## Task Force on Energy Performance Scores Proposed Work plan

### **January-February (Phase One – Study and evaluate building energy use)**

Meetings are scheduled for January 5 and 26. The first meeting will be an overview of the SB 79 legislation, and outline of the scope of work for the Task Force. The next two meetings will consist of invited speakers to provide the Task Force with information on building energy usage, existing performance scoring systems (EPSS), and the discussions occurring at the national level regarding the creation of a national EPSS.

### **March-April (Phase Two – Develop proposed voluntary EPSS)**

Task Force will use the information from the previous meetings to develop recommendations for a proposed voluntary energy performance scoring system for the state of Oregon. This proposal will be developed with rulemaking by ODOE in view, to be adopted July 1.

### **May-September (Phase Three – Develop recommendations regarding mandatory statewide EPSS)**

Task Force will develop findings and proposed recommendations to present to the legislature regarding a statewide mandatory EPSS. The findings and recommendations will include a cost/benefit analysis, potential barriers, short term and long term benefits and proposed parameters.
