THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF  
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR ) FINAL ORDER  
COMPENSATION UNDER ORS 197.352 ) CLAIM NO. M129671  
(BALLOT MEASURE 37) OF )  
Robert C. Heater, CLAIMANT )

Claimant: Robert C. Heater (the Claimant)

Property: Township 3S, Range 1W, Section 19, Tax lot 903, Clackamas County  
(the Property)

Claim: The demand for compensation and any supporting information received from the  
Claimant by the State of Oregon (the Claim).

Claimant submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Robert Heater's division of the 19.6-acre subject property into four approximately 5-acre parcels or his development of a dwelling on each parcel: applicable provisions of Goal 4, ORS 215 and OAR 660, division 6. These land use regulations will not apply to the claimant only to the extent necessary to allow him to use the subject property for the use described in this report, and only to the extent that use was permitted when he acquired the property on June 12, 1957.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the subject property for the use described in this report, subject to the standards in effect on June 12, 1957.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent.

Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

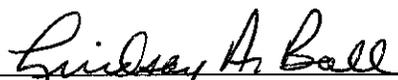

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for him to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

This Order is entered by the Manager for the Measure 37 Services Division of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Director of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

**ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION**  
**OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT**  
**Final Staff Report and Recommendation**

January 5, 2007

**STATE CLAIM NUMBER:** M129671

**NAME OF CLAIMANT:** Robert C. Heater

**MAILING ADDRESS:** 1301 Fulton Street, Apt. 114  
Newberg, Oregon 97132

**PROPERTY IDENTIFICATION:** Township 3S, Range 1W, Section 19  
Tax lot 903<sup>1</sup>  
Clackamas County

**OTHER CONTACT INFORMATION:** Julie C. James, Attorney  
PO Box 427  
Wilsonville, Oregon 97070

**DATE RECEIVED BY DAS:** July 14, 2006

**180-DAY DEADLINE:** January 10, 2007

**I. SUMMARY OF CLAIM**

The claimant, Robert Heater, seeks compensation in the amount of \$500,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 19.6-acre subject property into four approximately 5-acre parcels and to develop dwelling on each parcel.<sup>2</sup> The subject property is located near the intersection of SW Heater Road and Smith Road, near Sherwood, in Clackamas County. (See claim.)

---

<sup>1</sup> The claim identifies the subject property as Township 3S, Range 1W, Section 19, tax lot 900. However, based on maps, a title report submitted with the claim and the Clackamas County staff report, the claim appears to be for tax lot 903. The claimant is the owner of tax lot 903. He does not own tax lot 900. The claimant conveyed that tax lot to Yanushi, LLC in June 2006. The department concludes that the claimant and his representative intended to identify the subject property as tax lot 903.

<sup>2</sup> The claim also indicates that the claimant desires to sell or transfer the newly created parcels for development. In effect, the claimant requests that a decision of the department to "not apply" (waive) certain laws as set forth in this report be transferable with the property. ORS 197.352 only authorizes a state agency to waive a law in order to allow the current owner a use of the property permitted at the time that owner acquired the property. A determination of transferability is beyond the scope of relief that the department may grant under ORS 197.352. The Oregon Department of Justice has advised the department that "[i]f the current owner of the real property conveys the property before a new use allowed by the public entity is established, then the entitlement to relief will be lost."

## II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to Robert Heater's division of the 19.6-acre subject property into four approximately 5-acre parcels and to his development of a dwelling on each parcel: applicable provisions of Statewide Planning Goal 4 (Forest Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 6. These laws will not apply to the claimant only to the extent necessary to allow him to use the subject property for the use described in this report, and only to the extent that use was permitted when he acquired the property on June 12, 1957. (See the complete recommendation in Section VI. of this report.)

## III. COMMENTS ON THE CLAIM

### Comments Received

On November 2, 2006, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

## IV. TIMELINESS OF CLAIM

### Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

### Findings of Fact

This claim was submitted to DAS on July 14, 2006, for processing under OAR 125, division 145. The claim identifies provisions of ORS 215 and OAR 660, division 33, as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

## **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

## **V. ANALYSIS OF CLAIM**

### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

### **Findings of Fact**

The claimant, Robert Heater, acquired the subject property on June 12, 1957, as reflected by a warranty deed included with the claim. The Clackamas County Assessor’s Office confirms the claimant’s current ownership of the subject property.

### **Conclusions**

The claimant, Robert Heater, is an “owner” of the subject property as that term is defined by ORS 197.352(11)(C), as of June 12, 1957.

