*Re: Ballot Measure 37 (ORS 197.352) Claim Number M130115*

*Claimants:* Michael and Paula McCauley

---

Enclosed, in regard to the above-referenced claim for compensation under Ballot Measure 37 (ORS 197.352), is the Final Staff Report and Recommendation of the Department of Land Conservation and Development, and the Final Order.

This Final Staff Report and Recommendation and the Final Order constitute the final decision on this claim. No further action will be taken on this matter.

BEFORE THE DEPARTMENT OF ADMINISTRATIVE SERVICES,  
THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF  
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR	)	FINAL ORDER
COMPENSATION UNDER ORS 197.352	)	CLAIM NO. M130115
(BALLOT MEASURE 37) OF	)	
Michael and Paula McCauley, CLAIMANTS	)	

Claimants: Michael and Paula McCauley (the Claimants)

Property: Township 35, Range 2W, Section 34, Tax lot 602, Jackson County (the Property)

Claim: The demand for compensation and any supporting information received from the Claimants by the State of Oregon (the Claim).

Claimants submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Michael and Paula McCauley's division of the 25.46-acre subject property into three parcels or to their development of a dwelling on each resulting undeveloped parcel: applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, enacted or adopted after July 13, 1981. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when they acquired the property on July 13, 1981.
2. The action by the State of Oregon provides the state's authorization to the claimants to use the subject property for the use described in this report, subject to the standards in effect on July 13, 1981. On that date, the property was subject to compliance with the provisions of Goal 4 then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property

unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.

This Order is entered by the Manager for the Measure 37 Services Division of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

CONSERVATION AND DEVELOPMENT

2. A cause of action under ORS 197.352 (Measure 37 (2004)): If a land use regulation continues to apply to the subject property more than 180 days after the present owner of the property has made written demand for compensation under ORS 197.352, the present owner of the property, or any interest therein, shall have a cause of action in the circuit court in which the real property is located.

**STATE CLAIM NUMBER:** M130115

**NAMES OF CLAIMANTS:** Michael and Paula McCauley

**MAILING ADDRESS:** 13113 Table Rock Road

**PROPERTY IDENTIFICATION:** Township 35, Range 2W, Section 34  
Tax lot 602  
Jackson County

**OTHER CONTACT INFORMATION:** Eric Stark  
210 W Main Street, Suite 1B  
Medford, Oregon 97501

**DATE RECEIVED BY DAS:** September 25, 2006

**180-DAY DEADLINE:** March 24, 2007

**I. SUMMARY OF CLAIM**

The claimants, Michael and Paula McCauley, seek compensation in the amount of \$392,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimants desire compensation or the right to divide the 25.46-acre subject property into three parcels and to develop a dwelling on each resulting undeveloped parcel. The subject property is located at 13113 Table Rock Road, near Central Point, in Jackson County. (See claim.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to Michael and Paula McCauley's division of the 25.46-acre subject property into three parcels and to their development of a dwelling on each resulting undeveloped parcel: applicable provisions of Statewide Planning Goal 4 (Forest Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 6, enacted or adopted after July 13, 1981. These laws will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use

described in this report, and only to the extent that use was permitted when they acquired the property on July 13, 1981. (See the complete recommendation in Section VI. of this report.)

### **III. COMMENTS ON THE CLAIM**

#### **Comments Received**

On January 12, 2007, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

### **IV. TIMELINESS OF CLAIM**

#### **Requirement**

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

#### **Findings of Fact**

This claim was submitted to DAS on September 25, 2006, for processing under OAR 125, division 145. The claim identifies the statewide planning goals and provisions of OAR 660, division 33, as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

#### **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

### **V. ANALYSIS OF CLAIM**

#### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for "owners" as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines "owner" as "the present owner of the property, or any interest therein."

## **Findings of Fact**

The claimants, Michael and Paula McCauley, acquired the subject property on July 13, 1981, as reflected by a warranty deed included with the claim. The claimants transferred the property to a revocable living trust, the Michael and Paula McCauley Trust, with themselves as trustees, on July 16, 2004, as reflected by a bargain and sale deed included with the claim.<sup>1</sup> The Jackson County Assessor's Office confirms the claimants' current ownership of the subject property.

