BEFORE THE DEPARTMENT OF ADMINISTRATIVE SERVICES,
THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR) FINAL ORDER
COMPENSATION UNDER ORS 197.352) CLAIM NO. M130657
(BALLOT MEASURE 37) OF)
Ralph L. Puncochar and Diane L. Puncochar, CLAIMANTS)

Claimants: Ralph L. Puncochar and Diane L. Puncochar (the Claimants)

Property: Township 1S, Range 2W, Section 32, Tax lot 201, Washington County
(the Property)

Claim: The demand for compensation and any supporting information received from the
Claimants by the State of Oregon (the Claim).

Claimants submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Ralph and Diane Puncochar's development of a dwelling on the 20-acre subject property: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after each of the claimants acquired the subject property. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when Ralph Puncochar acquired the property on January 29, 1973, and only to the extent that use was permitted when Diane Puncochar acquired the property on April 16, 2004. The department acknowledges that the relief to which Diane Puncochar is entitled under ORS 197.352 will not allow her to use the subject property in the manner set forth in the claim.

2. The action by the State of Oregon provides the state's authorization to the claimants to use the subject property for the use described in this report, subject to the standards in effect when Ralph Puncochar acquired the property on January 29, 1973, and when Diane Puncochar acquired the property on April 16, 2004. On April 16, 2004, the property was subject to the applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, currently in effect.

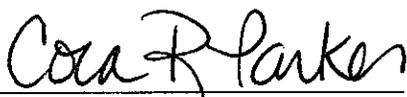

3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.

This Order is entered by the Deputy Director of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION

**OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT
Final Staff Report and Recommendation**

May 3, 2007

STATE CLAIM NUMBER: M130657

NAMES OF CLAIMANTS: Ralph L. Puncochar
Diane L. Puncochar

MAILING ADDRESS: 5885 SW River Road
Hillsboro, Oregon 97123

PROPERTY IDENTIFICATION: Township 1S, Range 2W, Section 32
Tax lot 201
Washington County

DATE RECEIVED BY DAS: November 9, 2006

180-DAY DEADLINE: May 8, 2007

I. SUMMARY OF CLAIM

The claimants, Ralph and Diane Puncochar, seek compensation in the amount of \$200,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimants desire compensation or the right to develop a dwelling on the 20-acre subject property. The subject property is located at 10505 SW River Road, near Hillsboro, in Washington County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to Ralph and Diane Puncochar's development of a dwelling on the 20-acre subject property: applicable provisions of Statewide Planning Goal 3 (Agricultural Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 33, enacted or adopted after each of the claimants acquired the subject property. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when Ralph Puncochar acquired the property on January 29, 1973, and only to the extent that use was permitted when Diane Puncochar acquired the property on April 16, 2004. The department acknowledges that the relief to which Diane Puncochar is entitled under ORS 197.352 will not allow her to use the

subject property in the manner set forth in the claim. (See the complete recommendation in Section VI. of this report.)

III. COMMENTS ON THE CLAIM

Comments Received

On March 23, 2007, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

Findings of Fact

This claim was submitted to DAS on November 9, 2006, for processing under OAR 125, division 145. The claim identifies the "73 comp plan" as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for "owners" as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines "owner" as "the present owner of the property, or any interest therein."

Findings of Fact

Claimant Ralph Puncochar acquired the subject property on January 29, 1973, as reflected by a contract included with the claim. On April 16, 2004, Ralph Puncochar transferred the property to a revocable trust, the Puncochar Living Trust, with himself and his wife, claimant Diane Puncochar, as trustees, as reflected by a warranty deed.¹ The Washington County Assessor's Office confirms the claimants' current ownership of the subject property.

Conclusions

The claimants, Ralph and Diane Puncochar, are "owners" of the subject property as that term is defined by ORS 197.352(11)(C). Ralph Puncochar has been an owner since January 29, 1973, and Diane Puncochar has been an owner since April 16, 2004. Ralph Puncochar is a "family member" of Diane Puncochar as that term is defined by ORS 197.352(11)(A).

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimants' use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimants or a family member acquired the property.

Findings of Fact

The claim indicates that the claimants desire to develop a dwelling on the 20-acre subject property and that current land use regulations prevent the desired use.

The claim is based generally on the applicable provisions of state law that require Exclusive Farm Use (EFU) zoning and restrict uses on EFU-zoned land. The claimants' property is zoned EFU by Washington County as required by Goal 3, in accordance with ORS 215 and OAR 660, division 33, because the claimants' property is "agricultural land" as defined by Goal 3.² Goal 3 became effective on January 25, 1975, and required that agricultural lands as defined by Goal 3 be zoned EFU pursuant to ORS 215.

Current land use regulations, particularly ORS 215.213 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, establish standards for the development of dwellings on existing parcels on EFU-zoned land in marginal lands counties.

OAR 660-033-0135 (applicable to farm dwellings) became effective on March 1, 1994, and interprets the statutory standard for a primary dwelling in an EFU zone in a marginal lands

¹ Transfer of the property to a revocable trust does not result in a change in Ralph Puncochar's ownership for purposes of ORS 197.352.

