THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR)	FINAL ORDER
COMPENSATION UNDER ORS 197.352)	CLAIM NO. M121765
(BALLOT MEASURE 37) OF)	
Dian Warrens, CLAIMANT)	

Claimant: Dian Warrens (the Claimant)

Property: Township 2N, Range 4S, Section 33, Tax lot 205, Washington County
(the Property)

Claim: The demand for compensation and any supporting information received from the
Claimant by the State of Oregon (the Claim).

Claimant submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Dian Warrens' development of a single farm-related dwelling on the 10-acre property: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after August 15, 1986. These land use regulations will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on August 15, 1986.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the property for the use described in this report, subject to the standards in effect on August 15, 1986. On that date, the property was subject to compliance with Washington County's acknowledged AF-20 zone, and the applicable provisions of Goal 3, ORS 215 and OAR 660, division 5, then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property

unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

This Order is entered by the Deputy Director of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Deputy Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

AND DEVELOPMENT COMMISSION:

2. A cause of action under ORS 197.352 (Measure 37 (2004)): If a land use regulation continues to apply to the subject property more than 180 days after the present owner of the property has made written demand for compensation under ORS 197.352¹, the present owner of the property, or any interest therein, shall have a cause of action in the circuit court in which the real property is located.

(Copies of the documents that comprise the record are available for review at the Department's office at 635 Capitol Street NE, Suite 150, Salem, Oregon 97301-2540)

FOR INFORMATION ONLY

The Oregon Department of Justice has advised the Department of Land Conservation and Development that “[i]f the current owner of the real property conveys the property before the new use allowed by the public entity is established, then the entitlement to relief will be lost.”

¹ By order of the Marion County Circuit Court, “all time lines under Measure 37 [were] suspended indefinitely” on October 25, 2005. This suspension was lifted on March 13, 2006 by the court. As a result, a period of 139 days (the number of days the time lines were suspended) has been added to the 180-day time period under ORS 197.352(6) for claims that were pending with the state on October 25, 2005.

ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION
OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT
Final Staff Report and Recommendation

June 16, 2006

STATE CLAIM NUMBER: M121765

NAME OF CLAIMANT: Dian Warrens

MAILING ADDRESS: 320 Northwest Uptown Terrace #4A
Portland, Oregon 97210

PROPERTY IDENTIFICATION: Township 2N, Range 4S, Section 33
Tax lot 205
Washington County

DATE RECEIVED BY DAS: August 8, 2005

180-DAY DEADLINE: June 23, 2006¹

I. SUMMARY OF CLAIM

The claimant, Dian Warrens, seeks compensation in the amount of \$400,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to develop a farm-related dwelling on the 10-acre subject property. The subject property is located off Wapiti Lane, near Banks, in Washington County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to Dian Warrens' development of a farm-related dwelling on the 10-acre property: applicable provisions of Statewide Planning Goal 3 (Agricultural Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 33, enacted or adopted after August 15, 1986. These laws will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on August 15, 1986. (See the complete recommendation in Section VI. of this report.)

¹ This date reflects 180 days from the date the claim was submitted as extended by the 139 days enforcement of Measure 37 was suspended during the pendency of the appeal of *MacPherson v. Dept. of Admin. Svcs.*, 340 Or 117 (2006).

III. COMMENTS ON THE CLAIM

Comments Received

On October 3, 2005, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, two written comments, evidence or information were received in response to the 10-day notice.

The comments do not address whether the claim meets the criteria for relief under ORS 197.352. Comments concerning the effects a use of the subject property may have on surrounding areas are generally not something that the department is able to consider in determining whether to waive a state law. If funds do become available to pay compensation, then such effects may become relevant in determining which claims to pay compensation for instead of waive a state law. (See the comment letters in the department's claim file.)

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

Findings of Fact

This claim was submitted to DAS on August 8, 2005, for processing under OAR 125, division 145. The claim identifies ORS 215.213 and OAR 660, division 33, as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), as based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

Findings of Fact

The claimant, Dian Warrens, acquired the subject property on August 15, 1986, as reflected by a decree of dissolution of marriage included with the claim.² The Washington County Assessor’s Office confirms the claimant’s current ownership of the subject property.

Conclusions

The claimant, Dian Warrens, is an “owner” of the subject property as that term is defined by ORS 197.352(11)(C), as of August 15, 1986.

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

Findings of Fact

The claim indicates that the claimant desires to develop a single farm-related dwelling on the 10-acre subject property and cites ORS 215.213 and OAR 660, division 33, as preventing that desired use.

The claim is based generally on Washington County’s current AF-20 zone, an Exclusive Farm Use (EFU) zone, and the applicable provisions of state law that require such zoning. The claimant’s property is zoned AF-20 as required by Goal 3, in accordance with ORS 215 and OAR 660, division 33, because the claimant’s property is “agricultural land” as defined by Goal 3.³ Goal 3 became effective on January 25, 1975, and required that agricultural lands as defined by the Goal be zoned EFU pursuant to ORS 215.

Current land use regulations, particularly ORS 215.213 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, establish standards for development of dwellings on existing or proposed parcels on EFU-zoned land in marginal lands counties.

