7. Expenses

Annual Expenses: Minimal annual forest mgmt cost

List: 2007 Payment to Fire Protection West Lane District-\$254.66

8. General Disposal Criteria:

Parcel has low income-generating potential and limited multiple land uses - is not leased or leasable, has poor physical attributes, or has external constraints to manage for best use

Explanation – This is an isolated remote parcel of forest land acquired as an in lieu parcel.

Parcel has low appreciation potential
Explanation-Lane County Forest zoning is extremely restrictive.

Parcel has no or limited access to utilities

Explanation -

- Parcel management costs are high in comparison to actual or potential returns and/or appreciation potential

Explanation -

- Significant environmental risks are present

Explanation -

- Changes in zoning or other circumstances preclude development of the parcel for its highest and best use

Explanation -

- Parcel is an in-holding within a major landowner's ownership, or small isolated tract

Explanation –Parcel is an isolated tract.

- Market conditions dictate that disposal is prudent in order to realize appreciation in value

Explanation –

A high level of market demand exists for the type of property being considered

Explanation -

- The highest and best use of the parcel has changed to a use not compatible with the uses preferred by the Department or is inconsistent with the AMP

Explanation -

- Parcel has high holding costs, particularly those associated with liability or other risk

Explanation -

9. Classification Disposal Strategy

Explanation – This parcel is an isolated parcel that should be considered for disposal under the policies directed by the AMP

10. Recommendation: Based on the available information, this parcel should be sold or offered for exchange.
