Re: Ballot Measure 37 (ORS 197.352) Claim Number M130997

Claimants: Ronald and Susan Immel

Enclosed, in regard to the above-referenced claim for compensation under Ballot Measure 37 (ORS 197.352), is the Final Staff Report and Recommendation of the Department of Land Conservation and Development, and the Final Order.

This Final Staff Report and Recommendation and the Final Order constitute the final decision on this claim. No further action will be taken on this matter.

BEFORE THE DEPARTMENT OF ADMINISTRATIVE SERVICES,
THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR) FINAL ORDER
COMPENSATION UNDER ORS 197.352) CLAIM NO. M130997
(BALLOT MEASURE 37) OF)
Susan and Ronald Immel, CLAIMANTS)

Claimants: Susan and Ronald Immel (the Claimants)

Property: Township 12S, Range 1W, Section 2, Tax lots 400
Linn County (the Property)

Claim: The demand for compensation and any supporting information received from the
Claimants by the State of Oregon (the Claim).

Claimants submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Susan and Ronald Immel's division of the 108-acre subject property into four approximately 25-acre parcels or to their development of a dwelling on each parcel: applicable provisions of Goals 3 and 4, ORS 215 and OAR 660, divisions 6, and 33, enacted or adopted after August 31, 1987. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when they acquired the property on August 31, 1987.
2. The action by the State of Oregon provides the state's authorization to the claimants to use the property for the use described in this report, subject to the standards in effect on August 31, 1987. On that date, the property was subject to compliance with Goal 3 or 4, and OAR 660, division 5, or 6, as implemented through Linn County's acknowledged F/F zone, and the applicable provisions ORS 215 then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license

or other form of authorization or consent, the order will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.

6. Nothing in this report or the state's final order for this claim constitutes any determination of ownership by the State of Oregon as to submerged or submersible lands, or as to public rights to the use of waters of the state.

This Order is entered by the Manager for the Measure 37 Services Division of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

CONSERVATION AND DEVELOPMENT

NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF

You are entitled, or may be entitled, to judicial remedies including the following:

1. Judicial review under ORS 183.484: Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 may be filed in the Circuit Court for Marion County or the Circuit Court in the county in which you reside.

2. A cause of action under ORS 197.352 (Measure 37 (2004)): If a land use regulation continues to apply to the subject property more than 180 days after the present owner of the property has made written demand for compensation under ORS 197.352, the present owner of the property, or any interest therein, shall have a cause of action in the circuit court in which the real property is located.

(Copies of the documents that comprise the record are available for review at the Department's office at 635 Capitol Street NE, Suite 150, Salem, Oregon 97301-2540)

FOR INFORMATION ONLY

The Oregon Department of Justice has advised the Department of Land Conservation and Development that “[i]f the current owner of the real property conveys the property before the new use allowed by the public entity is established, then the entitlement to relief will be lost.”

STATE CLAIM NUMBER: M130997

NAMES OF CLAIMANTS: Susan and Ronald Immel

MAILING ADDRESS: 33261 Bellinger Scale Road
Lebanon, Oregon 97355

PROPERTY IDENTIFICATION: Township 12S, Range 1W, Section 2
Tax lots 400
Linn County

OTHER CONTACT INFORMATION: Joel Kalberer
Weatherford Thompson
PO Box 667
Albany, Oregon 97321

DATE RECEIVED BY DAS: November 21, 2006

DEADLINE FOR FINAL ACTION:¹ May 14, 2008

I. SUMMARY OF CLAIM

The claimants, Susan and Ronald Immel, seek compensation in the amount of \$563,210 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimants desire compensation or the right to divide the 108-acre subject property into four approximately 25-acre parcels and to develop a dwelling on each parcel. The subject property is located near Bellinger Scale Road, near Lebanon, in Linn County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced

¹ ORS 197.352, as originally enacted, required that final action on claims made under Measure 37 be made within 180 days of the date the claim was filed. In response to the large volume of claims filed in late 2006, the Oregon legislature passed House Bill 3546, which became effective on May 10, 2007. This legislation increased the amount of time state and local governments have to take final action on Measure 37 claims filed on or after November 1, 2006, by 360 days, to a total of 540 days.

by the Land Conservation and Development Commission (the Commission) or the department not apply to Susan and Ronald Immel's division of the 108-acre subject property into four approximately 25-acre parcels and to their development of a dwelling on each parcel: applicable provisions of Statewide Planning Goals 3 (Agricultural Lands) and 4 (Forest Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, divisions 6, and 33, enacted or adopted after August 31, 1987. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when they acquired the property on August 31, 1987. (See the complete recommendation in Section VI of this report.)

III. COMMENTS ON THE CLAIM

Comments Received

On June 21, 2007, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 15-day notice.

