197.302 Metropolitan service district determination of buildable land supply; corrective action; enforcement. (1) After gathering and compiling information on the performance measures as described in ORS 197.301 but prior to submitting the information to the Department of Land Conservation and Development, a metropolitan service district shall determine if actions taken under ORS 197.296 (6) have established the buildable land supply and housing densities necessary to accommodate estimated housing needs determined under ORS 197.296 (3). If the metropolitan service district determines that the actions undertaken will not accommodate estimated need, the district shall develop a corrective action plan, including a schedule for implementation. The district shall submit the plan to the department along with the report on performance measures required under ORS 197.301. Corrective action under this section may include amendment of the urban growth boundary, comprehensive plan, regional framework plan, functional plan or land use regulations as described in ORS 197.296.

(2) Within two years of submitting a corrective action plan to the department, the metropolitan service district shall demonstrate by reference to the performance measures described in ORS 197.301 that implementation of the plan has resulted in the buildable land supply and housing density within the urban growth boundary necessary to accommodate the estimated housing needs for each housing type as determined under ORS 197.296 (3).

(3) The failure of the metropolitan service district to demonstrate the buildable land supply and housing density necessary to accommodate housing needs as required under this section and ORS 197.296 may be the basis for initiation of enforcement action pursuant to ORS 197.319 to 197.335. [1997 c.763 §4; 2001 c.908 §3]

197.303 "Needed housing" defined. (1) As used in ORS 197.307, until the beginning of the first periodic review of a local government's acknowledged comprehensive plan, "needed housing" means housing types determined to meet the need shown for housing within an urban growth boundary at particular price ranges and rent levels. On and after the beginning of the first periodic review of a local government's acknowledged comprehensive plan, "needed housing" also means:

- (a) Housing that includes, but is not limited to, attached and detached single-family housing and multiple family housing for both owner and renter occupancy;
- (b) Government assisted housing;
- (c) Mobile home or manufactured dwelling parks as provided in ORS 197.475 to 197.490; and
- (d) Manufactured homes on individual lots planned and zoned for single-family residential use that are in addition to lots within designated manufactured dwelling subdivisions.

(2) Subsection (1)(a) and (d) of this section shall not apply to:

- (a) A city with a population of less than 2,500.
- (b) A county with a population of less than 15,000.

(3) A local government may take an exception to subsection (1) of this section in the same manner that an exception may be taken under the goals. [1981 c.884 §6; 1983 c.795 §2; 1989 c.380 §1]

197.304 Lane County accommodation of needed housing. (1) Notwithstanding an intergovernmental agreement pursuant to ORS 190.003 to 190.130 or acknowledged comprehensive plan provisions to the contrary, a city within Lane County that has a population of 50,000 or more within its boundaries shall meet its obligation under ORS 197.295 to 197.314 separately from any other city within Lane County. The city shall, separately from any other city:

- (a) Establish an urban growth boundary, consistent with the jurisdictional area of responsibility specified in the acknowledged comprehensive plan; and
- (b) Demonstrate, as required by ORS 197.296, that its comprehensive plan provides sufficient buildable lands within an urban growth boundary established pursuant to statewide planning goals to

accommodate estimated housing needs for 20 years.

(2) Except as provided in subsection (1) of this section, this section does not alter or affect an intergovernmental agreement pursuant to ORS 190.003 to 190.130 or acknowledged comprehensive plan provisions adopted by Lane County or local governments in Lane County. [2007 c.650 §2]

Note: Section 3, chapter 650, Oregon Laws 2007, provides:

Sec. 3. A local government that is subject to section 2 of this 2007 Act [197.304] shall complete the inventory, analysis and determination required under ORS 197.296 (3) to begin compliance with section 2 of this 2007 Act within two years after the effective date of this 2007 Act [January 1, 2008] [2007 c.650 §3]

197.305 [1973 c.80 §52; 1977 c.664 §23; repealed by 1979 c.772 §26]

197.307 **Effect of need for certain housing in urban growth areas; approval standards for certain residential development; placement standards for approval of manufactured dwellings.** (1) The availability of affordable, decent, safe and sanitary housing opportunities for persons of lower, middle and fixed income, including housing for farmworkers, is a matter of statewide concern.

(2) Many persons of lower, middle and fixed income depend on government assisted housing as a source of affordable, decent, safe and sanitary housing.

(3)(a) When a need has been shown for housing within an urban growth boundary at particular price ranges and rent levels, needed housing, including housing for farmworkers, shall be permitted in one or more zoning districts or in zones described by some comprehensive plans as overlay zones with sufficient buildable land to satisfy that need.

