DEVELOPMENT**

**ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW  
OF MEASURE 37 CLAIM  
Preliminary Evaluation**

November 19, 2010

**STATE ELECTION NUMBER:** D135030<sup>1</sup>

**CLAIMANTS:** Dennis and Ellen Von Wald  
24593 NW Bacona Road  
Buxton, OR 97109

**MEASURE 37 PROPERTY  
IDENTIFICATION:** Township 2N, Range 4W, Section 4  
Tax lots 700 and 701<sup>2</sup>  
Washington County

**I. ELECTION**

The claimants, Dennis and Ellen Von Wald, filed claims with Washington County under ORS 197.352 (2005) (Measure 37) on September 23, 2005, for property located at 49005 NW Pongratz Road, near Banks, in Washington County. The claimants did not file a state Measure 37 claim. ORS 195.300 to ORS 195.336 (Measure 49), as amended by Senate Bill 1049 (SB 1049) entitles claimants who filed Measure 37 claims only with the county in which the claim property is located to elect supplemental state review of their claims; and allows the Department of Land Conservation and Development (the department) to authorize one dwelling approval to qualified claimants and, if the property does not include a vacant parcel for the dwelling, a parcel on which to site the dwelling.

The claimants have elected supplemental review of their Washington County Measure 37 claims under SB 1049, and have submitted the \$2500 fee required by Section 7(2) of SB 1049 for that review.

---

<sup>1</sup> The claimants also have submitted a separate claim for property not contiguous to the subject property. That claim is identified as D135031.

<sup>2</sup> In the Washington County Measure 37 report, the county states that the two contiguous tax lots comprising the Measure 37 claim property, tax lots 700 and 701, are one legal parcel; tax lot 701 was divided from tax lot 700 illegally. In reliance on that report, this preliminary evaluation considers the Measure 37 claim property as one legal parcel.

## **II. SUMMARY OF PRELIMINARY EVALUATION**

Based on the department's preliminary analysis, it appears that the claimants are qualified for one dwelling approval and one parcel on which to site that dwelling on the Measure 37 claim property.

However, without the consent of Darcey L. Edwards, the department is not authorized to provide any relief under Measure 49. Such consent must be provided in writing within the time periods set for comment on this claim, set forth in OAR 660-041-0090.

## **III. PRELIMINARY ANALYSIS OF QUALIFICATION FOR DWELLING APPROVAL**

### **1. Preliminary Analysis**

To qualify for approval of a dwelling under Measure 49, as amended by SB 1049, a claimant must have filed, and not withdrawn, a valid Measure 37 claim with the county in which the claim property is located before Measure 49 became effective on December 6, 2007; and the county must have provided a certified copy of the claim to the department no later than June 30, 2010.

The claimants, Dennis and Ellen Von Wald, filed Measure 37 claims, 37CL0096 and 37CL0097, with Washington County on September 23, 2005. Washington County provided a certified copy of those claims to the department on June 7, 2010. It appears the claimants filed timely Measure 37 claims with Washington County in order to be eligible for supplemental review under SB 1049.

In addition to timely filing a county claim, to qualify for a dwelling approval under SB 1049, the claimants must also establish each of the following:

#### **(a) The Claimant is an Owner of the Property**

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

According to the deed submitted to the county by the claimants, Dennis and Ellen Von Wald are the settlors of a revocable trust into which they conveyed the Measure 37 claim property and, therefore, are owners of the property under Measure 49.

#### **(b) All Owners of the Property Have Consented in Writing to the Claim**

The deeds included with the claim indicate that there is one non-claimant owner who has not consented to the claim: Darcey L. Edwards. Without the consent of all non-claimant owners, the department is not authorized to provide any relief under Measure 49. Such consent must be

provided in writing within the time periods set for comment on this claim, set forth in OAR 660-041-0090.

**(c) The Majority of the Measure 37 Claim Property Is Located Outside Any Urban Growth Boundary and Outside the Boundaries of Any City; or the Measure 37 Claim Property is Located within the Boundaries of A City and Entirely Outside Any Urban Growth Boundary**

The Measure 37 claim property is located in Washington County, outside any urban growth boundary and outside the city boundary of the nearest city, Banks.

**(d) One or More Land Use Regulations Prohibit Establishing the Dwelling**

Tax lot 701 of the Measure 37 claim property is currently zoned Agriculture and Forest (AF-20) by Washington County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is “agricultural land” as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use. Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the establishment of a lot or parcel less than 80 acres in size in an EFU zone, and regulate the establishment of dwellings on new or existing lots or parcels.

Tax lot 700 of the Measure 37 claim property is currently zoned Exclusive Forest and Conservation (EFC) by Washington County, in accordance with ORS chapter 215 and OAR 660, division 6, because the property is “forest land” under Goal 4. Applicable provisions of ORS chapter 215 and OAR 660 division 6, enacted or adopted pursuant to Goal 4, generally prohibit the establishment of a lot or parcel less than 80 acres in size in a forest zone and regulate the establishment of dwellings on new or existing lots or parcels.

