Child Care Quality Indicators

Certified Family Child Care

Group Size and Child/Adult Ratio/Accreditation

Certified Family Child Care Home providers may divide their child care children into one or more groups. Ages of children, as well as the groups those children are in may vary throughout the day.

Please fill out the following chart below based on what ages and ratios you have in your home MOST of the time. For each group of children you have (often there is only one group), please list the number of children in each age range and the number of adults that are caring for that group of children.

GROUP 1

GROUP 2

In this Group (check one):		
<input type="checkbox"/> All children are in the same age range (Table A) <input type="checkbox"/> Children are of mixed-ages (Table B) <input type="checkbox"/> Children are 24 months or older (Table C)		
	Number of Children in each Age Range	Number of Adults with Group
Six Weeks to 24 Months		
24 Months to Eligible for First Grade		
Eligible for First Grade to 13 Years		

In this Group (check one):		
<input type="checkbox"/> All children are in the same age range (Table A) <input type="checkbox"/> Children are of mixed-ages (Table B) <input type="checkbox"/> Children are 24 months or older (Table C)		
	Number of Children in each Age Range	Number of Adults with Group
Six Weeks to 24 Months		
24 Months to Eligible for First Grade		
Eligible for First Grade to 13 Years		

National Accreditation Organization

Please complete the following if your facility is nationally accredited according to the Oregon Standards for Accreditation (If you are unsure if your facility meets the Oregon Standards, you may visit www.oregonchildcare.org for more information).
