However, in June 2015, the City Council allowed the removal of a property from the local historic district based on the findings that the City could not produce an original consent from the property owner when the district was created in the early 1980s.

Please include any explanation you feel would be helpful to understand your answer.
The process I selected above would be the process if additions were ever made. I don't see that any additions have been made since our Comprehensive Plan was adopted. |

Local Jurisdiction Historic Preservation Programs

Q7: How does your jurisdiction add HISTORIC DISTRICTS listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?

National Register properties are added to the local landmark register through an official adoption process.

Please include any explanation you feel would be helpful to understand your answer.
That's how it would be done if it were ever done...

Q8: If historic resources listed in the National Register are not added to your local landmark register do you have separate review criteria that apply directly?

No

Q9: Does your jurisdiction have the authority to DELAY demolition of properties listed in the National Register of Historic Places?

No, my jurisdiction cannot delay the demolition of resources listed in the local landmark register.

Q10: Does your jurisdiction have the authority to DENY demolition of properties listed in the National Register of Historic Places?

Yes,

Please include any explanation you feel would be helpful to understand your answer.
Our Comp. Plan has a policy that says the Co. shall require the preservation of a resource when it is found to be in the public's interest to do so. However, the inventory in the Comp. Plan likely does not match up to the current National Register

Q11: Does your adoption process for adding resources to the local landmark register consider other planning and land use priorities not related to historic preservation concerns?

Yes,

Please include any explanation you feel would be helpful to understand your answer.
We don't have a unique process in our Ordinance, so additions to Goal 5 would have to go through traditional Goal 5 process.

Q12: Does your jurisdiction have review standards/process requirements in your development code designed to protect historic resources on your local landmark register?

No

Yes,

Please include any explanation you feel would be helpful to understand your answer.
For example, demolition by neglect is prohibited.

Q13: For the purposes of objecting to listing in the local landmark register, how is owner defined? Please be as specific as possible.

Our historic resource chapter does not specifically define "owner", however, our Development Code as a whole defines "owner" as, "the owner of record of real property as shown on the tax rolls of the county, or a person who is purchasing a piece of property under contract."

Q14: Assuming that all procedural requirements are met during the listing process, can a property owner remove their property from the local landmark register after it was designated? Choose the answer that best fits.

Yes, subject to specific applicable criteria, not including the owner's personal wishes.

Please include any explanation you feel would be helpful to understand your answer.
Applicable criteria include: inclusion on the register was an error or listing was found to be an unfair economic burden to maintain the property as a historic resource

Local Jurisdiction Historic Preservation Programs

Q6: How does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?

National Register properties are added to the local landmark register through an official adoption process.

Please include any explanation you feel would be helpful to understand your answer.
An official adoption process is prescribed. In 1989 after considering economic, social, environmental, and energy consequences of resource preservation vs. allowing conflicting uses, each building/structure/amenity was listed within the Washington County Cultural Resource Inventory and each underlying lot was highlighted on the county's community plans and rural natural resource plan. Updates have not been made since. →

Q7: How does your jurisdiction add HISTORIC DISTRICTS listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?

National Register properties are added to the local landmark register through an official adoption process.

Please include any explanation you feel would be helpful to understand your answer.
Same as above.

Q8: If historic resources listed in the National Register are not added to your local landmark register do you have separate review criteria that apply directly?

No,

Please include any explanation you feel would be helpful to understand your answer.
Per OAR 660-023-0200(8), "Local governments shall protect all historic resources of statewide significance through local historic protection regulations, regardless of whether these resources are "designated" in the local plan." Assuming state resources include nationally designated sites, it seems we would apply our protections even if not listed on our own inventory.

Q9: Does your jurisdiction have the authority to DELAY demolition of properties listed in the National Register of Historic Places?

Please include any explanation you feel would be helpful to understand your answer.
Uncertain but we might based on the assumption in the response to the prior question - that we would apply our own protections, which do include the 120 day delay.

Q10: Does your jurisdiction have the authority to DENY demolition of properties listed in the National Register of Historic Places?

Please include any explanation you feel would be helpful to understand your answer.
Uncertain. See above.

Local Jurisdiction Historic Preservation Programs

Q11: Does your adoption process for adding resources to the local landmark register consider other planning and land use priorities not related to historic preservation concerns?

