I. ELECTION

The claimant, Kendall Cates, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on November 6, 2006, for property located at 18745 Depot Street, near Monmouth, in Polk County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimant has elected supplemental review of his Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

II. SUMMARY OF PRELIMINARY EVALUATION

Based on the department's preliminary analysis, it appears that the claimant is qualified for up to one home site approval on the Measure 37 claim property. The claimant's property, including both the Measure 37 claim property and all contiguous property in the same ownership, currently appears to consist of two lots or parcels, which are developed with no dwellings. After taking

¹ Claim E130601 has been split into two claims, E130601A and E130601B, because the Measure 37 claim sought relief for two non-contiguous parcels. Claim E130601A addresses the claimant's eligibility for Measure 49 relief on tax lots 100 (sections 23 and 26), 200 and 500, and E130601B addresses the claimant's relief on tax lot 100 (section 34).

into account the number of lots, parcels and dwellings currently located on the Measure 37 claim property and the contiguous property under the same ownership, it appears that the home site approval will allow the claimant to establish one dwelling on the Measure 37 claim property.

III. THE MAXIMUM NUMBER OF HOME SITE APPROVALS FOR WHICH THE CLAIMANT MAY QUALIFY

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimant has requested one home site approval in the election material. The Measure 37 waiver issued for this claim describes two home sites and commercial development. Therefore, the claimant may qualify for a maximum of one home site approval under Section 6 of Measure 49.

IV. PRELIMINARY ANALYSIS OF QUALIFICATION FOR HOME SITE APPROVAL

1. Preliminary Analysis

To qualify for a home site approval under Section 6 of Measure 49, a claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

The claimant, Kendall Cates, filed a Measure 37 claim, M130601, with the state on November 6, 2006. The claimant filed a Measure 37 claim, M06-58, with Polk County on September 20, 2006. The state claim was filed prior to December 4, 2006.

It appears that the claimant timely filed a Measure 37 claim with both the state and Polk County.

In addition to filing a claim with both the state and the county in which the property is located, to qualify for a home site approval under Section 6 of Measure 49 the claimant must establish each of the following:

(a) The Claimant is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

According to the deed submitted by the claimant, Kendall Cates is the owner of fee title to the property as shown in the Polk County deed records and, therefore, is an owner of the property under Measure 49.

(b) All Owners of the Property Have Consented in Writing to the Claim

It appears that the claimant is the sole owner of the property. Therefore, no additional consent is required.

(c) The Measure 37 Claim Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property is located in Polk County, outside the urban growth boundary and outside the city limits of the nearest city, Monmouth.

(d) One or More Land Use Regulations Prohibit Establishing the Dwelling

As stated in Section III above, the claimant may qualify for up to one home site approval.

The property is currently zoned Exclusive Farm Use (EFU) by Polk County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is “agricultural land” as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use. In general and subject to some exceptions, those standards require that the property be a minimum of 80 acres in size in an EFU zone and generate a minimum annual income from the sale of farm products. Those provisions also regulate the establishment of dwellings on new or existing lots or parcels and include restrictions on establishing more than one dwelling on a single tract.

The claimant’s property consists of 314.47 acres that make up a single tract. Therefore, state land use regulations prohibit the claimant from establishing on the Measure 37 claim property the one home site the claimant may qualify for under Section 6 of Measure 49.

(e) The Establishment of the Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Based on the documentation submitted by the claimant, it does not appear that the establishment of the one home site for which the claimant may qualify on the property would be prohibited by land use regulations described in ORS 195.305(3).

(f) On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Polk County deed records indicate that the claimant acquired the property on February 28, 1972.

On February 28, 1972, the Measure 37 claim property was not subject to any local or state laws that would have prohibited the claimant from establishing at least one lot or parcel and at least one dwelling. Therefore, the claimant lawfully could have established the one home site the claimant may qualify for under Section 6 of Measure 49.

2. Preliminary Conclusion

Based on the preliminary analysis, it appears that the claimant, Kendall Cates, qualifies for up to one home site approval under Section 6 of Measure 49.

