Salem, Oregon 97306

**MEASURE 37 PROPERTY
IDENTIFICATION:**

Township 8S, Range 3W, Section 27

I. ELECTION

The claimants, Phillip and Martha Hale, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on December 4, 2006, for property located on Hylo Road SE, near Salem, in Marion County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

II. SUMMARY OF PRELIMINARY EVALUATION

Based on the department's preliminary analysis, it appears that the claimants are not eligible for any relief under Measure 49 because the claimants would not have been lawfully permitted to establish any additional home sites when they acquired the property.

III. THE MAXIMUM NUMBER OF HOME SITE APPROVALS FOR WHICH THE CLAIMANTS MAY QUALIFY

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election material; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested one home site approval in the election material. No waiver was issued

for this claim. The Measure 37 claim filed with the state describes one home site. Therefore, the claimants may qualify for a maximum of one home site approval under Section 6 of Measure 49.

IV. PRELIMINARY ANALYSIS OF QUALIFICATION FOR HOME SITE APPROVAL

1. Preliminary Analysis

To qualify for a home site approval under Section 6 of Measure 49, a claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

The claimants, Phillip and Martha Hale, filed a Measure 37 claim, M134114, with the state on December 4, 2006. The claimants filed a Measure 37 claim, M06-251, with Marion County on November 30, 2006. The state claim was filed on December 4, 2006.

It appears that the claimants timely filed a Measure 37 claim with both the state and Marion County.

In addition to filing a claim with both the state and the county in which the property is located, to qualify for a home site approval under Section 6 of Measure 49 the claimants must establish each of the following:

(a) The Claimant is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

According to the deed submitted by the claimants, Phillip and Martha Hale are the owners of fee title to the property as shown in the Marion County deed records and, therefore, are owners of the property under Measure 49.

(b) All Owners of the Property Have Consented in Writing to the Claim

It appears that the claimants are the sole owners of the property. Therefore, no additional consent is required.

(c) The Measure 37 Claim Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property is located in Marion County, outside the urban growth boundary and outside the city limits of the nearest city, Salem.

(d) One or More Land Use Regulations Prohibit Establishing the Dwelling

As stated in Section III above, the claimant may qualify for up to one home site approval.

The property is currently zoned Special Agriculture (SA) by Marion County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is "agricultural land" as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use (EFU). Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, provide standards for the establishment of a dwelling in an EFU zone. In general and subject to some exceptions, those standards require that the property be a minimum of 80 acres in size in an EFU zone and generate a minimum annual income from the sale of farm products.

The Measure 37 claim property consists of 1.02 acres. The combined effect of the standards for the establishment of a dwelling in an EFU zone is to prohibit the claimants from establishing a dwelling on the Measure 37 claim property.

(e) The Establishment of the Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Based on the documentation submitted by the claimants, it does not appear that the establishment of the one home site for which the claimants may qualify on the property would be prohibited by land use regulations described in ORS 195.305(3).

(f) On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than

one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates.”

Marion County deed records indicate that the claimants acquired the property on June 8, 1982.

The claimants acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Commission acknowledged Marion County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. At that time, the Measure 37 claim property was zoned Special Agriculture (SA) by Marion County. However, the Commission had not acknowledged that zone for compliance with the goals when the claimants acquired the property on June 8, 1982. Accordingly, the statewide planning goals, and in particular Goal 3 and ORS chapter 215 applied directly to the Measure 37 claim property when the claimants acquired it.

On June 10, 1982, two days after the claimants acquired the property, the Commission acknowledged the application of Marion County's Special Agriculture (SA) zone to the Measure 37 claim property. The Commission's acknowledgement of Marion County's SA zone confirmed that zone's compliance with Goal 3 and ORS chapter 215. Marion County's acknowledged SA zone required 20 acres for the establishment of a dwelling on a vacant lot or parcel. However, the zone also allowed a farm dwelling provided in part that the dwelling was the only dwelling on the property and contiguous property. The Measure 37 claim property consists of 1.02 acres. Marion County records and information submitted by the claimants indicates he claimants also own tax lot 1000, which is contiguous to the Measure 37 claim property and is developed with a dwelling. Therefore it appears that the claimants could not have established a dwelling on the Measure 37 claim property when the claimants acquired it.

2. Preliminary Conclusion

Based on the preliminary analysis, the claimants, Phillip and Martha Hale, do not qualify for Measure 49 home site approvals because the claimants were not lawfully permitted to establish the dwellings on the claimants' date of acquisition.
