On March 6, 2012, this Board issued an "Order Amending Certification of Exclusive Bargaining Representative" changing the name of the Administrative Professional Organization of Lane County Public Works to Administrative Professional Organization of Lane County.

On April 3, 2012, petitioner informed the Elections Coordinator that there was a scrivener's error in the original paperwork and that the intention was to change the name to Administrative Professional Association of Lane County.

On April 4, 2012, the Elections Coordinator notified the Lane County Human Resources Director Madilyn Zike of the error and provided the County with a copy of the Association's paperwork. The County was asked to respond if they objected to the Board correcting the error. No objection was received.

The petition presents no question of representation.

Accordingly, the last paragraph of our March 6, 2012 Order is amended as follows:

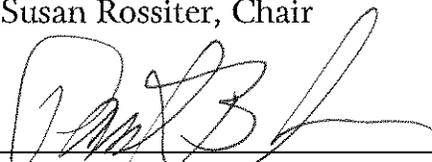

ORDER

The Administrative Professional Organization of Lane County's certification is amended to reflect the intended change of name to Administrative Professional Association of Lane County.

DATED this 24 day of April 2012.