Yes,

Please include any explanation you feel would be helpful to understand your answer.
Consider economic, social, environmental, and energy consequences: • Of resource preservation vs. allowing conflicting uses; • On both resource site and conflicting use. * ESEE = • Economic; •

Q12: Does your jurisdiction have review standards/process requirements in your development code designed to protect historic resources on your local landmark register?

Yes

Q13: For the purposes of objecting to listing in the local landmark register, how is owner defined? Please be as specific as possible.

Community Development Code Sec. 106-149 --

"Owner: The legal owner(s) of record as shown on the tax rolls of the county, or where there is a recorded land sales contract in force, the purchaser thereunder."

This is a general definition that is not specific to historic listings.

Q14: Assuming that all procedural requirements are met during the listing process, can a property owner remove their property from the local landmark register after it was designated? Choose the answer that best fits.

Yes, the owner may remove their property for any reason.

Please include any explanation you feel would be helpful to understand your answer.
It appears that state law allows per OAR 660-023-0200: (6) The local government shall allow a property owner to remove from the property a historic property designation that was imposed on the property by the local government. (9) A local government shall not issue a permit for demolition or modification of a historic resource described under subsection (6) of this rule for at least 120 days from the date a property owner requests removal of historic resource designation from the property.

Q15: Does your jurisdiction have the authority to DELAY demolition of historic resources listed in the local landmark register?

Yes, 0-120 days

Q16: Does your jurisdiction have the authority to DENY demolition of historic resources listed in the local landmark register?

Please include any explanation you feel would be helpful to understand your answer.
Uncertain but delay and consideration of alternatives including potential relocation are required before approval.

Q11: Does your adoption process for adding resources to the local landmark register consider other planning and land use priorities not related to historic preservation concerns? No,
Please include any explanation you feel would be helpful to understand your answer.
For exterior alterations of a local landmark, meeting the provisions of the local comprehensive plan apply, but not for the initial designation. I'm not sure why.

Q12: Does your jurisdiction have review standards/process requirements in your development code designed to protect historic resources on your local landmark register? Yes,
Please include any explanation you feel would be helpful to understand your answer.
There are provisions and design standards for exterior alterations.

Q13: For the purposes of objecting to listing in the local landmark register, how is owner defined? Please be as specific as possible.

The Code requires the property owner to consent to the landmark application, but doesn't define specifically what property owner means.

Q14: Assuming that all procedural requirements are met during the listing process, can a property owner remove their property from the local landmark register after it was designated? Choose the answer that best fits. Yes, subject to specific applicable criteria, not including the owner's personal wishes.

Yes,

Please include any explanation you feel would be helpful to understand your answer.
Zoning Ordinance, Chpt 17.44 - Historic Overlay

Q13: For the purposes of objecting to listing in the local landmark register, how is owner defined? Please be as specific as possible.

The "owner" is the property owner, who has final say over whether their property is listed. However, I'm guessing that we'd include any historically significant property in our inventory, regardless of whether the owner was interested in being on a formal local (or Nat'l) register.

Q14: Assuming that all procedural requirements are met during the listing process, can a property owner remove their property from the local landmark register after it was designated? Choose the answer that best fits.

Yes, but only in narrow circumstances where the resource has been damaged, destroyed, or was mistakenly or incorrectly added to the local landmark register

Please include any explanation you feel would be helpful to understand your answer.
I'm guessing, since we our regulations don't address this.

Q1: What jurisdiction do you represent?	City of Astoria
Q2: Does your jurisdiction have a Goal 5 historic resources element in your comprehensive plan and/or a local preservation ordinance?	Yes
Q3: Does your jurisdiction have a historic preservation commission or committee?	Yes, the body is quasi-judicial.

PAGE 3: Treatment of Historic Properties Listed in the National Register of Historic Places

Q4: Does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources? (Referred to throughout the remainder of the survey as a local landmark register).	Yes, Please include any explanation you feel would be helpful to understand your answer. Property can add buildings to the landmark list and in return receive more flexibility in the State Building Code Historic Buildings Section.
Q5: Does your jurisdiction add HISTORIC DISTRICTS listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources?	Yes, Please include any explanation you feel would be helpful to understand your answer. Astoria has three historic districts and two historic inventoried areas for a total of five areas that have some level of historic preservation and new development design review.
Q6: How does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?	National Register properties are "automatically" added to the local landmark register once listed without an formal adoption process. Please include any explanation you feel would be helpful to understand your answer. There is a formal local landmark process for historic resources. Properties that are outside existing districts would need to be designated as a local landmark and then go through the National Register process.