(b) A local government shall attach only clear and objective approval standards or special conditions regulating, in whole or in part, appearance or aesthetics to an application for development of needed housing or to a permit, as defined in ORS 215.402 or 227.160, for residential development. The standards or conditions may not be attached in a manner that will deny the application or reduce the proposed housing density provided the proposed density is otherwise allowed in the zone.

(c) The provisions of paragraph (b) of this subsection do not apply to an application or permit for residential development in an area identified in a formally adopted central city plan, or a regional center as defined by Metro, in a city with a population of 500,000 or more.

(d) In addition to an approval process based on clear and objective standards as provided in paragraph (b) of this subsection, a local government may adopt an alternative approval process for residential applications and permits based on approval criteria that are not clear and objective provided the applicant retains the option of proceeding under the clear and objective standards or the alternative process and the approval criteria for the alternative process comply with all applicable land use planning goals and rules.

(e) The provisions of this subsection shall not apply to applications or permits for residential development in historic areas designated for protection under a land use planning goal protecting historic areas.

(4) Subsection (3) of this section shall not be construed as an infringement on a local government's prerogative to:

- (a) Set approval standards under which a particular housing type is permitted outright;
- (b) Impose special conditions upon approval of a specific development proposal; or
- (c) Establish approval procedures.

(5) A jurisdiction may adopt any or all of the following placement standards, or any less restrictive standard, for the approval of manufactured homes located outside mobile home parks:

- (a) The manufactured home shall be multifunctional and enclose a space of not less than 1,000 square

feet.

(b) The manufactured home shall be placed on an excavated and back-filled foundation and enclosed at the perimeter such that the manufactured home is located not more than 12 inches above grade.

(c) The manufactured home shall have a pitched roof, except that no standard shall require a slope of greater than a nominal three feet in height for each 12 feet in width.

(d) The manufactured home shall have exterior siding and roofing which in color, material and appearance is similar to the exterior siding and roofing material commonly used on residential dwellings within the community or which is comparable to the predominant materials used on surrounding dwellings as determined by the local permit approval authority.

(e) The manufactured home shall be certified by the manufacturer to have an exterior thermal envelope meeting performance standards which reduce levels equivalent to the performance standards required of single-family dwellings constructed under the state building code as defined in ORS 455.010.

(f) The manufactured home shall have a garage or carport constructed of like materials. A jurisdiction may require an attached or detached garage in lieu of a carport where such is consistent with the predominant construction of immediately surrounding dwellings.

(g) In addition to the provisions in paragraphs (a) to (f) of this subsection, a city or county may subject a manufactured home and the lot upon which it is sited to any development standard, architectural requirement and minimum size requirement to which a conventional single-family residential dwelling on the same lot would be subject.

(6) Any approval standards, special conditions and the procedures for approval adopted by a local government shall be clear and objective and may not have the effect, either in themselves or cumulatively, of discouraging needed housing through unreasonable cost or delay [1981 c.884 §5; 1983 c.795 §3; 1989 c.380 §2; 1989 c.964 §6; 1993 c.184 §3; 1997 c.733 §2; 1999 c.357 §1; 2001 c.613 §2]

197.309 Local ordinances or approval conditions may not effectively establish housing sale price or designate class of purchasers; exception. (1) Except as provided in subsection (2) of this section, a city, county or metropolitan service district may not adopt a land use regulation or functional plan provision, or impose as a condition for approving a permit under ORS 215.427 or 227.178, a requirement that has the effect of establishing the sales price for a housing unit or residential building lot or parcel, or that requires a housing unit or residential building lot or parcel to be designated for sale to any particular class or group of purchasers.

(2) This section does not limit the authority of a city, county or metropolitan service district to:

(a) Adopt or enforce a land use regulation, functional plan provision or condition of approval creating or implementing an incentive, contract commitment, density bonus or other voluntary regulation, provision or condition designed to increase the supply of moderate or lower cost housing units; or

(b) Enter into an affordable housing covenant as provided in ORS 456.270 to 456.295 [1999 c.848 §2; 2007 c.691 §8]

197.310 [1973 c.80 §53; 1977 c.664 §24; repealed by 1979 c.772 §26]

197.312 Limitation on city and county authority to prohibit certain kinds of housing, including farmworker housing; real estate sales office. (1) A city or county may not by charter prohibit from all residential zones attached or detached single-family housing, multifamily housing for both owner and renter occupancy or manufactured homes. A city or county may not by charter prohibit government assisted housing or impose additional approval standards on government assisted housing that are not applied to similar but unassisted housing.

(2) A city or county may not impose any approval standards, special conditions or procedures on
