ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION
OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT
Final Staff Report and Recommendation

April 24, 2007

STATE CLAIM NUMBER: M130504

NAME OF CLAIMANT: Mark K. Elder

MAILING ADDRESS: 605 Erin Crest NW
Albany, Oregon 97321

PROPERTY IDENTIFICATION: Township 13S, Range 3W
Section 20: tax lots 301 and 400
Section 21: tax lot 400
Linn County

DATE RECEIVED BY DAS: October 31, 2006

180-DAY DEADLINE: April 29, 2007

I. SUMMARY OF CLAIM

The claimant, Mark Elder, seeks compensation in the amount of \$2.5 million for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 173.21-acre subject property for the development of "additional home sites and commercial or business use to include an RV park in unfarmed areas." The subject property is located at geographic coordinates listed above, near Albany, in Linn County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is not valid because the claimant's desired use of the subject property was prohibited under the laws in effect when the claimant acquired the property in 2002. (See the complete recommendation in Section VI. of this report.)

III. COMMENTS ON THE CLAIM

Comments Received

On March 15, 2007, pursuant to Oregon Administrative Rule (OAR) 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of

surrounding properties. According to DAS, one written comment was received in response to the 10-day notice.

The comment does not address whether the claim meets the criteria for relief under ORS 197.352. Comments concerning the effects a use of the subject property may have on surrounding areas are generally not something that the department is able to consider in determining whether to waive a state law. If funds do become available to pay compensation, then such effects may become relevant in determining which claims to pay compensation for instead of waive a state law. (See the comment letter in the department's claim file.)

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

Findings of Fact

This claim was submitted to DAS on October 31, 2006, for processing under OAR 125, division 145. The claim identifies Linn County zoning as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for "owners" as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines "owner" as "the present owner of the property, or any interest therein."

Findings of Fact

The claimant, Mark Elder, acquired an ownership interest in the subject property on December 11, 2002, as reflected by a bargain and sale deed included with the claim.¹ The Linn County Assessor's Office confirms the claimant's current ownership of the subject property.

Conclusions

The claimant, Mark Elder, is an "owner" of the subject property as that term is defined by ORS 197.352(11)(C), as of December 11, 2002.

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant's use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

Findings of Fact

The claim indicates that the claimant desires to divide the 173.21-acre subject property for the development of "additional home sites and commercial or business use to include an RV park in unfarmed areas" and that the current zoning prohibits the desired use.

The claim is based generally on the applicable provisions of state law that require Exclusive Farm Use (EFU) zoning and restrict uses on EFU-zoned land. The claimant's property is zoned EFU by Linn County as required by Goal 3, in accordance with ORS 215 and OAR 660, division 33, because the claimant's property is "agricultural land" as defined by Goal 3.² Goal 3 became effective on January 25, 1975, and required that agricultural lands as defined by Goal 3 be zoned EFU pursuant to ORS 215.

Current land use regulations, particularly ORS 215.263, 215.284 and 215.780 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, prohibit the division of EFU-zoned land into parcels less than 80 acres and establish standards for development of dwellings on existing or proposed parcels on that land.

¹ The claimant asserts family acquisition from the Vermark Limited Partnership, with himself and his father as partners. Under ORS 197.352(11)(A), legal entities can be "family members" of individuals who are owners of property under ORS 197.352(11)(C). However, legal entities cannot have family members under the statute. Therefore, Vermark Limited Partnership is a "family member" of the claimant as that term is defined under ORS 197.352(11)(A). However, the claim does not include any documentation to establish when Vermark Limited Partnership acquired the subject property. Therefore, the department cannot evaluate the claim for compensation based on the date of family acquisition of the property by the partnership. The claim does include copies of deeds establishing when the claimant's relatives acquired the property prior to their conveyance of the property to the partnership. However, because legal entities cannot have family members under the statute, the individuals who conveyed the property to the partnership are not considered family members for purposes of ORS 197.352(11)(A).

² The claimant's property is "agricultural land" because it contains Natural Resources Conservation Service Class I-IV soils.

ORS 215.780 establishes an 80-acre minimum size for the creation of new lots or parcels in EFU zones and became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). ORS 215.263 (2005 edition) establishes standards for the creation of new parcels for non-farm uses and dwellings allowed in an EFU zone. ORS 215.283 also limits commercial uses generally to those in conjunction with farm use.

OAR 660-033-0135 (applicable to farm dwellings) became effective on March 1, 1994, and interprets the statutory standard for a primary dwelling in an EFU zone under ORS 215.283(1)(f). OAR 660-033-0130(4) (applicable to non-farm dwellings) became effective on August 7, 1993, and was amended to comply with ORS 215.284(4) on March 1, 1994. The Commission subsequently adopted amendments to comply with House Bill 3326 (Chapter 704, Oregon Laws 2001, effective on January 1, 2002), which were effective on May 22, 2002. (See administrative rule history for OAR 660-033-0100, -0130 and -0135.)

The claimant acquired the subject property on December 11, 2002, after the state land use regulations identified above were adopted or enacted.

Conclusions

The current zoning requirements, minimum lot size and dwelling standards established by Goal 3 and provisions applicable to land zoned EFU in ORS 215 and OAR 660, division 33, were all enacted or adopted before the claimant acquired the subject property on December 11, 2002. These land use regulations do not allow the claimant's desired division or residential or commercial development of the property. Laws enacted or adopted since the claimant acquired the subject property in 2002 do not restrict the claimant's desired use of the property relative to when the claimant acquired it in 2002.

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

Findings of Fact

The claim includes an estimate of \$2.5 million as the reduction in the subject property's fair market value due to the regulations that restrict the claimant's desired use of the property. This amount is based on the claimant's assessment of the subject property's value.

Conclusions

As explained in Section V.(1) of this report, the claimant is Mark Elder who acquired the subject property on December 11, 2002. No state laws enacted or adopted since the claimant acquired the subject property restrict the use of the property relative to the uses allowed in 2002. Therefore, the fair market value of the subject property has not been reduced as a result of land use regulations enforced by the Land Use Conservation and Development Commission (the Commission) or the department.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

Findings of Fact

The claim is based on state land use regulations that restrict the claimant's desired use of the property, including provisions of Goal 3, ORS 215 and OAR 660, division 33, which Linn County has implemented through its current EFU zone. These state land use regulations were all enacted or adopted before the claimant acquired the subject property on December 11, 2002.

Conclusions

All of the state land use regulations that restrict the claimant's desired use of the subject property were in effect when the claimant acquired the property. Therefore, these state land use regulations are exempt under ORS 197.352(3)(E), which exempts laws in effect when the claimant acquired the subject property.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department do not restrict the claimant's desired use of the subject property relative to what was permitted when the claimant acquired it in 2002 and do not reduce the fair market value of the property. All state laws restricting the use of the subject property are exempt under ORS 197.352(3)(E).

Conclusions

Based on the record and the foregoing findings and conclusions, the claimant has not established that he is entitled to relief under ORS 197.352(1) as a result of land use regulations enforced by the Commission or the department. Therefore, the department recommends that this claim be denied.

VII. COMMENTS ON THE DRAFT STAFF REPORT

The department issued its draft staff report on this claim on April 3, 2007. OAR 125-145 0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