Q4: Does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources? (Referred to throughout the remainder of the survey as a local landmark register).	No, Please include any explanation you feel would be helpful to understand your answer. There is a book with information in it, but there is no good inventory that has been digitized and easy to know right away if something is on that list or not. Likely because of turnover within the County, there is no one to turn to, to know if what we have has been adopted and if adopted has ever been added to.
Q5: Does your jurisdiction add HISTORIC DISTRICTS listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources?	No, Please include any explanation you feel would be helpful to understand your answer. I don't believe we have any districts.
Q6: How does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?	National Register properties are added to the local landmark register through an official adoption process. , Please include any explanation you feel would be helpful to understand your answer. To become a Goal 5 Resource I believe an adoption process would have to take place. This process is what I believe the county may never have gone through. So our inventory may not be adopted, but if it is to add to it would require a land use process and review.

Local Jurisdiction Historic Preservation Programs

Q7: How does your jurisdiction add HISTORIC DISTRICTS listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?

National Register properties are added to the local landmark register through an official adoption process.

Please include any explanation you feel would be helpful to understand your answer.
Same as above, although I don't believe we have any districts.

Q8: If historic resources listed in the National Register are not added to your local landmark register do you have separate review criteria that apply directly?

No,

Please include any explanation you feel would be helpful to understand your answer.
Not that I am aware of.

Q9: Does your jurisdiction have the authority to DELAY demolition of properties listed in the National Register of Historic Places?

No, my jurisdiction cannot delay the demolition of resources listed in the local landmark register.

Please include any explanation you feel would be helpful to understand your answer.
The Lake County Comprehensive Plan states: "That sites or structures that have local, regional, statewide or national historical or cultural significance will be protected to the extent practical. The County's Inventory of Historical Resources shall be updated periodically as new information becomes available." LCCP, Planning Guidelines, Goal V.

Q10: Does your jurisdiction have the authority to DENY demolition of properties listed in the National Register of Historic Places?

No,

Please include any explanation you feel would be helpful to understand your answer.
This county still doesn't even have completed GIS zoning maps, so it should be no surprise that we don't have a good data base and then have the historical properties/places located on a map. It would be great to have such a resource, however, as a one stop shop in which we don't have a staff other than myself to handle all the complexities of keeping up to date with all comprehensive plan inventories and land uses, we have to prioritize the time we have and where we spend it. All that said, I review all building permits (including demolition) and new construction, and we have not seen under my watch a building that could have qualified as historical value removed/remodeled/etc. It would be great to see how everyone else is handling this.

Local Jurisdiction Historic Preservation Programs

Q11: Does your adoption process for adding resources to the local landmark register consider other planning and land use priorities not related to historic preservation concerns?

Yes,

Please include any explanation you feel would be helpful to understand your answer.
All things are considered during a land use process. There has to be a balance of resources and all concerns should be addresses and hopefully resolved before moving any property/landmark forward.

Q12: Does your jurisdiction have review standards/process requirements in your development code designed to protect historic resources on your local landmark register?

No,

Please include any explanation you feel would be helpful to understand your answer.
Not that I am aware of. Although there are review criteria for any use that could likely be applied to a use to be established that would have an effect on a site.

Q13: For the purposes of objecting to listing in the local landmark register, how is owner defined? Please be as specific as possible.

Q14: Assuming that all procedural requirements are met during the listing process, can a property owner remove their property from the local landmark register after it was designated? Choose the answer that best fits.

Please include any explanation you feel would be helpful to understand your answer.
Good question, I don't know for sure. I would say a review would take place and that they would be able to for reasons like the property was damaged, destroyed, etc. The Comp Plan policy would be looked at and a finding would have to be made to justify the removal.

Q15: Does your jurisdiction have the authority to DELAY demolition of historic resources listed in the local landmark register?

No, my jurisdiction cannot delay the demolition of resources listed in the local landmark register.

Please include any explanation you feel would be helpful to understand your answer.
I don't believe we have that authority granted anywhere in our plan or ordinances.

Q16: Does your jurisdiction have the authority to DENY demolition of historic resources listed in the local landmark register?

No,

Please include any explanation you feel would be helpful to understand your answer.
I don't believe we have that authority granted anywhere in our plan or ordinances.