² The claimant asserts she acquired the property in 1970, when her ex-husband acquired the property by contract. However, documents submitted with the claim establish that the claimant was not a party to that contract and did not acquire the property until the August 15, 1986, dissolution of marriage decree.

³ The claimant’s property is “agricultural land” because it contains Natural Resources Conservation Service Class I-IV soils.

OAR 660-033-0135 (applicable to farm dwellings) became effective on March 1, 1994, and interprets the statutory standard for a primary dwelling in an EFU zone in a marginal lands county under ORS 215.213. OAR 660-033-0130(4)(e) (applicable to non-farm dwellings in marginal lands counties) became effective on August 7, 1993. The Commission subsequently adopted amendments to comply with House Bill 3326 (Chapter 704, Oregon Laws 2001, effective on January 1, 2002), which were effective on May 22, 2002. (See administrative rule history for OAR 660-033-0100, -0130 and -0135.)

The claimant acquired the subject property on August 15, 1986. At that time, the property was subject to the Washington County's AF-20 zone, which was acknowledged by the Commission for compliance with Goal 3 on July 30, 1986. When the claimant acquired the subject property, the desired development of the property would have been subject to the county's AF-20 zone and the applicable provisions of ORS 215 and OAR 660, division 5, then in effect.

Conclusions

The current zoning requirements and dwelling standards established by Goal 3, ORS 215 and OAR 660, division 33, were all enacted or adopted after the claimant acquired the subject property in 1986 and do not allow the claimant's desired development of the property. However, the claim does not establish whether or to what extent the claimant's desired use of the subject property complies with Washington County's AF-20 zone and the provisions of ORS 215 and OAR 660, division 5, in effect when the claimant acquired the property on August 15, 1986.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimant has identified. There may be other laws that currently apply to the claimant's use of the subject property, and that may continue to apply to the claimant's use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that any land use regulation described in Section V.(2) of this report must have "the effect of reducing the fair market value of the property, or any interest therein."

Findings of Fact

The claim includes an estimate of \$400,000 as the reduction in the subject property's fair market value due to current regulations. This amount is based on the claimant's assessment of the subject property's fair market value.

Conclusions

As explained in Section V.(1) of this report, the claimant is Dian Warrens who acquired the subject property on August 15, 1986. Under ORS 197.352, the claimant is due compensation for land use regulations that restrict the use of the subject property in a manner that reduces its fair

market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimant acquired the subject property may restrict the desired development of the property. The claimant estimates the reduction in value due to the restrictions to be \$400,000.

Without an appraisal or other documentation and without verification of whether or the extent to which the claimant's desired use of the subject property was allowed under the standards in effect when she acquired the property, it is not possible to substantiate the specific dollar amount the claimant demands for compensation. Nevertheless, based on the submitted information, the department determines that it is more likely than not that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

Findings of Fact

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, which Washington County has implemented through its current AF-20 zone. With the exception of provisions of Goal 3 and ORS 215 in effect when the claimant acquired the subject property on August 15, 1986, these land use regulations were enacted or adopted after the claimant acquired the subject property.

Conclusions

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that the general statutory, goal and rule restrictions on development of the claimant's property are not exempt under ORS 197.352(3)(E) to the extent they were enacted or adopted after the claimant acquired the property on August 15, 1986. Provisions of Goal 3 and ORS 215 in effect when the claimant acquired the subject property in 1986 are exempt under ORS 197.352(3)(E) and will continue to apply to the property.

Other laws in effect when the claimant acquired the subject property are also exempt under ORS 197.352(3)(E) and will continue to apply to the claimant's use of the property. There may be other laws that continue to apply to the claimant's use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property, based on the use that the claimant has identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. The claimant should be aware that the less information she has provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to her use of the subject property.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the current owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimant's ability to develop a single farm-related dwelling on the 10-acre subject property. The claim asserts that the laws enforced by the Commission or the department reduce the fair market value of the subject property by \$400,000. However, because the claim does not provide an appraisal or other specific documentation establishing how the specified restrictions reduce the fair market value of the subject property, and without verification of whether or the extent to which the claimant's desired use of the property was allowed under the standards in effect when she acquired the property, a specific amount of compensation cannot be determined. Nevertheless, based on the record for this claim, the department acknowledges that the laws on which the claim is based likely have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Dian Warrens to use the subject property for a use permitted at the time she acquired the property on August 15, 1986.

Conclusions

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Dian Warrens' development of a single farm-related dwelling on the 10-acre property: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after August 15, 1986. These land use regulations will not apply to the claimant only to the extent

necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on August 15, 1986.

2. The action by the State of Oregon provides the state's authorization to the claimant to use the property for the use described in this report, subject to the standards in effect on August 15, 1986. On that date, the property was subject to compliance with Washington County's acknowledged AF-20 zone, and the applicable provisions of Goal 3, ORS 215 and OAR 660, division 5, then in effect.

3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

VII. COMMENTS ON THE DRAFT STAFF REPORT

The department issued its draft staff report on this claim on May 30, 2006. OAR 125-145-0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. Comments received have been taken into account by the department in the issuance of this final report.
