THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF  
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR ) FINAL ORDER  
COMPENSATION UNDER ORS 197.352 ) CLAIM NO. M129750  
(BALLOT MEASURE 37) OF )  
Margaret Iverson, CLAIMANT )

Claimant: Margaret Iverson (the Claimant)

Property: Township 18S, Range 2W, Sections 29 and 32, Tax lot 3503  
Lane County (the Property)

Claim: The demand for compensation and any supporting information received from the  
Claimant by the State of Oregon (the Claim).

Claimant submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Margaret Iverson's partition of the 94.9-acre subject property into four parcels of at least 20 acres each or to her development of a dwelling on each of the three resulting undeveloped parcels: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after July 20, 1976. These land use regulations will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on July 20, 1976.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the property for the use described in this report, subject to the standards in effect on July 20, 1976. On that date, the property was subject to applicable provisions of Goal 3 and ORS 215 then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property

unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

This Order is entered by the Deputy Director of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

CONSERVATION AND  
DEVELOPMENT COMMISSION:

2. A cause of action under ORS 197.352 (Measure 37 (2004)): If a land use regulation continues to apply to the subject property more than 180 days after the present owner of the property has made written demand for compensation under ORS 197.352, the present owner of the property, or any interest therein, shall have a cause of action in the circuit court in which the real property is located.

**STATE CLAIM NUMBER:** M129750

**NAME OF CLAIMANT:** Margaret Iverson

**MAILING ADDRESS:** 1872 West Willamette Street

**PROPERTY IDENTIFICATION:** Township 18S, Range 2W, Sections 29 & 32

**DATE RECEIVED BY DAS:** July 26, 2006

**180-DAY DEADLINE:** January 22, 2007

**I. SUMMARY OF CLAIM**

The claimant, Margaret Iverson, seeks compensation in the amount of \$1,879,069 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 94.9-acre subject property into four parcels of at least 20 acres each and to develop a dwelling on each of the three resulting undeveloped parcels.<sup>1</sup> The subject property is located south of the Willamette Highway, near Eugene, in Lane County. (See claim.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff

---

<sup>1</sup> The claim also indicates that the claimant desires to sell or transfer the newly created parcels for development. In effect, the claimant requests that a decision of the department to "not apply" (waive) certain laws as set forth in this report be transferable with the property. ORS 197.352 only authorizes a state agency to waive a law in order to allow the current owner a use of the property permitted at the time that owner acquired the property. A determination of transferability is beyond the scope of relief that the department may grant under ORS 197.352. The Oregon Department of Justice has advised the department that "[i]f the current owner of the real property conveys the property before a new use allowed by the public entity is established, then the entitlement to relief will be lost."

recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to Margaret Iverson's partition of the 94.9-acre subject property into four parcels of at least 20 acres each and to her development of a dwelling on each of the three resulting undeveloped parcels: applicable provisions of Statewide Planning Goal 3 (Agricultural Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 33, enacted or adopted after July 20, 1976. These laws will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on July 20, 1976. (See the complete recommendation in Section VI of this report.)

### **III. COMMENTS ON THE CLAIM**

#### **Comments Received**

On October 17, 2006, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

### **IV. TIMELINESS OF CLAIM**

#### **Requirement**

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

#### **Findings of Fact**

This claim was submitted to DAS on July 26, 2006, for processing under OAR 125, division 145. The claim identifies the minimum parcel size requirement and the farm income test as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

#### **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

## V. ANALYSIS OF CLAIM

### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

### **Findings of Fact**

The claimant, Margaret Iverson, acquired the subject property on July 20, 1976, as reflected by the sales contract included with the claim. On June 3, 1991, the claimant transferred the subject property to a revocable trust, the Iverson Loving Trust, with herself as a trustee, as reflected by a deed included with the claim.<sup>2</sup> The Lane County Assessor’s Office confirms the claimant’s current ownership of the subject property.

### **Conclusions**

The claimant, Margaret Iverson, is an “owner” of the subject property as that term is defined by ORS 197.352(11)(C), as of July 20, 1976.

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant acquired the property.

### **Findings of Fact**

The claim indicates that the claimant desires to divide the subject property into four parcels of at least 20 acres each and to develop a dwelling on each of the three resulting undeveloped parcels, and that the property’s current zoning prohibits the desired use.