PAGE 2: General Questions

Q1: What jurisdiction do you represent?	City of Newberg
Q2: Does your jurisdiction have a Goal 5 historic resources element in your comprehensive plan and/or a local preservation ordinance?	Yes
Q3: Does your jurisdiction have a historic preservation commission or committee?	Yes, the body is quasi-judicial.

PAGE 3: Treatment of Historic Properties Listed in the National Register of Historic Places

Q4: Does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources? (Referred to throughout the remainder of the survey as a local landmark register).	Yes
Q5: Does your jurisdiction add HISTORIC DISTRICTS listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources?	No, Please include any explanation you feel would be helpful to understand your answer. No historic district at this time. Our local historic landmark overlay is applied to individual properties.
Q6: How does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?	National Register properties are added to the local landmark register through an official adoption process. , Please include any explanation you feel would be helpful to understand your answer. Our local historic landmark overlay is a zoning overlay, so if the overlay is going to be placed on a property it requires the same process as a zone change (public hearings and notice, as well as consent of the property owner).
Q7: How does your jurisdiction add HISTORIC DISTRICTS listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?	Not applicable

Local Jurisdiction Historic Preservation Programs

Q8: If historic resources listed in the National Register are not added to your local landmark register do you have separate review criteria that apply directly?

No,

Please include any explanation you feel would be helpful to understand your answer.
The criteria for a property to be added to the local historic landmark overlay are the same for all properties. If a property has been added to the National Register then it will be added as long as there is owner consent.

Q9: Does your jurisdiction have the authority to DELAY demolition of properties listed in the National Register of Historic Places?

Yes, 0-120 days,

Please include any explanation you feel would be helpful to understand your answer.
We can delay the demolition of properties on our local historic landmark overlay.

Q10: Does your jurisdiction have the authority to DENY demolition of properties listed in the National Register of Historic Places?

Yes,

Please include any explanation you feel would be helpful to understand your answer.
Technically yes, although I don't think it has ever been tested.

Q1: What jurisdiction do you represent?	City of Corvallis
Q2: Does your jurisdiction have a Goal 5 historic resources element in your comprehensive plan and/or a local preservation ordinance?	Yes
Q3: Does your jurisdiction have a historic preservation commission or committee?	Yes, the body is quasi-judicial.

PAGE 3: Treatment of Historic Properties Listed in the National Register of Historic Places

Q4: Does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources? (Referred to throughout the remainder of the survey as a local landmark register).	Yes, Please include any explanation you feel would be helpful to understand your answer. We do not formally add National Register resources on the City's Local Register but we do include them on a list available to the public which identifies it as a Designated Historic Resource and track them as being subject to local regulations.
Q5: Does your jurisdiction add HISTORIC DISTRICTS listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources?	Yes, Please include any explanation you feel would be helpful to understand your answer. Same as above. We track them and treat them the same as those on the Local Register but we do not have a duplicative Local Register designation.
Q6: How does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?	National Register properties are "automatically" added to the local landmark register once listed without an formal adoption process.
Q7: How does your jurisdiction add HISTORIC DISTRICTS listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?	National Register properties are "automatically" added to the local landmark register once listed without an formal adoption process.

Local Jurisdiction Historic Preservation Programs

Q9: Does your jurisdiction have the authority to DELAY demolition of properties listed in the National Register of Historic Places?

Yes, 0-120 days,

Please include any explanation you feel would be helpful to understand your answer.
All demolitions of structures greater than 200 sq. ft. within the City (not just historic resources) have a 55 notification period.

Q10: Does your jurisdiction have the authority to DENY demolition of properties listed in the National Register of Historic Places?

Yes,

Please include any explanation you feel would be helpful to understand your answer.
All demolitions of Designated Historic Resources, including those on the National Register, require HP Permit approval from the HRC (or City Council if appealed).

PAGE 4: Treatment of Properties Listing in the Local Landmark Register

Q11: Does your adoption process for adding resources to the local landmark register consider other planning and land use priorities not related to historic preservation concerns?

No

Q12: Does your jurisdiction have review standards/process requirements in your development code designed to protect historic resources on your local landmark register?

Yes,

Please include any explanation you feel would be helpful to understand your answer.
Only those formally designated as historic, but not those that have only been inventoried.

Q13: For the purposes of objecting to listing in the local landmark register, how is owner defined? Please be as specific as possible.

Property owner is not defined in the Code, but we would rely on county records to determine the property owner. In the situation where it may be owned by a trust or some other entity where multiple parties may be involved, we would require some sort of notarized document demonstrating legal authority to act on the owner's behalf.

