*Claimant: Ruth M. Brateng*

---

Enclosed, in regard to the above-referenced claim for compensation under Ballot Measure 37 (ORS 197.352), is the Final Staff Report and Recommendation of the Department of Land Conservation and Development, and the Final Order.

This Final Staff Report and Recommendation and the Final Order constitute the final decision on this claim. No further action will be taken on this matter.

BEFORE THE DEPARTMENT OF ADMINISTRATIVE SERVICES,  
THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF  
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR	)	FINAL ORDER
COMPENSATION UNDER ORS 197.352	)	CLAIM NO. M131016
(BALLOT MEASURE 37) OF	)	
Ruth M. Brateng, CLAIMANT	)	

Claimant: Ruth M. Brateng (the Claimant)

Property: Township 8S, Range 5W, Section 4, Tax lot 1400, Polk County (the Property)

Claim: The demand for compensation and any supporting information received from the Claimant by the State of Oregon (the Claim).

Claimant submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Ruth Brateng's division of the 2-acre subject property into two 1-acre parcels or to her development of a dwelling on each parcel: applicable provisions of Goals 3 and 14, ORS 215 and OAR 660, division 33. These land use regulations will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on May 27, 1963.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the subject property for the use described in this report, subject to the standards in effect on May 27, 1963.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a

“permit” as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

6. Nothing in this report or the state’s final order for this claim constitutes any determination of ownership by the State of Oregon as to submerged or submersible lands, or as to public rights to the use of waters of the state.

This Order is entered by the Director of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

FOR DLCD AND THE LAND  
CONSERVATION AND  
DEVELOPMENT COMMISSION:

  
Lane Shetterly, Director  
DLCD  
Dated this 24<sup>th</sup> day of August, 2007.

FOR the DEPARTMENT OF  
ADMINISTRATIVE SERVICES:

**I. SUMMARY OF CLAIM**

The claimant, Ruth Brateng, seeks compensation in the amount of \$133,334 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 2-acre subject property into two 1-acre parcels and to develop a dwelling on each parcel. <sup>1</sup> ORS 197.352, as originally enacted, required that final action on claims made under Measure 37 be made within 180 days of the date the claim was filed. In response to the large volume of claims filed in late 2006, the Oregon legislature passed House Bill 3546, which became effective on May 10, 2007. This legislation increased the amount of time state and local governments have to take final action on Measure 37 claims filed on or after November 1, 2006, by 360 days, to a total of 540 days.

her development of a dwelling on each parcel: applicable provisions of Statewide Planning Goals 3 (Agricultural Lands) and 14 (Urbanization), ORS 215 and Oregon Administrative Rules (OAR) 660, division 33. These laws will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on May 27, 1963. (See the complete recommendation in Section VI. of this report).

### **III. COMMENTS ON THE CLAIM**

#### **Comments Received**

On June 12, 2007, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 15-day notice.

### **IV. TIMELINESS OF CLAIM**

#### **Requirement**

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

#### **Findings of Fact**

This claim was submitted to DAS on November 21, 2006, for processing under OAR 125, division 145. The claim identifies ORS 136.040 and 136.050 as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

#### **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

## V. ANALYSIS OF CLAIM

### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

### **Findings of Fact**

The claimant, Ruth Brateng, acquired the subject property on May 27, 1963, as reflected by a warranty deed included with the claim. On November 16, 2000, the property was transferred to the Brateng Living Trust, a revocable trust, with Ruth Brateng as trustee, as reflected by a bargain and sale deed included with the claim.<sup>2</sup> The Polk County Assessor’s Office confirms the claimant’s current ownership of the subject property.

### **Conclusions**

The claimant, Ruth Brateng, is an “owner” of the subject property as that term is defined by ORS 197.352(11)(C), as of May 27, 1963.

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

### **Findings of Fact**

The claim indicates that the claimant desires to divide the 2-acre subject property into two 1-acre parcels and to develop a dwelling on each parcel, and that current land use regulations prevent the desired use.<sup>3</sup>

The claim is based generally on the applicable provisions of state law that require Exclusive Farm Use (EFU) zoning and restrict uses on EFU-zoned land. The claimant’s property is zoned EFU by Polk County as required by Goal 3, in accordance with ORS 215 and OAR 660, division 33, because the claimant’s property is “agricultural land” as defined by Goal 3.<sup>4</sup> Goal 3 became effective on January 25, 1975, and required that agricultural lands as defined by Goal 3 be zoned EFU pursuant to ORS 215.

---

<sup>2</sup> Transfer of property to a revocable trust does not result in a change in ownership for purposes of ORS 197.352.