The claim is based generally on the applicable provisions of state law that require Exclusive Farm Use (EFU) zoning and restrict uses on EFU-zoned land. The claimant’s property is zoned E-40 by Lane County as required by Goal 3, in accordance with ORS 215 and OAR 660, division 33, because the claimant’s property is “agricultural land” as defined by Goal 3.<sup>3</sup> Goal 3 became effective on January 25, 1975, and required that agricultural lands as defined by Goal 3 be zoned EFU pursuant to ORS 215.

Current land use regulations, particularly ORS 215.213, 215.263 and 215.780 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the division of EFU-zoned

---

<sup>2</sup> Transfer of property to a revocable trust does not result in a change in ownership for purposes of ORS 197.352.

<sup>3</sup> The claimant’s property is “agricultural land” because it contains Natural Resources Conservation Service Class I-IV soils.

land in marginal lands counties into parcels less than 80 acres and establish standards for the development of dwellings on existing or proposed parcels on that land.

ORS 215.780 generally establishes an 80-acre minimum size for the creation of new lots or parcels in EFU zones and became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). ORS 215.780(2) allows counties to adopt minimum lot sizes less than 80 acres, subject to acknowledgment by the Commission. The Commission has acknowledged Lane County's EFU-40-acre zone, which requires a minimum lot or parcel size of 40 acres. ORS 215.263 (2005 edition) establishes standards for the creation of new parcels for non-farm uses and dwellings allowed in an EFU zone.

OAR 660-033-0135 (applicable to farm dwellings) became effective on March 1, 1994, and interprets the statutory standard for a primary dwelling in an EFU zone in a marginal lands county under ORS 215.213. OAR 660-033-0130(4)(e) (applicable to non-farm dwellings in marginal lands counties) became effective on August 7, 1993. The Commission subsequently adopted amendments to comply with House Bill 3326 (Chapter 704, Oregon Laws 2001, effective on January 1, 2002), which were effective on May 22, 2002. (See administrative rule history for OAR 660-033-0100, -0130 and -0135.)

The claimant acquired the subject property after the adoption of the statewide planning goals, but before the Commission acknowledged Lane County's land use regulations to be in compliance with the statewide planning goals pursuant to ORS 197.250 and 197.251. Because the Commission had not acknowledged the county's plan and land use regulations when the claimant acquired the subject property on July 20, 1976, the statewide planning goals, and Goal 3 in particular, applied directly to the claimant's property when she acquired it.<sup>4</sup>

As adopted on January 25, 1975, Goal 3 required that agricultural land be preserved and zoned EFU pursuant to ORS 215. The Goal 3 standard for land divisions involving property where the local zoning was not acknowledged required that the resulting parcels must be of a size that is "appropriate for the continuation of the existing commercial agricultural enterprise within the area." Further, ORS 215.263 (1973 edition) only authorized the partition of land subject to EFU zoning, and required that all divisions of land subject to EFU zoning comply with the legislative intent set forth in ORS 215.243 (Agricultural Land Use Policy). Thus, the claimant's opportunity to divide the subject property when she acquired it in 1976 was limited to land divisions that were consistent with Goal 3, which required that the resulting parcels be (1) appropriate for the continuation of the existing commercial agricultural enterprise in the area and (2) shown to comply with the legislative intent set forth in ORS 215.

---

<sup>4</sup> The statewide planning goals became effective on January 25, 1975, and were applicable to legislative land use decisions and some quasi-judicial land use decisions prior to the Commission's acknowledgment of each county's comprehensive plan and implementing regulations. *Perkins v. City of Rajneeshpuram*, 300 Or 1 (1985); *Alexanderson v. Polk County*, 289 Or 427, rev. den 290 Or 137 (1980); *Sunnyside Neighborhood Assn. v. Clackamas County*, 280 Or 3 (1977); *Jurgenson v. Union County*, 42 Or App 505 (1979); and *1000 Friends of Oregon v. Benton County*, 32 Or App 413 (1978). After the county's plan and land use regulations were acknowledged by the Commission, the statewide planning goals and implementing rules no longer applied directly to such local land use decisions. *Byrd v. Stringer*, 295 Or 311 (1983). However, statutory requirements continue to apply, and insofar as the state and local provisions are materially the same, the local provisions must be interpreted consistent with the substance of the goals and implementing rules. *Forster v. Polk County*, 115 Or App 475 (1992) and *Kenagy v. Benton County*, 115 Or App 131 (1992).

