DATE RECEIVED BY DAS: November 27, 2006

DEADLINE FOR FINAL ACTION:¹ May 20, 2008

I. SUMMARY OF CLAIM

The claimant, Dorothy O'Dell, seeks compensation in the amount of \$6.25 million for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 223.63-acre subject property into 40-acre parcels and to develop a dwelling on each parcel.² The subject property is located at the geographic coordinates listed above, near Cottage Grove, in Lane County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that this claim is not valid because the claimant is

¹ ORS 197.352, as originally enacted, required that final action on claims made under Measure 37 be made within 180 days of the date the claim was filed. In response to the large volume of claims filed in late 2006, the Oregon legislature passed House Bill 3546, which became effective on May 10, 2007. This legislation increased the amount of time state and local governments have to take final action on Measure 37 claims filed on or after November 1, 2006, by 360 days, to a total of 540 days.

² The subject property includes three tax lots. Tax lot 800 consists of 80.59 acres, tax lot 1000 consists of 103.07 acres and tax lot 1200 consists of 39.97 acres.

not an owner of the subject property. (See the complete recommendation in Section VI of this report.)

III. COMMENTS ON THE CLAIM

Comments Received

On July 11, 2007, pursuant to Oregon Administrative Rule (OAR) 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, thirteen written comments were received in response to the 15-day notice.

The comments do not address whether the claim meets the criteria for relief under ORS 197.352. Comments concerning the effects a use of the subject property may have on surrounding areas are generally not something that the department is able to consider in determining whether to waive a state law. If funds do become available to pay compensation, then such effects may become relevant in determining which claims to pay compensation for instead of waive a state law. (See the comment letters in the department's claim file.)

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5), requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criterion, whichever is later.

Findings of Fact

This claim was submitted to DAS on November 27, 2006, for processing under OAR 125, division 145. The claim identifies Goal 4, ORS 197 and 215.700 through 215.775, OAR 660, division 6, and Lane County zoning as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

Findings of Fact

The claimant, Dorothy O’Dell, asserts she acquired tax lots 1000 and 1200 on October 14, 1941, and tax lot 800 on September 4, 1952. However, the claimant did not include any documentation to establish that she acquired the subject property on those dates. The claimant acquired the subject property on June 3, 1994, as trustee of a revocable trust, the Harris Living Trust, as evidenced by a warranty deed included with the claim. However, on November 26, 1999, the claimant conveyed the subject property to Nellie Harris, LLC, as evidenced by a warranty deed included with the claim.³

The Lane County Assessor’s Office confirms Nellie Harris, LLC’s current ownership of the subject property. The claimant, Dorothy O’Dell, is not an owner the subject property.

Conclusions

The claimant, Dorothy O’Dell, has not established that she is an “owner” of the subject property as that term is defined in ORS 197.352(11)(C).

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

As explained in Section V.(1), the claimant, Dorothy O’Dell, is not an “owner” of the subject property as that term is defined in ORS 197.352(11)(C). Therefore, no laws enforced by the Land Conservation and Development Commission (the Commission) or the department restrict the claimant’s use of the subject real property with the effect of reducing the fair market value of the property.

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have “the effect of reducing the fair market value of the property, or any interest therein.”

³ Nellie Harris, LLC is a domestic business corporation registered with the Oregon Secretary of State. Although the claimant has an ownership interest in Nellie Harris, LLC, Nellie Harris, LLC, is a separate and distinct entity from the claimant.

As explained in Section V.(1) of this report, the claimant, Dorothy O'Dell, is not an "owner" of the subject property as that term is defined in ORS 197.352(11)(C). Therefore, no laws restrict the claimant's use of the subject property with the effect of reducing the fair market value of the subject property.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

As explained in Section V.(1) of this report, the claimant, Dorothy O'Dell, is not an "owner" of the subject property as that term is defined in ORS 197.352(11)(C). Therefore, the issue of whether any laws are exempt from ORS 197.352 is not relevant to this claim.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the record, the department finds that the claim is not valid because the claimant is not an owner of the subject property.

Conclusions

Based on the record before the department, the claimant, Dorothy O'Dell, has not established that she is entitled to relief under ORS 197.352(1) as a result of land use regulations enforced by the Commission or the department because the claimant is not an owner of the subject property. Therefore, the department recommends that this claim be denied.

VII. COMMENTS ON THE DRAFT STAFF REPORT

The department issued its draft staff report on this claim on September 5, 2007. OAR 125-145-0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. Comments received have been taken into account by the department in the issuance of this final report.