Q14: Assuming that all procedural requirements are met during the listing process, can a property owner remove their property from the local landmark register after it was designated? Choose the answer that best fits.

Yes, subject to specific applicable criteria, not including the owner's personal wishes.

Q15: Does your jurisdiction have the authority to DELAY demolition of historic resources listed in the local landmark register?

Yes, 0-120 days,

Please include any explanation you feel would be helpful to understand your answer.
Same citywide 55 day notification applies.

Q16: Does your jurisdiction have the authority to DENY demolition of historic resources listed in the local landmark register?

Yes,

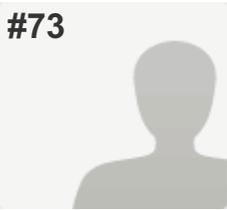

Please include any explanation you feel would be helpful to understand your answer.
Only those formally designated as historic require an HPP, but not for those that are only inventoried.

Q6: How does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?	Please include any explanation you feel would be helpful to understand your answer. Both are true in practice, theoretically. Our code has some unclear/conflicting provisions that indicate that NR properties are automatically added to local landmark register/G5 inventory, but also lays out a Type VI process for designation, which we have followed for the one NR district expansion we have had. I don't believe the situation has come up for individual properties listed on the NR, since the most recent listing of relevance involved a property that was already on the local inventory.

Q8: If historic resources listed in the National Register are not added to your local landmark register do you have separate review criteria that apply directly?

Not applicable,

Please include any explanation you feel would be helpful to understand your answer.
Review criteria for all NR and other local landmarks are the same generally, except that certain provisions may apply differently if property is non-historic or historic non-contributing or if landmark is not on NR (e.g. new construction provisions do not apply on lots with local landmarks that are not on NR or in NR district)

Q9: Does your jurisdiction have the authority to DELAY demolition of properties listed in the National Register of Historic Places?

Yes, over 120 days,

Please include any explanation you feel would be helpful to understand your answer.
Up to 365 from complete application.

Q10: Does your jurisdiction have the authority to DENY demolition of properties listed in the National Register of Historic Places?

No,

Please include any explanation you feel would be helpful to understand your answer.
Approve, Approve with Conditions, OR invoke a stay to the demolition for up to 365 days from date of complete application.

Q11: Does your adoption process for adding resources to the local landmark register consider other planning and land use priorities not related to historic preservation concerns?

Please include any explanation you feel would be helpful to understand your answer.
Uncertain what we have done in practice. The Historic designation criteria do not require other priorities per se, but it is possible we may have done so as we would for any Development Code Amendment or Comprehensive Plan amendment process.

Q12: Does your jurisdiction have review standards/process requirements in your development code designed to protect historic resources on your local landmark register?

Yes

Q13: For the purposes of objecting to listing in the local landmark register, how is owner defined? Please be as specific as possible.

Development code defines owner, when used in relationship to real property, as "the legal owner of record or, when there is a recorded land sales contract in force, the purchaser of land".

In the context of initiation of the designation or removing a landmark or historic district, the code states that "No historic resources shall be designated as a landmark without the written consent of the owner, or in the case of multiple ownership, a majority of owners. "

Q14: Assuming that all procedural requirements are met during the listing process, can a property owner remove their property from the local landmark register after it was designated? Choose the answer that best fits.

Please include any explanation you feel would be helpful to understand your answer.
Code says only local landmarks outside of NR districts and not listed on the NR individually are eligible for removal from the local inventory. Code also says that in the event that NR building is demolished or moved, application shall be made to SHPO to remove/redesignate property from the NR. For non NR properties, there is a Type 1 process for delisting due to demolition or relocation.

Q15: Does your jurisdiction have the authority to DELAY demolition of historic resources listed in the local landmark register?

Yes, over 120 days,

Please include any explanation you feel would be helpful to understand your answer.
Process for NR properties and non NR properties on the local register is the same.

Q16: Does your jurisdiction have the authority to DENY demolition of historic resources listed in the local landmark register?

No,

Please include any explanation you feel would be helpful to understand your answer.
Process for NR properties and non NR properties on the local register is the same. Demo application is required and decision can be to approve, approve conditionally, or invoke a stay.

