OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT
Draft Staff Report and Recommendation

STATE CLAIM NUMBER: M131473

NAMES OF CLAIMANTS: George W. Hordichok Sr.
Violet L. Hordichok
Jimmy D. Hordichok

MAILING ADDRESS: 15126 South Highway 211
Molalla, Oregon 97038

PROPERTY IDENTIFICATION: Township 5S, Range 2E, Section 10
Tax lot 2500
Clackamas County

DATE RECEIVED BY DAS: November 28, 2006

DEADLINE FOR FINAL ACTION:¹ May 21, 2008

I. SUMMARY OF CLAIM

The claimants, George, Violet and Jimmy Hordichok, seek compensation in the amount of \$291,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimants desire compensation or the right to divide the 4.39-acre subject property into two parcels and to develop a dwelling on each parcel. The subject property is located at the geographic coordinates listed above, near Molalla, in Clackamas County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the preliminary findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to the claimants' division of the 4.39-acre subject property into two parcels and to their development of a dwelling on each parcel: applicable provisions of

¹ ORS 197.352, as originally enacted, required that final action on claims made under Measure 37 be made within 180 days of the date the claim was filed. In response to the large volume of claims filed in late 2006, the Oregon legislature passed House Bill 3546, which became effective on May 10, 2007. This legislation increased the amount of time state and local governments have to take final action on Measure 37 claims filed on or after November 1, 2006, by 360 days, to a total of 540 days.

Statewide Planning Goal 3 (Agricultural Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 33, enacted or adopted after each claimant acquired the subject property. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when George and Violet Hordichok acquired the property on September 5, 1963, and when Jimmy Hordichok acquired the property on November 12, 2003. The department acknowledges that the relief to which Jimmy Hordichok is entitled under ORS 197.352 will not allow him to use the subject property in the manner set forth in the claim. (See the complete recommendation in Section VI. of this report.)

III. COMMENTS ON THE CLAIM

Comments Received

On July 20, 2007, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 15-day notice.

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

Findings of Fact

This claim was submitted to DAS on November 28, 2006, for processing under OAR 125, division 145. The claim identifies Clackamas County's Exclusive Farm Use (EFU) zoning as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

Findings of Fact

Claimants George and Violet Hordichok acquired the subject property on September 5, 1963, as reflected by a land sale agreement and a warranty deed included with the claim. On November 12, 2003, George and Violet Hordichok transferred the subject property to a revocable trust, the Hordichok Joint Living Trust, with themselves and their son, claimant Jimmy Hordichok, as trustees, as evidenced by a warranty deed and certificate of trust included with the claim.² The Clackamas County Assessor’s Office confirms the claimants’ current ownership of the subject property.

Conclusions

The claimants, George, Violet and Jimmy Hordichok, are “owners” of the subject property as that term is defined by ORS 197.352(11)(C). George and Violet Hordichok have been owners since September 5, 1963. Jimmy Hordichok has been an owner since November 12, 2003. George and Violet Hordichok are “family members” of Jimmy Hordichok as that term is defined by ORS 197.352(11)(A).

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimants’ use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimants or a family member acquired the property.

Findings of Fact

The claim indicates that the claimants desire to divide the 4.39-acre subject property into two parcels and to develop a dwelling on each parcel, and that the property’s current zoning prohibits the desired use.

The claim is based generally on the applicable provisions of state law that require EFU zoning and restrict uses on EFU-zoned land. The claimants’ property is zoned EFU by Clackamas County as required by Goal 3, in accordance with ORS 215 and OAR 660, division 33, because the claimants’ property is “agricultural land” as defined by Goal 3.³ Goal 3 became effective on

² Transfer of property to a revocable trust does not result in a change in ownership for George and Violet Hordichok for purposes of ORS 197.352.

³ The claimants’ property is “agricultural land” because it contains Natural Resources Conservation Service Class I–IV soils.

January 25, 1975, and required that agricultural lands as defined by Goal 3 be zoned EFU pursuant to ORS 215.

Current land use regulations, particularly ORS 215.263, 215.284 and 215.780 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, prohibit the division of EFU-zoned land into parcels less than 80 acres and establish standards for the development of dwellings on existing or any proposed parcel on that land.

ORS 215.780 establishes an 80-acre minimum size for the creation of new lots or parcels in EFU zones and became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). ORS 215.263 (2005 edition) establishes standards for the creation of new parcels for non-farm uses and dwellings allowed in an EFU zone.

OAR 660-033-0135 (applicable to farm dwellings) became effective on March 1, 1994, and interprets the statutory standard for a primary dwelling in an EFU zone under ORS 215.283(1)(f). OAR 660-033-0130(4) (applicable to non-farm dwellings) became effective on August 7, 1993, and was amended to comply with ORS 215.284(4) on March 1, 1994.⁴

George and Violet Hordichok acquired the subject property in 1963, prior to the adoption of the statewide planning goals and their implementing statutes and regulations. No county zoning applied to the subject property in 1963.