V. NUMBER OF LOTS, PARCELS OR DWELLINGS ON OR CONTAINED WITHIN THE PROPERTY

The number of dwellings that a claimant is authorized to establish pursuant to a home site authorization is reduced by the number of dwellings currently in existence on the Measure 37 claim property and any contiguous property under the same ownership according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49. However, if a claimant otherwise qualifies for relief under Section 6 of Measure 49, the claimant will be able to establish one additional dwelling, regardless of the number of dwellings currently in existence.

Based on the documentation provided by the claimant and information from Polk County, the Measure 37 claim property appears to currently include one lot or parcel and no dwellings. As demonstrated by the supplemental information submitted by the claimant, the claimant also owns tax lot 1601 (T9S R6W S34) which is contiguous to the Measure 37 claim property. The contiguous property under the same ownership appears to include one lot or parcel and no dwellings. Together, it appears that the Measure 37 claim property and the contiguous property in the same ownership include two lots or parcels and no dwellings. The number of lots, parcels or dwellings the claimant may be able to establish on the Measure 37 claim property pursuant to the one home site approval is not reduced by the contiguous lot or parcel in the same ownership because it appears that the total number of lots, parcels, or dwellings that would exist on the Measure 37 claim property and the contiguous property in the same ownership would not exceed

three if the claimant established one dwelling on the Measure 37 claim property. Therefore, the one home site approval the claimant appears to qualify for under Section 6 of Measure 49 will allow the claimant to establish one dwelling on the Measure 37 claim property.

VI. PRELIMINARY STATEMENT OF PROPOSED LIMITATIONS AND CONDITIONS ON THE NUMBER AND SCOPE OF HOME SITE APPROVALS

The department has identified the following limitations and conditions that may affect the number or scope of the home site approvals that the claimant would otherwise be entitled to under Section 6 of Measure 49. This list may not be comprehensive and does not preclude the possibility that other considerations, not yet identified by the department, may affect the establishment of a dwelling authorized by a home site approval.

1. The establishment of a dwelling based on a Measure 49 home site authorization must comply with all applicable standards governing the siting or development of the dwelling. However, those standards must not be applied in a manner that prohibits the establishment of the dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.
2. A home site authorization will not authorize the establishment of a dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed.
4. The number of dwellings a claimant may be eligible to establish under a Measure 49 home site authorization is reduced by the number of dwellings currently in existence on the Measure 37 claim property and contiguous property in the same ownership, regardless of whether evidence of their existence has been provided to the department. If, based on the information available to the department, the department has calculated the number of currently existing dwellings to be either greater than or less than the number of dwellings actually in existence on the Measure 37 claim property or contiguous property under the same ownership, then the number of additional dwellings a claimant may establish pursuant to this home site authorization must be adjusted according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49. Statements in this preliminary evaluation regarding the number of lots, parcels or dwellings currently existing on the Measure 37 claim property and contiguous property are not a determination on the current legal status of those lots, parcels or dwellings.
5. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimant may choose to convert any temporary dwelling currently located on the property on which the claimant is eligible for Measure 49 relief to an authorized home site pursuant to a Measure 49 home site approval. Otherwise, any temporary

dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.

6. A home site approval only authorizes the establishment of a new dwelling on the property on which the claimant is eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed.
7. The claimant may use a home site approval to convert a dwelling currently located on the property on which the claimant is eligible for Measure 49 relief to an authorized home site. If the number of dwellings existing on the property on which the claimant is eligible for Measure 49 relief exceeds the number of home site approvals the claimant qualifies for under a home site authorization, the claimant may select which existing dwellings to convert to authorized home sites.
8. The claimant may not implement the relief described in a Measure 49 Home Site Authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then any Measure 49 Home Site Authorization for the property will be void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be converted to an authorized home site.
9. A home site approval does not authorize the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings.
10. Because the property is located in an exclusive farm use zone, the owner must comply with the requirements of ORS 215.293 before beginning construction.
11. If an owner of the property is authorized by other home site approvals to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
12. Once the department issues a final home site authorization, a home site approval granted under that authorization will run with the property and will transfer with the property. A home site approval will not expire, except that if a claimant who received a home site authorization later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the claimant is the settlor, the subsequent owner of the property must establish the authorized dwellings within 10 years of the conveyance. A dwelling lawfully created based on a home site approval is a permitted use.