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

Findings of Fact

This claim was submitted to DAS on November 21, 2006, for processing under OAR 125, division 145. The claim identifies Goals 3 and 4, ORS 215 and OAR 660 divisions 6, and 33, as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

Findings of Fact

The claimants, Susan and Ronald Immel, acquired the subject property on August 31, 1987, as reflected by a warranty deed included with the claim. The Linn County Assessor’s Office confirms the claimants’ current ownership of the subject property.

Conclusions

The claimants, Susan and Ronald Immel, are “owners” of the subject property as that term is defined by ORS 197.352(11)(C), as of August 31, 1987.

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimants’ use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimants or a family member acquired the property.

Findings of Fact

The claim indicates that the claimants desire to divide the 108-acre subject property into four approximately 25-acre parcels and to develop a dwelling on each resulting undeveloped parcel, and that current land use regulations prevent the desired use.²

The claim is based generally on the applicable provisions of state law that allow mixed agriculture-forest zoning and restrict uses on land zoned mixed agriculture-forest. The claimants’ property is zoned Farm/Forest (F/F) by Linn County. The county’s F/F is zone a mixed agricultural and forest land zone, in accordance with Goals 3 and 4, as implemented by OAR 660-006-0050. Goals 3 and 4 became effective on January 25, 1975, and required that agricultural lands as defined by Goal 3 be zoned for farm uses and that forest lands under Goal 4 be zoned for forest uses. OAR 660-006-0050 authorizes local governing bodies to establish mixed agriculture-forest zones in accordance with both Goals 3 and 4 and OAR 660, divisions 6, and 33.

² The claimants summarily cite numerous state land use laws as applicable to this claim, but do not establish how the laws either apply to the claimants’ desired use of the subject property or restrict its use with the effect of reducing its fair market value. On their face, most of these regulations either do not apply to the claimants’ property or do not restrict the claimants’ desired use of the property with the effect of reducing its fair market value. This report addresses only those regulations that the department finds are applicable to and restrict the claimants’ desired use of the subject property, based on the claimants’ description of that desired use.

Under OAR 660-006-0050(2), effective on February 5, 1990, and subsequently amended on March 1, 1994, to comply with the provisions of House Bill 3661 (Chapter 792, Oregon Laws 1993), uses allowed in Exclusive Farm Use (EFU) zones under Goal 3 and forest zones under Goal 4 are allowed in mixed agriculture-forest zones.

For land divisions, OAR 660-006-0055 requires local governing bodies to apply the standards of OAR 660-006-0026 and 660-033-0100, which implement the minimum lot size requirements in ORS 215.780. ORS 215.780(1) establishes an 80-acre minimum for the creation of new lots or parcels in EFU and forest zones and became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993).

For the approval and siting of dwellings, under OAR 660-006-0050(2) and (3), counties must apply either the OAR 660, division 6, or 33, standards based on the predominant use of the tract on January 1, 1993.³ The provisions of OAR 660-006-0027 and 660-006-0029 apply to dwelling approval and siting where the predominant use of the tract on that date was forest, and the provisions of OAR 660-033-0030 and 660-033-0035 apply where the predominant use of the tract on that date was agriculture.

When the claimants acquired the subject property on August 31, 1987, the claimants' property was subject to Linn County's acknowledged comprehensive plan and F/F zone.⁴ At that time, the county's F/F zone allowed, by conditional use review, parcels smaller than 80 acres that were sufficient to support farm or forest operations and dwellings. The claimants' desired use of the property would have been subject to compliance with Goal 3 or 4, and OAR 660, division 5, or 6, as implemented through the county's acknowledged F/F zone, and the applicable provisions of ORS 215 then in effect.⁵

The claim does not establish whether or to what extent the claimants' desired division and development of the subject property were allowed under the standards in effect when they acquired the property on August 31, 1987.

³ The claim does not include information regarding the predominant use of the property on January 1, 1993.

⁴ Linn County's F/F zone was acknowledged by the Commission for compliance with Goals 3 and 4 on July 18, 1985.

⁵ After the county's comprehensive plan and land use regulations were acknowledged by the Commission as complying with the statewide planning goals, the goals and implementing rules no longer applied directly to individual local land use decisions. *Byrd v. Stringer*, 295 Or 311 (1983). However, statutory requirements continue to apply, and insofar as the state and local provisions are materially the same, the local provisions must be interpreted consistent with the substance of the goals and implementing rules. *Forster v. Polk County*, 115 Or App 475 (1992) and *Kenagy v. Benton County*, 115 Or App 131 (1992).

On August 31, 1987, ORS 215.263 (1987 edition) required that divisions of land in EFU zones be "appropriate for the continuation of the existing commercial agricultural enterprise within the area" or not smaller than the minimum size in the county's acknowledged plan. ORS 215.283(1)(f) (1987 edition) generally allowed farm dwellings "customarily provided in conjunction with farm use." Non-farm dwellings were allowed under ORS 215.283(3) if they were determined to be compatible with farm use, not interfere seriously with accepted farm practices, not materially alter the stability of the land use pattern in the area and be situated on generally unsuitable land for the production of farm crops and livestock.

