**I. SUMMARY OF CLAIM**

The claimants, John and Erma Jantzi, seek compensation in the amount of \$1 million for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimants desire compensation or the right to divide the 16.16-acre property, consisting of tax lots 601 and 801, into two- to five-acre parcels and to develop a dwelling on each resulting undeveloped parcel. The subject property is located at 1896 Logsdan Road, near Siletz, in Lincoln County. (See claim.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the preliminary findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to John and Erma Jantzi's division of the 16.16-acre property into two- to five-acre parcels and to their development of a dwelling on each resulting undeveloped

parcel: applicable provisions of Statewide Planning Goal 4 (Forest Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 6. These laws will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when they acquired tax lot 801 on November 11, 1962, and tax lot 601 on July 6, 1965. (See the complete recommendation in Section VI of this report.)

### **III. COMMENTS ON THE CLAIM**

#### **Comments Received**

On October 11, 2005, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

### **IV. TIMELINESS OF CLAIM**

#### **Requirement**

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

#### **Findings of Fact**

This claim was submitted to DAS on September 26, 2005, for processing under OAR 125, division 145. The claim identifies Senate Bills 10 and 100; Chapters 80 to 173, 1969 Session Oregon Laws; Goal 3; and OAR 660, division 33, as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

#### **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

## V. ANALYSIS OF CLAIM

### 1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

### Findings of Fact

The claimants, John and Erma Jantzi, acquired tax lot 801 on November 11, 1962, and tax lot 601 on July 6, 1965, as reflected by warranty deeds included with the claim. The Lincoln County Assessor’s Office confirms the claimants’ current ownership of the subject property.

### Conclusions

The claimants, John and Erma Jantzi, are “owners” of the subject property as that term is defined by ORS 197.352(11)(C), as of November 11, 1962 (for tax lot 801) and July 6, 1965 (for tax lot 601).

### 2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimants’ use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimants acquired the property.

### Findings of Fact

The claim indicates that the claimants desire to divide the 16.16-acre property into two- to five-acre parcels and to develop a dwelling on each of the resulting undeveloped parcels. It indicates the desired use is not allowed under current land use regulations.

The claim is based generally on Lincoln County’s current Agriculture Conservation (A-C) zone and the applicable provisions of state law that require such zoning. The claimants’ property is zoned A-C as required by Goal 4, in accordance with ORS 215 and OAR 660, division 6, because the claimants’ property is “forest land” under Goal 4. Goal 4 became effective on January 25, 1975, and requires that forest land be zoned for forest use (see statutory and rule history under OAR 660-015-0000(4)). The forest land administrative rules (OAR 660, division 6) became effective on September 1, 1982, and ORS 215.705 to 215.755 and 215.780 became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). OAR 660-006-0026 and 660-006-0027 were amended on March 1, 1994, to implement those statutes.

Together, ORS 215.705 to 215.755 and 215.780 and OAR 660, division 6, enacted or adopted pursuant to Goal 4, prohibit the division of forest land into parcels less than 80 acres and establish standards for development of dwellings on existing or proposed parcels on those lands.

The claimants acquired tax lot 801 on November 11, 1962, and tax lot 601 on July 6, 1965, prior to the adoption of the statewide planning goals and their implementing statutes and regulations.

### **Conclusions**

The current zoning requirements, minimum lot size and dwelling standards established by Goal 4 and provisions applicable to land zoned for forest use in ORS 215 and OAR 660, division 6, were all enacted or adopted after the claimants acquired the subject property in 1962 and 1965 and do not allow the desired division or development of the property. These laws restrict the use of the property relative to the uses allowed when the claimants' acquired the subject property.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property, based on the uses that the claimants have identified. There may be other laws that currently apply to the claimants' use of the subject property, and that may continue to apply to the claimants' use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

### **Findings of Fact**

The claim includes an estimate of \$1 million, as the reduction in the subject property's fair market value due to the regulations that restrict the claimants' desired use of the property. This amount is based on the claimants' assessment of the subject property's value.

### **Conclusions**

As explained in Section V.(1) of this report, the claimants are John and Erma Jantzi who acquired tax lot 801 on November 11, 1962, and tax lot 601 on July 6, 1965. Under ORS 197.352, the claimants are due compensation for land use regulations that restrict the use of the subject property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimants acquired the subject property restrict the claimants' desired use of the property. The claimants estimate that the effect of the regulations on the fair market value of the subject property is a reduction of \$1 million.

Without an appraisal or other documentation, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the subject property's fair market value. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

#### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

#### **Findings of Fact**

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, which Lincoln County has implemented through its current A-C zone. All of these land use regulations were enacted or adopted after the claimants acquired the subject property.

#### **Conclusions**

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that none of the general statutory, goal and rule restrictions on residential division and development of the subject property were in effect when the claimants acquired tax lot 801 in 1962 and tax lot 601 in 1965. As a result, these laws are not exempt under ORS 197.352(3)(E).

Laws in effect when the claimants acquired the subject property are exempt under ORS 197.352(3)(E) and will also continue to apply to the claimants' use of the property. In addition, the department notes that ORS 215.730 and OAR 660, division 6, include standards for siting dwellings in forest zones. Those provisions include fire protection standards for dwellings. ORS 197.352(3)(B) specifically exempts regulations "restricting or prohibiting activities for the protection of public health and safety, such as fire and building codes...." Accordingly, siting standards for dwellings in forest zones in ORS 215.730 and OAR 660, division 6, are exempt under ORS 197.352(3)(B).

There may be other laws that continue to apply to the claimants' use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the uses that the claimants have identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. The claimants should be aware that the less information they have provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to their use of the subject property.

## VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimants' desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$1 million. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimants' desired use of the property was allowed under the standards in effect when they acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow John and Erma Jantzi to use the subject property for a use permitted at the time they acquired tax lot 801 on November 11, 1962, and tax lot 601 on July 6, 1965.

### **Conclusions**

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to John and Erma Jantzi's division of the 16.16-acre property into two- to five-acre parcels or their development of a dwelling on each resulting undeveloped parcel: applicable provisions of Goal 4, ORS 215 and OAR 660, division 6. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when they acquired tax lot 801 on November 11, 1962, and tax lot 601 on July 6, 1965.
2. The action by the State of Oregon provides the state's authorization to the claimants to use the subject property for the use described in this report, subject to the standards in effect on November 11, 1962, and July 6, 1965.

3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.

## **VII. NOTICE OF OPPORTUNITY TO COMMENT**

This staff report is not a final decision by the department and does not authorize any use of the property that is the subject of this report. OAR 125-145-0100 provides an opportunity for the claimants or the claimants' authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
