DEVELOPMENT**

**ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW  
OF MEASURE 37 CLAIM  
Final Order of Denial**

**STATE ELECTION NUMBER:** E134297

**CLAIMANTS:** Stig and LeeAnn Johanson  
20497 E Lolo Pass Road  
Zig Zag, OR 97049

**MEASURE 37 PROPERTY  
IDENTIFICATION:** Township 2S, Range 7E  
Section 23D, Tax lot 1901  
Section 26AA, Tax lot 900  
Clackamas County

The claimants, Stig and LeeAnn Johanson, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on November 2, 2006, for property located at 20497 E Lolo Pass Road, near Rhododendron, in Clackamas County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order of Denial is the conclusion of the supplemental review of this claim.

**I. ANALYSIS OF CLAIM**

**A. Maximum Number of Home Sites for Which the Claimants May Qualify**

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested three home site approvals in the election material. The Measure 37 waiver issued for this claim describes five home sites. Therefore, the claimants may qualify for a maximum of three home site approvals under Section 6 of Measure 49.

## **B. Qualification Requirements**

To qualify for a home site approval under Section 6 of Measure 49, the claimants must meet each of the following requirements:

### **1. Timeliness of Claim**

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

### **Findings of Fact and Conclusions**

The claimants, Stig and LeeAnn Johanson, filed a Measure 37 claim, M132297, with the state on November 2, 2006. The claimants filed a Measure 37 claim, ZC190-06, with Clackamas County on September 13, 2006. The state claim was filed prior to December 4, 2006.

The claimants timely filed a Measure 37 claim with both the state and Clackamas County.

### **2. The Claimant Is an Owner of the Property**

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

### **Findings of Fact and Conclusions:**

According to the deed submitted by the claimants, Stig and LeeAnn Johanson are the owners of fee title to the property as shown in the Clackamas County deed records and, therefore, are owners of the property under Measure 49.

Clackamas County has confirmed that the claimants are the current owners of the property.

### **3. All Owners of the Property Have Consented in Writing to the Claim**

All owners of the property must consent to the claim in writing.

### **Findings of Fact and Conclusions:**

All owners of the property have consented to the claim in writing.

**4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City**

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

**Findings of Fact and Conclusions:**

The Measure 37 claim property is located in Clackamas County, outside any urban growth boundary and outside of any city limits, near the community of Rhododendron.

**5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling**

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

**Findings of Fact and Conclusions:**

The property is currently zoned Rural Residential Farm Forest (RRFF-5) by Clackamas County, in accordance with Goal 14, which prohibits the urban use of rural land and requires local comprehensive plans to identify and separate urbanizable from rural land in order to provide for the orderly and efficient transition from rural to urban use. State laws, namely Goal 14 and OAR 660-004-0040, prohibit the establishment of a lot or parcel less than the size established in the County rural residential zone in existence on October 4, 2000, if the zone in existence on that date had a minimum lot size of two or more acres. Clackamas County's RRFF-5 zone requires a minimum lot size of five acres.

The claimants' property consists of 3.1 acres. Therefore, state land use regulations prohibit the claimants from establishing on the Measure 37 claim property the three home sites the claimants may qualify for under Section 6 of Measure 49.

**6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)**

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

**Findings of Fact and Conclusions**

Based on the documentation submitted by the claimants, it does not appear that the establishment

of the three home sites for which the claimants may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

**7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49**

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

**Findings of Fact and Conclusions**

Clackamas County deed records indicate that claimant Stig Johanson acquired the property on April 8, 1977, and claimant LeeAnn Johanson acquired the property on July 22, 1996. Therefore, for purposes of Measure 49, the claimants' acquisition date is April 8, 1977.

The claimants acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Commission acknowledged Clackamas County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. At that time, the Measure 37 claim property was zoned Recreational Residential (RR) by Clackamas County. However, the Commission had not acknowledged that zone for compliance with the goals when the claimants acquired the property on April 8, 1977. Accordingly, the statewide planning goals, and in particular Goal 14, applied directly to the Measure 37 claim property when the claimants acquired it.

On April 8, 1977, Goal 14 required counties "to provide for an orderly and efficient transition from rural to urban land use." The Goal required the creation of urban growth boundaries to "identify and separate urbanizable land from rural land," and prohibited the location "urban uses" outside urban growth boundaries without the approval of a Goal 2 Exception to Goal 14. In general, and consistent with subsequent judicial interpretation and LCDC rules implementing Goal 14, urban uses included residential lots or parcels less than two acres in size. Therefore, while the Commission ultimately acknowledged Clackamas County's zoning of the subject property to require a minimum of five acres for the creation of a new lot or parcel, a lot or parcel of two acres or more would have complied with the requirements of Goal 14 when the claimants acquired the property on April 8, 1977. However, given the size of the claimants' property, a direct application of Goal 14 to allow lots or parcels as small as two acres would not allow the claimants to divide the property for any further development. Without additional evidence to establish that, as applied to the subject property, the requested smaller parcels would have complied with the requirements Goal 14, the claimants could not have created any additional lots or parcels when they acquired the property. Therefore, the claimants do not qualify for any home sites under Measure 49.

## **II. COMMENTS ON THE PRELIMINARY EVALUATION**

The department issued its Preliminary Evaluation for this claim on June 12, 2009. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. Comments received have been taken into account by the department in the issuance of this Final Order of Denial. Specifically, the claimants assert that they could have established home sites less than two acres in size on their acquisition date. However, as discussed in section B.7. above, it is the department's position that as applied to this property home sites smaller than two acres would not have been consistent with Goal 14.

## **III. CONCLUSION**

Based on the analysis above, the claimants do not qualify for Measure 49 home site approvals because the claimants were not lawfully permitted to establish the lots, parcels or dwellings on the claimants' date of acquisition.

IT IS HEREBY ORDERED that this Final Order of Denial is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.

CONSERVATION AND DEVELOPMENT  
COMMISSION:

Dated this 17<sup>th</sup> day of November 2009.