Conclusions

The current zoning requirements, minimum lot size and dwelling standards established pursuant to Goals 3 and 4, ORS 215 and OAR 660, divisions 6, and 33, for lands zoned for mixed agriculture-forest use, were enacted or adopted after the claimants acquired the subject property in 1987, and do not allow the claimants' desired division and development of the property. However, the claim does not establish whether or to what extent the claimants' desired use of the subject property complies with the standards for land division and development under Goals 3 and 4 and OAR 660, divisions 5; and 6, as implemented through Linn County's acknowledged comprehensive plan and zoning regulations and the applicable provisions of ORS 215 in effect when the claimants acquired the property on August 31, 1987.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimants have identified. There may be other laws that currently apply to the claimants' use of the subject property, and that may continue to apply to the claimants' use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

Findings of Fact

The claim includes an estimate of \$563,210 as the reduction in the subject property's fair market value due to the regulations that restrict claimants' desired use of the property. This amount is based on the claimants' estimate.

Conclusions

As explained in Section V.(1) of this report, the claimants are Susan and Ronald Immel who acquired the subject property on August 31, 1987. Under ORS 197.352, the claimants are due compensation for land use regulations that restrict the use of the subject property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimants acquired the subject property restrict the claimants' desired use of the property. The claimants estimate that the effect of the regulations on the fair market value of the subject property is a reduction of \$563,210.

Without an appraisal or other documentation and without verification of whether or the extent to which the claimants' desired use of the subject property was allowed under the standards in effect when they acquired the property, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the property. Nevertheless, based on the evidence in the record for this claim, the department determines that

the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

Findings of Fact

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goals 3 and 4, ORS 215 and OAR 660, divisions 6, and 33, which Linn County has implemented through its current F/F zone. With the exception of amendments enacted or adopted after August 31, 1987, these state land use regulations were in effect when the claimants acquired the property.

Conclusions

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that the general statutory, goal and rule restrictions on division and development of the subject property are not exempt under ORS 197.352(3)(E) only to the extent they were enacted or adopted after the claimants acquired the property on August 31, 1987. Provisions of Goals 3 and 4, ORS 215 and OAR 660 in effect when the claimants acquired the subject property on August 31, 1987, are exempt under ORS 197.352(3)(E) and will continue to apply to the property.

Other laws in effect when the claimants acquired the subject property are also exempt under ORS 197.352(3)(E) and will continue to apply to the claimants' use of the property. In addition, the department notes that ORS 215.730 and OAR 660, division 6, particularly OAR 660-006-0027, -0029 and -0035, include fire protection standards for dwellings and structures in forest and mixed agriculture-forest zones. ORS 197.352 (3)(B) specifically exempts regulations "restricting or prohibiting activities for the protection of public health and safety, such as fire and building codes. . . ." Accordingly, the siting standards for dwellings and structures in forest zones in ORS 215.730 and in forest and mixed agriculture-forest zones in OAR 660, division 6, are exempt under ORS 197.352(3)(B).

There may be other laws that continue to apply to the claimants' use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property, based on the use that the claimants have identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are

clearly applicable, given the information provided to the department in the claim. The claimants should be aware that the less information they have provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to their use of the subject property.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the current owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimants' desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$563,210. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of the compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimants' desired use of the subject property was allowed under the standards in effect when they acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Susan and Ronald Immel to use the subject property for a use permitted at the time they acquired the property on August 31, 1987.

Conclusions

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Susan and Ronald Immel's division of the 108-acre subject property into four approximately 25-acre parcels or to their development of a dwelling on each parcel: applicable provisions of Goals 3 and 4, ORS 215 and OAR 660, divisions 6, and 33, enacted or adopted after August 31, 1987. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when they acquired the property on August 31, 1987.

2. The action by the State of Oregon provides the state's authorization to the claimants to use the property for the use described in this report, subject to the standards in effect on August 31, 1987. On that date, the property was subject to compliance with Goal 3 or 4, and OAR 660, division 5, or 6, as implemented through Linn County's acknowledged F/F zone, and the applicable provisions ORS 215 then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.
4. Any use of the property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).
5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.
6. Nothing in this report or the state's final order for this claim constitutes any determination of ownership by the State of Oregon as to submerged or submersible lands, or as to public rights to the use of waters of the state.

VII. COMMENTS ON THE DRAFT STAFF REPORT

The department issued its draft staff report on this claim on July 20, 2007. OAR 125-145 0100(3), provided an opportunity for the claimants or the claimants' authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
