

**Oregon Small Hydro Working Group  
Purpose Statement**

Proposed Elements 2-19-09

*A broad-based, stakeholder participation forum*

*Focused on small hydro advocacy and  
how to best achieve environmentally-sound small hydroelectric development in Oregon.*

*Not necessarily a consensus organization,  
majority and minority positions are acknowledged in process.*

*Provides opportunity to share information,  
exchange ideas and concepts,  
and develop strategies.*

*May provide information and recommendations to the Oregon Renewable Energy  
Working Group and other policy organizations.*