## **Conclusions**

The claimants, Michael and Paula McCauley, are "owners" of the subject property as that term is defined by ORS 197.352(1)(C), as of July 13, 1981.

## **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimants' use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimants or a family member acquired the property.

## **Findings of Fact**

The claim indicates that the claimants desire to divide the 25.46-acre subject property into three parcels and to develop a dwelling on each resulting undeveloped parcel, and that current land use regulations prevent the desired use.<sup>2</sup>

The claim is based generally on the applicable provisions of state law that require forest zoning and restrict uses on forest-zoned land. The claimants' property is zoned by Jackson County as Open Space Reserve (OSR) as required by Goal 4, in accordance with ORS 215 and OAR 660, division 6, because the claimants' property is "forest land" under Goal 4. Goal 4 became effective on January 25, 1975, and requires that forest land be zoned for forest use (see statutory and rule history under OAR 660-015-0000(4)). The forest land administrative rules (OAR 660, division 6) became effective on September 1, 1982, and ORS 215.705 to 215.755 and 215.780 became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). OAR 660-006-0026 and 660-006-0027 were amended on March 1, 1994, to implement those statutes.

The claimants acquired the subject property after the adoption of the statewide planning goals but before the Commission acknowledged Jackson County's land use regulations to be in compliance with the statewide planning goals pursuant to ORS 197.250 and 197.251. Because

---

<sup>1</sup> Transfer of property to a revocable trust does not result in a change in ownership for purposes of ORS 197.352.

<sup>2</sup> The claimants summarily list numerous state land use laws as applicable to this claim, but do not establish how the laws either apply to the claimants' desired use of the subject property or restrict its use with the effect of reducing its fair market value. On their face, most of the regulations either do not apply to the claimants' property or do not restrict the use of the claimants' property with the effect of reducing its fair market value. Without any explanation of how these land use regulations apply to the claimants' desired use of the property, the department cannot evaluate how or whether they apply. This report addresses only those regulations that the department finds are applicable to and restrict the claimants' desired use of the subject property, based on the claimants' description of their desired use.

the Commission had not acknowledged the county's plan and land use regulations when the claimants acquired the subject property on July 13, 1981, the statewide planning goals, and Goal 4 in particular, applied directly to the claimants' property when they acquired it.<sup>3</sup>

Goal 4 went into effect on January 25, 1975, and was intended to "conserve forest lands for forest uses" and required, "Lands suitable for forest uses shall be inventoried and designated as forest lands. Existing forest land uses shall be protected unless proposed changes are in conformance with the comprehensive plan." Those forest uses were defined as follows: "(1) the production of trees and the processing of forest products; (2) open space, buffers from noise, and visual separation of conflicting uses; (3) watershed protection and wildlife and fisheries habitat; (4) soil protection from wind and water; (5) maintenance of clean air and water; (6) outdoor recreational activities and related support services and wilderness values compatible with these uses; and (7) grazing land for livestock." Specifically, Goal 4 only allowed land divisions that would protect commercial forest lands for commercial forest uses. Dwellings in forest zones could only be allowed if found to be "necessary and accessory" to one of the enumerated forest uses listed in Goal 4.<sup>4</sup>

No information has been presented in the claim to establish that the claimants' desired division of the 25.46-acre subject property into three parcels and their development of dwellings comply with the Goal 4 standards in effect when the claimants acquired the subject property in 1981.

### Conclusions

The current zoning requirements, minimum lot size and dwelling standards established pursuant to Goal 4, ORS 215.705 to 215.755 and 215.780 and OAR 660-006-0026 and 660-006-0027 were all enacted or adopted after the claimants acquired the subject property in 1981 and do not allow the claimants' desired division or development of the property. However, the claim does not establish whether or to what extent the claimants' desired use of the subject property complies with the standards for land divisions and development under Goal 4 in effect when the claimants acquired the property on July 13, 1981.

