale or exchange.

THEREFORE, IT IS HEREBY RESOLVED AND ORDERED by the State Land Board that the fifteen (15) scattered forest parcels in Coos, Curry, Douglas and Lane Counties totaling approximately 3,221.4 acres (Exhibit A) be decertified pursuant to ORS 530.470 (2) and removed from management by the Oregon Department of Forestry at the time of their disposal by sale or exchange.

The Director of the Department of State Lands is directed to send a copy of this Resolution and Order to the State Forester and the Secretary of State.

Adopted by the State Land Board at its meeting on June 10, 2008.

Director
