

Annual Oregon Solar Energy Working Group Meeting

Connecting stakeholders and updating solar tasks for the Oregon's Energy Action Plan

Friday February 20th – Best Western Black Bear Inn

1600 Motor Ct NE, Salem Oregon – just East of I-5, take exit 256

What

Each year, the Oregon Department of Energy hosts a solar energy stakeholder's meeting. The purpose of this meeting is to review the solar tasks currently being pursued in Oregon. The morning will consist of overview presentations from market segment (shown above) representatives. The afternoon will consist of breakout sessions in each segment to review and update tasks for consideration by the Governor's Renewable Energy Working Group.

The day-long event is an opportunity to find out what others are doing, and collaborate with them on future solar advancement activities.

Who should attend?

The meeting is intended for those with professional activities that pertain to solar energy. This workshop will prove most beneficial to the following:

- State, County, City, Tribe officials and staff
- Non-profit organizations
- Utility program administrators
- Educators and researchers
- Solar company owners and employees
- Solar manufacturing companies