<sup>3</sup> The claimant summarily cites provisions of ORS chapter 136 as applicable to this claim. However, that chapter is a part of the Oregon criminal code and is not applicable to this claim. This report addresses only those regulations that the department finds are applicable to and restrict the claimant’s desired use of the subject property, based on the claimant’s description of that desired use.

<sup>4</sup> The claimant’s property is “agricultural land” because it contains Natural Resources Conservation Service Class I–IV soils.

Current land use regulations, particularly ORS 215.263, 215.284 and 215.780 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, prohibit the division of EFU-zoned land into parcels less than 80 acres and establish standards for development of dwellings on existing or proposed parcels on that land.

ORS 215.780 establishes an 80-acre minimum size for the creation of new lots or parcels in EFU zones and became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). ORS 215.263 (2005 edition) establishes standards for the creation of new parcels for non-farm uses and dwellings allowed in an EFU zone.

OAR 660-033-0135 (applicable to farm dwellings) became effective on March 1, 1994, and interprets the statutory standard for a primary dwelling in an EFU zone under ORS 215.283(1)(f). OAR 660-033-0130(4) (applicable to non-farm dwellings) became effective on August 7, 1993, and was amended to comply with ORS 215.284(4) on March 1, 1994.<sup>5</sup>

Goal 14, which also became effective on January 25, 1975, would likely apply to the division of the claimant's property into parcels less than two acres. Goal 14 generally requires that land outside of urban growth boundaries be used for rural uses.

The claimant acquired the subject property on May 27, 1963, prior to the adoption of the statewide planning goals and their implementing statutes and regulations.

### **Conclusions**

The current zoning requirements, minimum lot size and dwelling standards established by applicable provisions of Goals 3 and 14, ORS 215 and OAR 660, division 33, were all enacted or adopted after the claimant acquired the subject property in 1963 and do not allow the claimant's desired division or development of the property. These laws restrict the use of the subject property relative to the uses allowed when the claimant acquired the property.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimant has identified. There may be other laws that currently apply to the claimant's use of the subject property, and that may continue to apply to the claimant's use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulations (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

---

<sup>5</sup> The Commission adopted amendments to OAR 660-033-0100, -0130 and -0135 to comply with House Bill 3326 (Chapter 704, Oregon Laws 2001, effective on January 1, 2002), which were effective on May 22, 2002. These amendments clarified but did not further restrict dwelling standards for EFU-zoned land.

### **Findings of Fact**

The claim includes an estimate of \$133,334 as the reduction in the subject property's fair market value due to the regulations that restrict the claimant's desired use of the property. This amount is based on the claimant's assessment of the subject property's value.

### **Conclusions**

As explained in Section V.(1) of this report, the claimant is Ruth Brateng who acquired the subject property on May 27, 1963. Under ORS 197.352, the claimant is due compensation for land use regulations that restrict the use of the subject property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimant acquired the subject property restrict the claimant's desired use of the property. The claimant estimates that the effect of the regulations on the fair market value of the property is a reduction of \$133,334.

Without an appraisal or other documentation, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the subject property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

### **Findings of Fact**

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goals 3 and 14, ORS 215 and OAR 660, division 33, which Polk County has implemented through its current EFU zone. All of these land use regulations were enacted or adopted after the claimant acquired the subject property.

### **Conclusions**

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that none of the general statutory, goal and rule restrictions on division and development of the claimant's property were in effect when the claimant acquired it in 1963. As a result, these laws are not exempt under ORS 197.352(3)(E).

Laws in effect when the claimant acquired the subject property are exempt under ORS 197.352(3)(E) and will continue to apply to the claimant's use of the property. There may be other laws that continue to apply to the claimant's use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimant seeks a

building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimant has identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. The claimant should be aware that the less information she has provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to her use of the subject property.

## **VI. FORM OF RELIEF**

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced a law or laws that restrict the use of the subject property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the subject property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimant's desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$133,334. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimant's desired use of the subject property was allowed under the standards in effect when she acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Ruth Brateng to use the subject property for a use permitted at the time she acquired the property on May 27, 1963.

## **Conclusions**

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Ruth Brateng's division of the 2-acre subject property into two 1-acre parcels or to her development of a dwelling on each parcel: applicable provisions of Goals 3 and 14, ORS 215 and OAR 660, division 33. These land use regulations will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on May 27, 1963.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the subject property for the use described in this report, subject to the standards in effect on May 27, 1963.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.
4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).
5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.
6. Nothing in this report or the state's final order for this claim constitutes any determination of ownership by the State of Oregon as to submerged or submersible lands, or as to public rights to the use of waters of the state.

## **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on July 18, 2007. OAR 125-145 0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