Combined, the claimants’ Measure 37 claim property consists of 38.77 acres in one parcel and is developed with one dwelling. Therefore, state land use regulations prohibit the claimants from establishing one additional dwelling and a parcel on which to site that dwelling.

**(e) The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)**

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Based on the documentation submitted by the claimants, it does not appear that the establishment of an additional dwelling and a lot or parcel on which to site the dwelling would be prohibited by land use regulations described in ORS 195.305(3).

**(f) On the Claimant’s Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least One Additional Dwelling on the Property**

A claimant’s acquisition date is “the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates.”

Washington County deed records indicate that the claimants acquired the property on May 26, 1966.

The Measure 37 claim property consists of 38.77 acres, and appears to currently be developed with one dwelling.

On May 26, 1966, the Measure 37 claim property was not subject to any local or state laws that would have prohibited the claimants from establishing at least one additional dwelling. Therefore, the claimants lawfully could have established one additional dwelling on the Measure 37 claim property under Section 6 of Measure 49, as amended by SB 1049.

**2. Preliminary Conclusion**

Based on the preliminary analysis, it appears that the claimants, Dennis and Ellen Von Wald, qualify for one dwelling under Section 6 of Measure 49, as amended by SB 1049. Because it appears that the Measure 37 claim property includes only one parcel that is already developed with one dwelling, the claimant also appears to qualify to divide the claim property to create one additional parcel on which to site the dwelling.

However, without the consent of Darcey L. Edwards, the department is not authorized to provide any relief under Measure 49. Such consent must be provided in writing within the time periods set for comment on this claim, set forth in OAR 660-041-0090.

**IV. PRELIMINARY STATEMENT OF PROPOSED LIMITATIONS AND CONDITIONS ON THE NUMBER AND SCOPE OF HOME SITE APPROVALS**

The department has identified the following limitations and conditions that may affect the dwelling approval that the claimants would otherwise be entitled to under Measure 49, as amended by SB 1049. This list may not be comprehensive and does not preclude the possibility that other considerations, not yet identified by the department, may affect the establishment of a dwelling and a lot or parcel on which to site that dwelling.

1. The establishment of a dwelling and a lot or parcel for that dwelling based on a Measure 49 authorization must comply with all applicable standards governing siting or development.

However, those standards must not be applied in a manner that prohibits the establishment of the dwelling, and the lot or parcel for that dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.

2. An authorization under Measure 49 does not allow the establishment of a dwelling, and lot or parcel for that dwelling, in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed.
4. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimants may choose to convert a temporary dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site pursuant to a Measure 49 dwelling approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.
5. An authorization under Measure 49 only allows the establishment of a new dwelling, and lot or parcel for that dwelling, on property on which the claimants are eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed, or on Measure 37 claim property on which a claimant is not eligible for Measure 49 relief. A lot or parcel established pursuant to this authorization must site the dwelling that may be established pursuant to this authorization.
6. The claimants may use an authorization to convert an unauthorized or nonconforming dwelling currently located on the claim property into an allowed use.
7. The claimants may not implement the relief described in a Measure 49 authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then any Measure 49 authorization for the property will be void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be authorized using this approval.
8. An authorization under Measure 49 does not allow the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings. The claimants may be required to partition a lot or parcel currently in existence on the Measure 37 claim property so that the authorized dwelling established on the property is sited on a separate lot or parcel.

9. If the property described in a claim is divided by an urban growth boundary, any new dwelling, and the lot or parcel for that dwelling that is established on the property pursuant to this authorization must be located on the portion of the property outside the urban growth boundary.
10. Because the property is located in an exclusive farm use zone and a forest zone, the new lot or parcel created for the authorized dwelling cannot exceed five acres. However, existing or remnant lots or parcels may exceed five acres. Before beginning construction in one of these zones, the owner must comply with the requirements of ORS 215.293. Further, this authorization will not allow a new lot or parcel that exceeds two acres if the new lot or parcel is located on high-value farmland, on high-value forestland or on land within a ground water restricted area. However, existing or remnant lots or parcels may exceed two acres.
11. Because the property is in an exclusive farm use zone and a forest zone, a Measure 49 requires the new lot or parcel to be located so as to maximize suitability of the remnant lot or parcel for farm or forest use. Further, if an owner of the property is authorized by other home site approvals to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
12. Once the department issues a final authorization, a dwelling and the lot or parcel for that dwelling established pursuant to that authorization will run with the property and will transfer with the property. An authorization will not expire, except that if a claimant who received an authorization later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the claimant is the settlor, the subsequent owner of the property must establish the authorized dwelling and lot or parcel, within 10 years of the conveyance. A lot or parcel lawfully created based on this authorization will remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. A dwelling lawfully created based on this authorization is a permitted use.
