**I. ELECTION**

The claimants, Wayne and Margey Bowers, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on December 1, 2006, for property located at 34162 Cloverdale Road, near Creswell, in Lane County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

**II. SUMMARY OF PRELIMINARY EVALUATION**

Based on the department's preliminary analysis, it appears that the claimants are not eligible for any relief under Measure 49 because the claimants would not have been lawfully permitted to establish any additional home sites when they acquired the property.

**III. THE MAXIMUM NUMBER OF HOME SITE APPROVALS FOR WHICH THE  
CLAIMANTS MAY QUALIFY**

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election

materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested Section 6 review in the election material. No waiver was issued for this claim. The Measure 37 claim filed with the state describes two home sites. Therefore, the claimants may qualify for a maximum of two home site approvals under Section 6 of Measure 49.

#### **IV. PRELIMINARY ANALYSIS OF QUALIFICATION FOR HOME SITE APPROVAL**

##### **1. Preliminary Analysis**

To qualify for a home site approval under Section 6 of Measure 49, a claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

The claimants, Wayne and Margey Bowers, filed a Measure 37 claim, M133125, with the state on December 1, 2006. The claimants filed a Measure 37 claim, PA06-7311, with Lane County on December 1, 2006. The state claim was filed prior to December 4, 2006.

It appears that the claimants timely filed a Measure 37 claim with both the state and Lane County.

In addition to filing a claim with both the state and the county in which the property is located, to qualify for a home site approval under Section 6 of Measure 49 the claimants must establish each of the following:

##### **(a) The Claimant is an Owner of the Property**

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

According to the deed submitted by the claimants, Wayne and Margey Bowers are the owners of fee title to the property as shown in the Lane County deed records and, therefore, are owners of the property under Measure 49.

##### **(b) All Owners of the Property Have Consented in Writing to the Claim**

It appears that the claimants are the sole owners of the property. Therefore, no additional consent is required.

**(c) The Measure 37 Claim Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City**

The Measure 37 claim property is located in Lane County, outside the urban growth boundary and outside the city limits of the nearest city, Creswell.

**(d) One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling**

As stated in Section III above, the claimants may qualify for up to two home site approvals.

The property is currently zoned Rural Residential (RR-5) by Lane County, in accordance with Goal 14, which prohibits the urban use of rural land and requires local comprehensive plans to identify and separate urbanizable from rural land in order to provide for the orderly and efficient transition from rural to urban use. State laws, namely Goal 14 and OAR 660-004-0040, prohibit the establishment of a lot or parcel less than the size established in the County rural residential zone in existence on October 4, 2000, if the zone in existence on that date had a minimum lot size of two or more acres. Lane County's RR-5 zone requires a minimum lot size of five acres.

The claimants' property consists of 4.56 acres. Therefore, state land use regulations prohibit the claimants from establishing on the Measure 37 claim property the two home sites the claimants may qualify for under Section 6 of Measure 49.

**(e) The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)**

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Based on the documentation submitted by the claimants, it does not appear that the establishment of the two home sites for which the claimants may qualify on the property would be prohibited by land use regulations described in ORS 195.305(3).

**(f) On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49**

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than

one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates.”

Lane County deed records indicate that the claimants acquired the property on June 2, 1977.

The claimants acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Commission acknowledged Lane County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251.

At that time, the Measure 37 claim property was zoned General Rural (GR-10) by Lane County, which required a minimum parcel size of 10 acres for the creation of a new lot or parcel. The property was ultimately acknowledged as non-resource land pursuant to Goal 14 (Urbanization), but because the property was not subject to an acknowledged zone, when the claimants acquired it on June 2, 1977, the statewide planning goals, and in particular Goal 14, applied directly to the Measure 37 claim property.

On June 2, 1977, Goal 14 required counties "[t]o provide for an orderly and efficient transition from rural to urban land use \* \* \*." The Goal required the creation of urban growth boundaries to "identify and separate urbanizable land from rural land," and prohibited the location of "urban uses" outside urban growth boundaries without the approval of a Goal 2 exception to Goal 14. Ultimately, the County's acknowledged plan zoned the subject property to require a minimum of five acres for the creation of a new lot or parcel. Therefore, the establishment of a new lot or parcel of five acres on the subject property would have complied with Goal 14 on the claimants' date of acquisition.

The claimants' property consists of 4.56 acres and is developed with a dwelling. Therefore, the claimants are not qualified for any additional home sites under Section 6 of Measure 49.

## **2. Preliminary Conclusion**

Based on the preliminary analysis, the claimants, Wayne and Margey Bowers, do not qualify for Measure 49 home site approvals because the claimants were not lawfully permitted to establish the lots, parcels or dwellings on the claimants' date of acquisition.