² The claimants' property is "agricultural land" because it contains National Resources Conservation Service (NRCS) Class I-IV soils: Chehalis silt loam, occasional overflow, Class II; McBee silty clay loam, Class III; Quatama silt loam, 7 to 12 percent slopes, Class III; and Wapato silty clay loam, Class III. According to the NRCS soil survey, the Chehalis soil is prime farm land. The McBee and Wapato soils are prime farm land if protected from flooding or not frequently flooded during the growing season. The Quatama soil is farm land of statewide importance.

county under ORS 215.213. OAR 660-033-0130(4)(e) (applicable to non-farm dwellings in marginal lands counties) became effective on August 7, 1993. The Commission subsequently adopted amendments to comply with House Bill 3326 (Chapter 704, Oregon Laws 2001, effective on January 1, 2002), which became effective on May 22, 2002. (See administrative rule history for OAR 660-033-0100, -0130 and -0135.)

Ralph Puncochar acquired the subject property in 1973, prior to the adoption of the statewide planning goals and their implementing statutes and regulations. In 1973, the subject property was zoned by Washington County as F-1.³

Conclusions

The current zoning requirements and dwelling standards established by applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, were enacted or adopted after Ralph Puncochar acquired the subject property. These laws restrict the use of the subject property relative to the uses allowed when Ralph Puncochar acquired the property.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property, based on the use that the claimants have identified. There may be other laws that currently apply to the claimants' use of the subject property, and that may continue to apply to the claimants' use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

Findings of Fact

The claim includes an estimate of \$200,000 as the reduction in the subject property's fair market value due to the regulations that restrict the claimants' desired use of the property. This amount is based on the claimants' assessment of the property's value.

Conclusions

As explained in Section V.(1) of this report, the claimants are Ralph Puncochar who acquired the subject property in 1973 and his wife, Diane Puncochar. Under ORS 197.352, the claimants are due compensation for land use regulations that restrict the use of the property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since Ralph Puncochar acquired the subject property restrict the

³ The county's F-1 zone had no minimum lot size requirement and permitted single-family dwellings for owners, operators or help required to carry out a farm use.

claimants' desired use of the property. The claimants estimate that the effect of the regulations on the fair market value of the subject property is a reduction of \$200,000.

Without an appraisal or other documentation, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the subject property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department since Ralph Puncochar acquired the property.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

Findings of Fact

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, which Washington County has implemented through its current EFU zone. These land use regulations were enacted or adopted after Ralph Puncochar acquired the subject property.

Conclusions

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that none of the general statutory, goal and rule restrictions on development of the claimants' property were in effect when Ralph Puncochar acquired the subject property in 1973. As a result, these laws are not exempt under ORS 197.352. Laws in effect when Ralph Puncochar acquired the subject property are exempt under ORS 197.352(3)(E) and do not provide a basis for compensation. In addition, laws enacted or adopted for a purpose set forth in ORS 197.352(3)(A) to (D) are also exempt and would not provide a basis for compensation.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimants' desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$200,000. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimants' desired use of the subject property was allowed under the standards in effect when Ralph Puncochar acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Ralph Puncochar to use the subject property for a use permitted at the time he acquired the property on January 29, 1973, and to allow Diane Puncochar to use the property for a use permitted at the time she acquired it on April 16, 2004.

At the time Diane Puncochar acquired an interest in the subject property, it was zoned EFU by Washington County and subject to the current development standards under Goal 3, ORS 215 and OAR 660, division 33, as described above in Section V.(2) of this report..

In addition to the applicable provisions of Goal 3, ORS 215, and OAR 660, division 33, in effect when Diane Puncochar acquired the property on April 16, 2004, and other laws in effect when either of the claimants acquired the subject property, there may be other laws that apply to the claimants' use of the property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When Ralph Puncochar seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use, and depending on when they were enacted or adopted, may continue to apply to the claimants' property. In addition, some of these laws may be exempt under ORS 197.352(3)(A) to (D) and will continue to apply to the subject property on that basis.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimants have identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable given the information provided to the department in the claim. The claimants should be aware that the less information they have provided to the department in their claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to their use of the subject property.

Conclusions

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Ralph and Diane Puncochar's development of a dwelling on the 20-acre subject property: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after each of the claimants acquired the subject property. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when Ralph Puncochar acquired the property on January 29, 1973, and only to the extent that use was permitted when Diane Puncochar acquired the property on April 16, 2004. The department acknowledges that the relief to which Diane Puncochar is entitled under ORS 197.352 will not allow her to use the subject property in the manner set forth in the claim.
2. The action by the State of Oregon provides the state's authorization to the claimants to use the subject property for the use described in this report, subject to the standards in effect when Ralph Puncochar acquired the property on January 29, 1973, and when Diane Puncochar acquired the property on April 16, 2004. On April 16, 2004, the property was subject to the applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, currently in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.
4. Any use of the subject property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).
5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.

VII. COMMENTS ON THE DRAFT STAFF REPORT

The department issued its draft staff report on this claim on April 12, 2007. OAR 125-145 0100(3), provided an opportunity for the claimants or the claimants' authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. No comments on the draft staff report were received.