PAGE 2: General Questions

- Q1: What jurisdiction do you represent?** Morrow County
- Q2: Does your jurisdiction have a Goal 5 historic resources element in your comprehensive plan and/or a local preservation ordinance?** Yes
- Q3: Does your jurisdiction have a historic preservation commission or committee?** No, the City Council or Planning Commission serves this function.

PAGE 3: Treatment of Historic Properties Listed in the National Register of Historic Places

- Q4: Does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources? (Referred to throughout the remainder of the survey as a local landmark register).** Yes,
Please include any explanation you feel would be helpful to understand your answer.
There are some individual properties or locations listed within our outdated Natural Resources Element. No newly identified individual properties have been added to the Element in many years, possibly since adoption in 1980 and acknowledgement in 1986.
- Q5: Does your jurisdiction add HISTORIC DISTRICTS listed in the National Register of Historic Places to your local landmarks register, Goal 5 inventory list for historic resources, or other adopted list of historic resources?** No,
Please include any explanation you feel would be helpful to understand your answer.
There are no districts listed and there are no areas in the county that would be considered a district.
- Q6: How does your jurisdiction add INDIVIDUAL PROPERTIES (a single building) listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?** National Register properties are added to the local landmark register through an official adoption process.
,
Please include any explanation you feel would be helpful to understand your answer.
There are no provisions for a property to be automatically added to our inventory. Any additions would require an amendment to our Comprehensive Plan. Any protections would be governed by the Morrow County Zoning Ordinance Article 3 Use Zones Section 3.300 Historic Buildings and Sites.

Q7: How does your jurisdiction add HISTORIC DISTRICTS listed in the National Register to your local landmarks register, Goal 5 inventory list, or other adopted list of historic resources?

National Register properties are added to the local landmark register through an official adoption process.

Please include any explanation you feel would be helpful to understand your answer.
See above.

Q8: If historic resources listed in the National Register are not added to your local landmark register do you have separate review criteria that apply directly?

No,

Please include any explanation you feel would be helpful to understand your answer.
Neither the Comprehensive Plan or Zoning Ordinance address this directly.

Q9: Does your jurisdiction have the authority to DELAY demolition of properties listed in the National Register of Historic Places?

No, my jurisdiction cannot delay the demolition of resources listed in the local landmark register.

Please include any explanation you feel would be helpful to understand your answer.
Your answer does not jive with your question... no, my jurisdiction cannot delay the demolition of properties listed in the National Register of Historic Places

Q10: Does your jurisdiction have the authority to DENY demolition of properties listed in the National Register of Historic Places?

No

Q11: Does your adoption process for adding resources to the local landmark register consider other planning and land use priorities not related to historic preservation concerns?

Yes,

Please include any explanation you feel would be helpful to understand your answer.
During a recent update to the Comprehensive Plan for aggregate resources the Goal 5 Process was amended to be compliant with Division 23 standards which does require an determination of significance, and impact or ESEE analysis, development of a resource protection program based on the ESEE analysis, followed by amendments to our various lists and maps.

Q12: Does your jurisdiction have review standards/process requirements in your development code designed to protect historic resources on your local landmark register?

Yes,

Please include any explanation you feel would be helpful to understand your answer.
See earlier reference to Section 3.300 Historic Buildings and Sites.

Q13: For the purposes of objecting to listing in the local landmark register, how is owner defined? Please be as specific as possible.

Section 3.300 only refers to "a property owner or his authorized agent." Owner is defined in our definitions as "the owner of the title to real property or the authorized agent thereof, or the contract purchaser of real property of record as shown on the last available complete tax assessment roll or county recorder's records."

Q14: Assuming that all procedural requirements are met during the listing process, can a property owner remove their property from the local landmark register after it was designated? Choose the answer that best fits.

Please include any explanation you feel would be helpful to understand your answer.
The Comprehensive Plan does not identify a mechanism for a resource to be removed from any inventory. That was discussed during our recent aggregate update and it was determined that an applicant could use the same process to remove a resource as is used to list a resource. The same approach could be used here.

Q15: Does your jurisdiction have the authority to DELAY demolition of historic resources listed in the local landmark register?

Yes, over 120 days,

Please include any explanation you feel would be helpful to understand your answer.
Surprisingly our Zoning Ordinance does have provision (see Section 3.300 identified earlier) to delay demolition.

Q16: Does your jurisdiction have the authority to DENY demolition of historic resources listed in the local landmark register?

No,

Please include any explanation you feel would be helpful to understand your answer.
Interestingly it does provide a mechanism to deny alteration, but not demolition.
