Public Notice

From the OREGON COASTAL MANAGEMENT PROGRAM
of the OREGON DEPARTMENT OF LAND CONSERVATION & DEVELOPMENT

DATE: October 1, 2013

NOTICE: Pursuant to Section 307(f) of the Coastal Zone Management Act (CZMA), 16 U.S.C. §1456(f), and the Program Change Guidance issued in July 1996 by the Office of Ocean and Coastal Resource Management (OCRM) of the National Oceanic and Atmospheric Administration (NOAA), the state of Oregon gives notice of incorporation into the Oregon Coastal Management Program (OCMP) of the current requirements of its air pollution control program found in Oregon Revised Statutes Chapter 468A, and its water pollution control program found in Oregon Revised Statutes Chapter 468B.

CZMA § 307(f) states that requirements established by a state or local government pursuant to the federal Clean Air Act and Clean Water Act “shall be incorporated” into any program developed pursuant to the CZMA.

In 1977, Oregon’s Air Pollution Control and Water Pollution Control programs administered by the Department of Environmental Quality were recognized as a part of the original OCMP; at that time, these statutes were found at O.R.S. Chapter 468. In 1987, the OCMP was updated; the 1987 action included Oregon’s incorporation of updated air and water pollution provisions of Chapter 468. In 1991, the legislature re-codified the air pollution statutes into O.R.S. Chapter 468A and the water pollution statutes into O.R.S. Chapter 468B. In 2002 Oregon submitted notice to OCRM incorporating the then-current versions of Chapters 468A and 468B. These included the following provisions in 2002:

O.R.S. Chapter 468A
