**ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION**

**OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT  
Final Staff Report and Recommendation**

April 27, 2007

**STATE CLAIM NUMBERS:** M130569

**NAME OF CLAIMANT:** School District 26-J

**MAILING ADDRESS:** 111 Ash Street SW  
Dallas, Oregon 97338

**PROPERTY IDENTIFICATION:** Township 7S, Range 4W, Section 30CA  
Tax lot 100  
Polk County

**DATE RECEIVED BY DAS:** November 3, 2006

**180-DAY DEADLINE:** May 2, 2007

**I. SUMMARY OF CLAIM**

The claimant, School District 26-J, seeks compensation in the amount of \$600,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain property. The claimant desires compensation or the right to develop the subject property for commercial use. The subject property is located at 300 Main Street, near Rickreall, in Polk County. (See claims.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is not valid because the subject property is not "private real property" for purposes of ORS 197.352(1). (See the complete recommendation in Section VI. of this report.)

**III. COMMENTS ON THE CLAIM**

**Comments Received**

On March 20, 2007, pursuant to Oregon Administrative Rule (OAR) 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, one written comment was received in response to the 10-day notice.

The comment does not address whether the claim meets the criteria for relief under ORS 197.352. Comments concerning the effects a use of the subject property may have on surrounding areas are generally not something that the department is able to consider in determining whether to waive a state law. If funds do become available to pay compensation, then such effects may become relevant in determining which claims to pay compensation for instead of waive a state law. (See the comment letter in the department's claim file.)

#### **IV. TIMELINESS OF CLAIM**

##### **Requirement**

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

##### **Findings of Fact**

The claim was submitted to DAS on November 3, 2006, for processing under OAR 125, division 145. The claim identifies Polk County zoning ordinance 170.030 as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

##### **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and are therefore timely filed.

#### **V. ANALYSIS OF CLAIM**

##### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for "owners" as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines "owner" as "the present owner of the property, or any interest therein."

## **Findings of Fact**

The claimant, School District 26-J, acquired the subject property on April 8, 1963, as reflected by a deed included with the claim. The Polk County Assessor's Office confirms the claimant's current ownership of the subject property.

## **Conclusions**

The claimant, School District 26-J, a public school district, is an "owner" of the subject property as that term is defined by ORS 197.352(11)(C), as of April 8, 1963.

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant's use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

The claim indicates that the claimant desires to develop the subject property for commercial use and that the current zoning prohibits the desired use.

ORS 197.352(1) states:

If a public entity enacts or enforces a new land use regulation or enforces a land use regulation enacted prior to December 2, 2004, that restricts the use of *private real property* or any interest therein and has the effect of reducing the fair market value of the property, or any interest therein, then the owner of the property shall be paid just compensation. (Emphasis added.)

The subject property, owned by the claimant, School District 26-J, is not "private real property." Rather, the claimant and owner of the subject property, is a public school district, and the subject property is a publicly owned property.

The claimant has not established that land use regulations restrict the use of *private real property* and therefore, has not established a basis for compensation under ORS 197.352.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

The claims include an estimate of \$600,000 as the reduction in the subject property's fair market value due to the regulations that restrict the claimant's desired use of the property. However, ORS 197.352(1) allows a claim for compensation only for the reduction in value for land use regulations that restrict the use of *private real property*. Because the subject property is not private real property, the claimant, School District 26-J, has not established a basis for compensation under ORS 197.352(1).

#### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

The claimant has not established a valid claim for compensation under ORS 197.352(1) because the subject property is not private real property. Therefore, the issue of whether any regulations that restrict the claimant's use of the property are exempt under ORS 197.352(3) is not relevant to this claim.

#### **VI. FORM OF RELIEF**

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Land Use Conservation and Development Commission (the Commission) or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Based on the record and the foregoing findings and conclusions, the claimant has not established that it is entitled to relief under ORS 197.352(1) as a result of land use regulations enforced by the Commission or the department because the subject property is not private real property. Therefore, the department recommends that this claim be denied.

#### **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on April 5, 2007. OAR 125-145 0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.<sup>1</sup>

---

<sup>1</sup>In response to the draft staff report dated April 5, 2007, pursuant to OAR 125-145-0080 on April 13, 2007 the claimant's attorney submitted a letter. The Department has considered the comment.
