## **COMMITTEE AND LIAISON REPORTS**

### **WREB Liaison Report**

Dr. Magnuson stated that there currently is a push to restructure the WREB board, moving from the current model to a dual membership of active and associate members. The reason behind the change is the large number of states now accepting WREB and the fact that they want some kind of say in how things are done. They will change the seats on the Board to a maximum of 21, by adding a few more states as well as a specialist. Dr. Magnuson went on to state that to be an active member, your state must have members of the dental board who participate in WREB Exams. The associate membership would be present to gather information personally and report back to their Boards and would not have any input into the process. WREB does not want to have a large board. He added that they were trying to get this approved by July. They also made a change in the structure of succession. Mr. Braatz stated that he would like to know the amount of active board members it would take to hold an "active" membership.

### **AADB Liaison Report**

Ms. Mason stated there was nothing currently to report.

### **Citizen of the Year**

## **EXECUTIVE DIRECTOR'S REPORT**

### **Budget Status Report**

Mr. Braatz attached the budget report for July 1, 2009 through January 31, 2010. The report is showing revenue of \$492,271.62 and expenditures of \$551,167.30. These numbers do not reflect any of the revenue received in February, which is a large majority of money, due to dental renewals. Mr. Braatz stated that if the Board has any questions about the new budget format, he would be happy to answer those.

Mr. Braatz stated that the renewal process is going very well with the new online process. To date, we have been very successful and there hasn't been much of a fuss about only being able to renew online.

### **New Consultant**

Mr. Braatz stated that the Board conducted a solicitation and awarded a personal services contract for a dental consultant. Michelle Lawrence, D.M.D., currently teaches fixed prosthodontics and anesthesia at OHSU. We all look forward to working with her.

### **Customer Service Survey Report**

Friday, February 19, 2010 – Jill Mason, M.P.H., R.D.H., Board President, made a presentation at the ODS College of Dental Sciences in La Grande.

### **House Bill 3204**

Mr. Braatz stated that previously the legislature had made some changes to the LAP laws. The Board discussed those changes and the rule or policy changes that needed to be implemented at the November 2009 Board meeting.

Mr. Braatz added that since that meeting, the OBD has worked to implement those changes and in previous communication with the Board, ODHA lobbyist Paul Cosgrove's objection to those changes is an issue that the Board needs to discuss and provide direction to Board staff. Senior Assistant Attorney General Lori Lindley will also be available to talk to the Board about her previous legal advice and the consequences of not following legal advice given to the Board.

Excerpts of the November 20, 2009 Minutes are attached as well as the previous law; the law as signed by the Governor as the new law.

Mr. Braatz stated that the changes were in the words “from and in” as well as the wording for post secondary education. Ms. Lindley stated that they went back to the original intent of the legislative change and the wording used was “post graduate” which means after the graduate program.

Mr. Braatz stated that after some initial review with Ms. Lindley, it was decided that for anyone who has completed a dental hygiene program, including the required course for a Limited Access Permit, there will be no additional requirements other than the additional practice hours.

Dr. Jones stated that the intent was post graduate – now it’s just post secondary, and why can’t we go back to the intent. Ms. Lindley stated that we couldn’t because the law has been changed since then, and that made it change.

Ms. Davidson moved and Dr. Nichols seconded to accept Mr. Braatz’s interpretation of the LAP rule. The motion passed with Dr. Magnuson, Dr. Nichols, Mr. Smyth, Ms. Davidson, Dr. Hongo and Dr. Schwindt voting aye.

Dr. Nichols did state that it was a waste of the Board’s time to work backwards, and that from this time forward, the varying associations as well as the Board, need to agree to work together; not necessarily in agreement, but to be aware of changes going to the legislature.

#### **2011-2013 Budget Development**

On March 17, 2010 the Department of Administrative Services held a kickoff for the 2011-2013 Budget development. The big news was that we have a \$2.5 billion deficit. Other Fund agencies will have their balances swept at the beginning of the next biennium. He stated that there will be a 25% cut to most state agencies, not including Other Fund agencies. We will be submitting a 10% cut as customary.

#### **2010 Special Legislative Session**

Mr. Braatz stated that the 2010 Special Legislative Session ended February, 25, 2010 and that he did not see any legislation that would impact the Board.

#### **CAFR Gold Star Award 2008**

Mr. Braatz announced that the State Controller’s Office has once again issued the OBD a FY2008 Gold Star Certificate signifying that the OBD has provided accurate and complete fiscal year end information in a timely matter.

#### **Electronic Deposit for Board Members**

Mr. Braatz stated that he was considering implementing electronic deposits for Board members compensation and travel. He stated that there were two things to keep in mind. First, Board members would have to pay attention to what they are paid as office staff would no longer be the middle man. Secondly, there may be delays in payment due to timing of travel submissions, etc.