Under the Goal 3 standards in effect on July 20, 1976, farm dwellings were allowed if they were determined to be “customarily provided in conjunction with farm use” under ORS 215.213(1)(e) (1973 edition). Non-farm dwellings were subject to compliance with ORS 215.213(3) (1973 edition).

No information has been presented in the claim to establish that the claimant’s desired division of the subject property into four parcels of at least 20 acres each complies with the “commercial” standard for farm parcels under Goal 3 or the standards for non-farm parcels under ORS 215.263 (1973 edition), nor is there any information to establish that the claimant’s desired development of three dwellings on the subject property satisfies the standards for farm or non-farm dwellings under ORS 215.213 (1973 edition).

### **Conclusions**

The current zoning requirements, minimum lot size and dwelling standards established by Goal 3, ORS 215 and OAR 660, division 33, do not allow the claimant’s desired division or development of the subject property. However, the claim does not establish whether or the extent to which the claimant’s desired use of the subject property complies with the standards for land divisions and development under the requirements of Goal 3 and ORS 215 in effect when the claimant acquired the subject property on July 20, 1976.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimant has identified. There may be other laws that currently apply to the claimant’s use of the subject property, and that may continue to apply to the claimant’s use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have “the effect of reducing the fair market value of the property, or any interest therein.”

### **Findings of Fact**

The claim includes an estimate of \$1,879,069 as the reduction in the subject property’s fair market value due to the regulations that restrict the claimant’s desired use of the property. This amount is based on the claimant’s assessment of comparable property values.

### **Conclusions**

As explained in Section V.(1) of this report, the claimant is Margaret Iverson who acquired the subject property on July 20, 1976. Under ORS 197.352, the claimant is due compensation for land use regulations that restrict the use of the subject property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimant acquired the subject property restrict the claimant’s desired

use of the property. The claimant estimates that the effect of the regulations on the fair market value of the subject property is a reduction of \$1,879,069.

Without an appraisal or other documentation and without verification of whether or the extent to which the claimant's desired use of the subject property was allowed under the standards in effect when she acquired the property, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

#### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

#### **Findings of Fact**

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, which Lane County has implemented through its current E-40 zone. With the exception of provisions of Goal 3 and ORS 215 in effect when the claimant acquired the subject property on July 20, 1976, these land use regulations were enacted or adopted after the claimant acquired the property.

#### **Conclusions**

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that with the exception of provisions of Goal 3 and ORS 215 in effect in 1976, the statutory, goal and rule restrictions on division and development of the claimant's property were not in effect when the claimant acquired it, and therefore, these laws are not exempt under ORS 197.352(3)(E). Provisions of Goal 3 and ORS 215 in effect when the claimant acquired the subject property in 1976 are exempt under ORS 197.352(3)(E) and will continue to apply to the property.

Other laws in effect when the claimant acquired the subject property are also exempt under ORS 197.352(3)(E) and will continue to apply to the claimant's use of the property. There may be other laws that continue to apply to the claimant's use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimant has identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. The claimant

should be aware that the less information she has provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to her use of the subject property.

## **VI. FORM OF RELIEF**

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimant's desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$1,879,069. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimant's desired use of the subject property was allowed under the standards in effect when she acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Margaret Iverson to use the subject property for a use permitted at the time she acquired the property on July 20, 1976.

### **Conclusions**

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Margaret Iverson's partition of the 94.9-acre subject property into four parcels of at least 20 acres each or to her development of a dwelling on each of the three resulting undeveloped parcels: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after July 20, 1976. These land use regulations will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on July 20, 1976.

2. The action by the State of Oregon provides the state's authorization to the claimant to use the property for the use described in this report, subject to the standards in effect on July 20, 1976. On that date, the property was subject to applicable provisions of Goal 3 and ORS 215 then in effect.

3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

## **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on December 28, 2006. OAR 125-145 0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
