**ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION**

**OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT  
Final Staff Report and Recommendation**

April 10, 2007

**STATE CLAIM NUMBER:** M130283

**NAME OF CLAIMANT:** Ira J. Cree

**MAILING ADDRESS:** 3250 Cherry Ave,  
Long Beach, California 90807

**PROPERTY IDENTIFICATION:** Township 36S, Range 14W, Section 00  
Tax lot 4806  
Curry County

**OTHER CONTACT INFORMATION:** Douglass Schmor  
PO Box 128  
Medford, Oregon 97501

**DATE RECEIVED BY DAS:** October 13, 2006

**180-DAY DEADLINE:** April 11, 2007

**I. SUMMARY OF CLAIM**

The claimant, Ira Cree, seeks compensation in the amount of \$200,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to develop a dwelling on the 40-acre subject property. The subject property is located at the locational coordinates listed above, near Gold Beach, in Curry County. (See claim.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that this claim is not valid because the claimant is not an owner of the subject property. (See the complete recommendation in Section VI of this report.)

**III. COMMENTS ON THE CLAIM**

**Comments Received**

On February 21, 2007, pursuant to Oregon Administrative Rule (OAR) 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of

surrounding properties. According to DAS, one written comment was received in response to the 10-day notice.

The comment does not address whether the claim meets the criteria for relief under ORS 197.352. Comments concerning the effects a use of the subject property may have on surrounding areas are generally not something that the department is able to consider in determining whether to waive a state law. If funds do become available to pay compensation, then such effects may become relevant in determining which claims to pay compensation for instead of waive a state law. (See the comment letter in the department's claim file.)

#### **IV. TIMELINESS OF CLAIM**

##### **Requirement**

ORS 197.352(5), requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criterion, whichever is later.

##### **Findings of Fact**

This claim was submitted to DAS on October 13, 2006, for processing under OAR 125, division 145. The claim identifies ORS 215.700-780, OAR 660-006-0000 to 660-006-0060 and "other" state land use regulations as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

##### **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

#### **V. ANALYSIS OF CLAIM**

##### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for "owners" as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines "owner" as "the present owner of the property, or any interest therein."

## **Findings of Fact**

The claimant, Ira Cree, states in the claim that he acquired the subject property on March 16, 1979, and now has an interest as an owner of the property. However, according to the warranty deed provided in the claim, on March 16, 1979, the property was acquired by the Cree Bros, a partnership consisting of Ira and William Cree. The claim does not include any documentation to establish that Ira Cree, individually, has an ownership interest in the subject property.

The Curry County Assessor's Office confirms that the Cree Bros. is a current owner of the subject property.

## **Conclusions**

The claimant, Ira Cree, has not established that he is an "owner" of the subject property as that term is defined in ORS 197.352(11)(C).

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant's use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

As explained in Section V.(1), the claimant, Ira Cree, is not an "owner" of the subject property as that term is defined in ORS 197.352(11)(C). Therefore, no laws enforced by the Land Conservation and Development Commission (the Commission) or the department restrict the claimant's use of private real property with the effect of reducing the fair market value of the property.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

As explained in Section V.(1) of this report, the claimant, Ira Cree, is not an "owner" of the subject property as that term is defined in ORS 197.352(11)(C). Therefore, no laws restrict his use of the subject property with the effect of reducing the fair market value of the subject property.

### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

As explained in Section V.(1) of this report, the claimant, Ira Cree, is not an "owner" of the subject property as that term is defined in ORS 197.352(11)(C). Therefore, the issue of whether any laws are exempt from ORS 197.352 is not relevant.

## **VI. FORM OF RELIEF**

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the record, the department finds that the claim is not valid because the claimant is not an owner of the subject property.

### **Conclusions**

Based on the record before the department, the claimant, Ira Cree, has not established that he is entitled to relief under ORS 197.352(1) as a result of land use regulations enforced by the Commission or the department because he is not an owner of the subject property. Therefore, the department recommends that this claim be denied.

## **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on March 15, 2007. OAR 125-145-0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