Conclusions

The current zoning requirements, minimum lot size and dwelling standards established by applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, were enacted or adopted after George and Violet Hordichok acquired the subject property. These laws restrict the use of the subject property relative to the uses allowed when George and Violet Hordichok acquired the property.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property, based on the uses that the claimants have identified. There may be other laws that currently apply to the claimants' use of the subject property, and that may continue to apply to the claimants' use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

⁴ The Commission subsequently adopted amendments to OAR 660-033-0100, -0130 and -0135 to comply with House Bill 3326 (Chapter 704, Oregon Laws 2001, effective on January 1, 2002), which were effective on May 22, 2002. These amendments clarified but did not further restrict dwelling standards for EFU-zoned land.

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulations (described in Section V.(2) of this report) must have “the effect of reducing the fair market value of the property, or any interest therein.”

Findings of Fact

The claim includes an estimate of \$291,000 as the reduction in the subject property’s fair market value due to the regulations that restrict the claimants’ desired use of the property. This amount is based on the claimants’ assessment of the subject property’s value.

Conclusions

As explained in Section V.(1) of this report, the claimants are George and Violet Hordichok who acquired the subject property in 1963 and their son, Jimmy Hordichok. Under ORS 197.352, the claimants are due compensation for land use regulations that restrict the use of the property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since George and Violet Hordichok acquired the subject property restrict the claimants’ desired use of the property. The claimants estimate that the effect of the regulations on the fair market value of the subject property is a reduction of \$291,000.

Without an appraisal or other documentation, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the subject property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department since George and Violet Hordichok acquired the property.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

Findings of Fact

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, which Clackamas County has implemented through its current EFU zone. These land use regulations were enacted or adopted after George and Violet Hordichok acquired the subject property.

Conclusions

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that none of the general statutory, goal and rule restrictions on division and development

of the claimants' property were in effect when George and Violet Hordichok acquired the subject property in 1963. As a result, these laws are not exempt under ORS 197.352. Laws in effect when George and Violet Hordichok acquired the subject property are exempt under ORS 197.352(3)(E) and do not provide a basis for compensation. In addition, laws enacted or adopted for a purpose set forth in ORS 197.352(3)(A) to (D) are also exempt and would not provide a basis for compensation.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimants' desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$291,000. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimants' desired use of the subject property was allowed under the standards in effect when George and Violet Hordichok acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow George and Violet Hordichok to use the subject property for a use permitted at the time they acquired the property on September 5, 1963, and to allow Jimmy Hordichok to use the property for a use permitted at the time he acquired the property on November 12, 2003.

At the time Jimmy Hordichok acquired an interest in the subject property, it was zoned EFU by Clackamas County and subject to the current lot size and dwelling standards under Goal 3, ORS 215 and OAR 660, division 33, and as described in Section V.(2) of this report.

In addition to the applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, in effect when Jimmy Hordichok acquired the property on November 12, 2003, and other laws in effect when any of the claimants acquired the subject property, there may be other laws that apply to the claimants' use of the property that have not been identified in the claim. In some cases, it

will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use, and depending on when they were enacted or adopted, may continue to apply to the claimants' property. In addition, some of these laws may be exempt under ORS 197.352(3)(A) to (D) and will continue to apply to the subject property on that basis.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the uses that the claimants have identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable given the information provided to the department in the claim. The claimants should be aware that the less information they have provided to the department in their claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to their use of the subject property.

Conclusions

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to the claimants' division of the 4.39-acre subject property into two parcels or to their development of a dwelling on each parcel: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after each claimant acquired the subject property. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when George and Violet Hordichok acquired the property on September 5, 1963, and when Jimmy Hordichok acquired the property on November 12, 2003. The department acknowledges that the relief to which Jimmy Hordichok is entitled under ORS 197.352 will not allow him to use the subject property in the manner set forth in the claim.
2. The action by the State of Oregon provides the state's authorization to the claimants to use the subject property for the use described in this report, subject to the standards in effect when George and Violet Hordichok acquired the property on September 5, 1963, and when Jimmy Hordichok acquired the property on November 12, 2003. On November 12, 2003, the property was subject to applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, currently in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.
4. Any use of the subject property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or

enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.

6. Nothing in this report or the state's final order for this claim constitutes any determination of ownership by the State of Oregon as to submerged or submersible lands, or as to public rights to the use of waters of the state.

VII. NOTICE OF OPPORTUNITY TO COMMENT

This staff report is not a final decision by the department and does not authorize any use of the property that is the subject of this report. OAR 125-145-0100 provides an opportunity for the claimants or the claimants' authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. Such response must be filed no more than 15 calendar days after the date this report is mailed to the claimants and any third parties. Responses to this draft staff report and recommendation will be considered only as comments related to the claim described in this report. All responses must be delivered to the Oregon Department of Administrative Services (DAS), Measure 37 Unit, Risk Management-State Services Division, 1225 Ferry Street SE, U160, Salem, Oregon 97301-4292 and will be deemed timely filed if either postmarked on the 15th day, or actually delivered to DAS by the close of business on the 15th day. Note: Please reference the claim number, claimant name and clearly mark your comments as "Draft Staff Report comments." Comments must be submitted in writing only. Those comments submitted electronically or by facsimile will not be accepted.
