I. ELECTION

The claimants, Joseph and Kathleen Traeger, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on December 4, 2006, for property located at 12000 S Quinn Road, near Molalla, in Clackamas County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

II. SUMMARY OF PRELIMINARY EVALUATION

Based on the department's preliminary analysis, it appears that the claimants are not eligible for any relief under Measure 49 because the claimants would not have been lawfully permitted to establish any additional home sites when they acquired the property.

¹ The claimants also have claim M133717 for non-contiguous property in the same ownership.

III. THE MAXIMUM NUMBER OF HOME SITE APPROVALS FOR WHICH THE CLAIMANTS MAY QUALIFY

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested two home site approvals in the election material. No waiver was issued for this claim. The Measure 37 claim filed with the state describes two home sites. Therefore, the claimants may qualify for a maximum of two home site approvals under Section 6 of Measure 49.

IV. PRELIMINARY ANALYSIS OF QUALIFICATION FOR HOME SITE APPROVAL

1. Preliminary Analysis

To qualify for a home site approval under Section 6 of Measure 49, a claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

The claimants, Joseph and Kathleen Traeger, filed a Measure 37 claim, M133718, with the state on December 4, 2006. The claimants filed a Measure 37 claim, ZC531-06, with Clackamas County on December 4, 2006. The state claim was filed on December 4, 2006.

It appears that the claimants timely filed a Measure 37 claim with both the state and Clackamas County.

In addition to filing a claim with both the state and the county in which the property is located, to qualify for a home site approval under Section 6 of Measure 49 the claimants must establish each of the following:

(a) The Claimant is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

According to the deed submitted by the claimants, Joseph and Kathleen Traeger are the owners of fee title to the property as shown in the Clackamas County deed records and, therefore, are owners of the property under Measure 49.

(b) All Owners of the Property Have Consented in Writing to the Claim

It appears that the claimants are the sole owners of the property. Therefore, no additional consent is required.

(c) The Measure 37 Claim Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property is located in Clackamas County, outside the urban growth boundary and outside the city limits of the nearest city, Molalla.

(d) One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

As stated in Section III above, the claimants may qualify for up to two home site approvals.

The property is currently zoned Agriculture Forest (AG/F) by Clackamas County, in accordance with Goals 3 and 4, as implemented by OAR 660-006-0050. State land use regulations, including applicable provisions of ORS chapter 215 and OAR 660, divisions 6 and 33, generally prohibit the establishment of a lot or parcel less than 80 acres in size in a mixed farm/forest zone and regulate the establishment of dwellings on new or existing lots or parcels.

The claimants' property consists of 17.95 acres. Therefore, state land use regulations prohibit the claimants from establishing on the Measure 37 claim property the two home sites the claimants may qualify for under Section 6 of Measure 49.

(e) The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Based on the documentation submitted by the claimants, it does not appear that the establishment of the two home sites for which the claimants may qualify on the property would be prohibited by land use regulations described in ORS 195.305(3).

(f) On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Clackamas County deed records indicate that the claimants acquired the property on March 19, 1980.

The claimants acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Commission acknowledged Clackamas County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. At that time, the Measure 37 claim property was zoned Transitional Timber District (TTD) by Clackamas County. The TTD zone on the claimant's date of acquisition required 20 acres for the creation of a new lot or parcel on which a dwelling could be established. However, the Commission had not acknowledged that zone for compliance with the goals when the claimants acquired the property on March 19, 1980. Accordingly, the statewide planning goals, and in particular Goal 4, and ORS chapter 215 applied directly to the Measure 37 claim property when the claimants acquired it.

To determine whether a use of property that was not subject to an acknowledged zone at the time the claimant acquired it would have complied with Goal 4, OAR 660-041-0110 provides that DLCD will apply the first acknowledged local land use regulations, unless the evidence in the record, including but not limited to, county records, county Measure 37 waivers or local land use determinations issued at the time the property was acquired, establishes that a greater number of lots, parcels or dwellings would have been lawfully permitted.

In 1980, Goal 4 was "to conserve forest lands for forest uses." It required that forest land "be retained for the production of wood fiber and other forest uses," and that "[l]ands suitable for forest uses be inventoried and designated as forest lands."²

² As adopted in 1975, Goal 4 defined "Forest Lands" as:

"(1) [L]ands composed of existing and potential forest lands which are suitable for commercial forest uses; (2) other forested lands needed for watershed protection, wildlife and fisheries habitat and recreation; (3) lands where extreme conditions of climate, soil and topography require the maintenance of vegetative cover irrespective of use; (4) other forested lands in urban and agricultural areas which provide urban buffers, wind breaks, wildlife and fisheries habitat, livestock habitat, scenic corridors, and recreational use."

Goal 4 defined "Forest Uses" as:

(1) [T]he production of trees and the processing of forest products; (2) open space, buffers from noise, and visual separation of conflicting uses; (3) watershed protection and wildlife and fisheries habitat; (4) soil protection from wind and water; (5) maintenance of clean air and water; (6) outdoor recreational activities and related support services and wilderness values compatible with these uses; and (7) grazing land for livestock."

On December 31, 1981, the Commission acknowledged the application of Clackamas County's Transitional Timber District (TTD) zone to the Measure 37 claim property. The Commission's acknowledgement of Clackamas County's TTD zone confirmed that zone's compliance with Goal 4 and ORS chapter 215. Clackamas County's acknowledged TTD zone required 20 acres for the creation of a new lot or parcel on which a dwelling could be established. The claimants' property consists of 17.95 acres and is developed with a dwelling.

Therefore, on the claimants' acquisition date, they could not have established any home sites in the zone as it existed at acquisition or in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations in 1981.

2. Preliminary Conclusion

Based on the preliminary analysis, the claimants, Joseph and Kathleen Traeger, do not qualify for Measure 49 home site approvals because the claimants were not lawfully permitted to establish the lots, parcels or dwellings on the claimants' date of acquisition.