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

### **Findings of Fact**

The claim indicates that the claimant desires to divide the 19.6-acre subject property into four approximately 5-acre parcels and to develop a dwelling on each parcel. It indicates that the use is not allowed under current land use regulations.

The claim is based generally on the applicable provisions of state law that require forest zoning and restrict uses on forest-zoned land. The claimant’s property is zoned Timber District (TBR) by Clackamas County as required by Goal 4, in accordance with ORS 215 and OAR 660, division 6, because the claimant’s property is “forest land” under Goal 4. Goal 4 became effective on January 25, 1975, and requires that forest land be zoned for forest use (see statutory and rule history under OAR 660-015-0000(4)). The forest land administrative rules (OAR 660, division 6) became effective on September 1, 1982, and ORS 215.705 to 215.755 and 215.780 became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). OAR 660-006-0026 and 660-006-0027 were amended on March 1, 1994, to implement those statutes.

Together, ORS 215.705 to 215.755 and 215.780 and OAR 660, division 6, enacted or adopted pursuant to Goal 4, prohibit the division of forest land into parcels less than 80 acres and establish standards for development of dwellings on existing or proposed parcels on those lands.

The claimant acquired the subject property on June 12, 1957, prior to the adoption of the statewide planning goals and their implementing statutes and regulations.

### **Conclusions**

The current zoning requirements, minimum lot size and dwelling standards established by Goal 4 and provisions applicable to land zoned for forest use in ORS 215 and OAR 660, division 6, were all enacted or adopted after the claimant acquired the subject property in 1957 and do not allow the desired division or development of the property. These laws restrict the use of the property relative to the uses allowed when the claimant acquired the property.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property, based on the uses that the claimant has identified. There may be other laws that currently apply to the claimant's use of the subject property, and that may continue to apply to the claimant's use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulations described in Section V.(2) of this report must have "the effect of reducing the fair market value of the property, or any interest therein."

### **Findings of Fact**

The claim includes an estimate of \$500,000 as the reduction in the subject property's fair market value due to the regulations that restrict the claimant's desired use of the property. This amount is based on the claimant's assessment of the property's value, and on real estate offers he has received.

### **Conclusions**

As explained in Section V.(1) of this report, the claimant is Robert Heater who acquired the subject property on June 12, 1957. Under ORS 197.352, the claimant is due compensation for land use regulations that restrict the use of the subject property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimant acquired the subject property restrict the claimant's desired use of the property. The claimant estimates that the effect of the regulations on the fair market value of the subject property is a reduction of \$500,000.

Without an appraisal or other documentation, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the subject

property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

#### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

#### **Findings of Fact**

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, which Clackamas County has implemented through its current TBR zone. All of these land use regulations were enacted or adopted after the claimant acquired the subject property.

#### **Conclusions**

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that none of the general statutory, goal and rule restrictions on residential division and development of the subject property were in effect when the claimant acquired the property in 1957. As a result, these laws are not exempt under ORS 197.352(3)(E).

Laws in effect when the claimant acquired the subject property are exempt under ORS 197.352(3)(E) and will also continue to apply to the claimant's use of the property. In addition, the department notes that ORS 215.730 and OAR 660, division 6, include standards for siting dwellings in forest zones. Those provisions include fire protection standards for dwellings. ORS 197.352(3)(B) specifically exempts regulations "restricting or prohibiting activities for the protection of public health and safety, such as fire and building codes...." Accordingly, siting standards for dwellings in forest zones in ORS 215.730 and OAR 660, division 6, are exempt under ORS 197.352(3)(B).

There may be other laws that continue to apply to the claimant's use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the uses that the claimant has identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. The claimant should be aware that the less information he has provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to his use of the subject property.

## VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimant's desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$500,000. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimant's desired use of the subject property was allowed under the standards in effect when he acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Robert Heater to use the subject property for a use permitted at the time he acquired the property on June 12, 1957.

### **Conclusions**

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Robert Heater's division of the 19.6-acre subject property into four approximately 5-acre parcels or his development of a dwelling on each parcel: applicable provisions of Goal 4, ORS 215 and OAR 660, division 6. These land use regulations will not apply to the claimant only to the extent necessary to allow him to use the subject property for the use described in this report, and only to the extent that use was permitted when he acquired the property on June 12, 1957.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the subject property for the use described in this report, subject to the standards in effect on June 12, 1957.

3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for him to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

## **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on December 8, 2006. OAR 125-145 0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