<sup>3</sup> The statewide planning goals became effective on January 25, 1975, and were applicable to legislative land use decisions and some quasi-judicial land use decisions prior to the Commission's acknowledgment of each county's land use regulations. *Perkins v. After the county's plan and land use regulations were acknowledged by the Commission, the statewide planning goals and implementing rules no longer directly applied to such local land use decisions. *Byrd v. Stringer*, 295 Or 311 (1983). However, statutory requirements continue to apply, and insofar as the state and local provisions are materially the same, the local provisions must be interpreted consistent with the substance of the goals and implementing rules. *Foster v. LCDC (Lane County)* and in *1000 Friends v. LCDC (Curry County)*.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property, based on the uses that the claimants have identified. There may be other laws that currently apply to the claimants' use of the subject property, and that may continue to apply to the claimants' use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

#### **Findings of Fact**

The claim includes an estimate of \$392,000 as the reduction in the subject property's fair market value due to the regulations that restrict the claimants' desired use of the property. This amount is based on a realtor's comparative market analysis included with the claim.

#### **Conclusions**

As explained in Section V.(1) of this report, the claimants are Michael and Paula McCauley who acquired the subject property on July 13, 1981. Under ORS 197.352, the claimants are due compensation for land use regulations that restrict the use of the subject property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimants acquired the subject property restrict the claimants' desired use of the property. The claimants estimate that the effect of the land use regulations on the fair market value of the subject property is a reduction of \$392,000.

Without an appraisal or other documentation, and without verification of whether or the extent to which the claimants' desired use of the subject property was allowed under the standards in effect when they acquired the property, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

#### **Findings of Fact**

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, which Jackson

County has implemented through its current OSR zone. With the exception of provisions of Goal 4 adopted before the claimants acquired the subject property on July 13, 1981, these state land use regulations were not in effect when the claimants acquired the property.

### **Conclusions**

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that the general statutory, goal and rule restrictions on residential division and development of the subject property are not exempt under ORS 197.352(3)(E) only to the extent they were enacted or adopted after the claimants acquired the property. Provisions of Goal 4 in effect when the claimants acquired the subject property in 1981 are exempt under ORS 197.352(3)(E) and will continue to apply to the property.

Other laws in effect when the claimants acquired the subject property are exempt under ORS 197.352(3)(E) and will also continue to apply to the claimants' use of the property. In addition, the department notes that ORS 215.730 and OAR 660, division 6, particularly OAR 660-006-0029, include standards for siting dwellings in forest zones. These provisions include fire protection standards for dwellings and for surrounding forest lands. ORS 197.352(3)(B) specifically exempts regulations "restricting or prohibiting activities for the protection of public health and safety, such as fire and building codes. . . ." Accordingly, siting standards for dwellings in forest zones in ORS 215.730 and OAR 660, division 6, are exempt under ORS 197.352(3)(B).

There may be other laws that continue to apply to the claimants' use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws currently apply to that use and may continue to apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the uses that the claimants have identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. The claimants should be aware that the less information they have provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to their use of the subject property.

## **VI. FORM OF RELIEF**

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the

department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimants' desired use of the subject property. The claim asserts that existing land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$392,000. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimants' desired use of the property was allowed under the standards in effect when they acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Michael and Paula McCauley to use the subject property for a use permitted at the time they acquired the property on July 13, 1981.

### **Conclusions**

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Michael and Paula McCauley's division of the 25.46-acre subject property into three parcels or to their development of a dwelling on each resulting undeveloped parcel: applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, enacted or adopted after July 13, 1981. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when they acquired the property on July 13, 1981.
2. The action by the State of Oregon provides the state's authorization to the claimants to use the subject property for the use described in this report, subject to the standards in effect on July 13, 1981. On that date, the property was subject to compliance with the provisions of Goal 4 then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.

## **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on February 26, 2007. OAR 125-145 0100(3), provided an opportunity for the claimants or the claimants' authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
