**ACTIONS TAKEN, MAJOR PROJECT UPDATES, AND OTHER MILESTONES**

- 56 of the 1,624 petitions files under the reauthorized Trade Act are from Oregon firms, with two certified to date. Reflecting 3.4% of all new petitions, this illustrates Oregon’s connection to the global economy and how the severe downturn is impacting foreign trade and Oregon workers.

- Our application for the remaining 2/3 in UI Modernization incentive funding was submitted to DOL on June 23. We are seeking approval for these funds under the following provisions: (a) an individual is not disqualified from unemployment compensation for separations due to certain compelling family reasons, and (b) an additional 26 weeks of unemployment compensation is paid to exhaustees who are enrolled in and making satisfactory progress in certain training programs. Some minor updates to ORS were needed to qualify – these were passed in HB 2203. Notification expected by July 23.

--

- Competitive federal grant through ARRA to obtain funding to upgrade Business & Employment Services field office broadband capabilities. The notice of funds availability was just announced on July 1, with grant application due August 14.
- DOL has provided general information on the upcoming availability of competitive grants for green jobs. Some categories include labor market information, job training, and capacity building, all of which provide exciting opportunities to increase our value to job seekers. They are holding a webinars July 10 on these opportunities.
