**ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION**

**OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT  
Final Staff Report and Recommendation**

April 25, 2007

**STATE CLAIM NUMBER:** M130529

**NAME OF CLAIMANT:** Jack Morris

**MAILING ADDRESS:** 116 Oak Street #8  
Hood River, Oregon 97031

**PROPERTY IDENTIFICATION:** Township 3S, Range 3E, Section 6B  
Tax lot 2000  
Clackamas County

**DATE RECEIVED BY DAS:** November 1, 2006

**180-DAY DEADLINE:** April 30, 2007

**I. SUMMARY OF CLAIM**

The claimant, Jack Morris, seeks compensation in the amount of \$700,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 3.85-acre subject property into eight parcels and develop a dwelling on each resulting undeveloped parcel. The subject property is located at 18141 S Norman Road, near Oregon City, in Clackamas County. (See claim.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that this claim is not valid because the claimant has not established his ownership of the property. (See the complete recommendation in Section VI. of this report.)

**III. COMMENTS ON THE CLAIM**

**Comments Received**

On March 16, 2007, pursuant to Oregon Administrative Rule (OAR) 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

## IV. TIMELINESS OF CLAIM

### Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

### Findings of Fact

This claim was submitted to DAS on November 1, 2006, for processing under OAR 125, division 145. The claim identifies Clackamas County's "1-acre minimum lot size requirements" as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

### Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

## V. ANALYSIS OF CLAIM

### 1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for "owners" as that term is defined in ORS 197.352. ORS 197.352 (11)(C) defines "owner" as "the present owner of the property, or any interest therein."

### Findings of Fact

The claimant asserts that he acquired the subject property on October 24, 1974. However, the claim does not include copies of any deeds or otherwise establish the date that he became an owner of the subject property.<sup>1</sup>

---

<sup>1</sup> On March 23, 2007, department staff spoke with the claimant by telephone and advised him that the claim would be denied if he did not provide ownership documentation. He indicated that he did not intend to further pursue this claim at this time.

## **Conclusions**

The claimant, Jack Morris, has not established that he is an “owner” of the subject property as that term is defined in ORS 197.352(11)(C).

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

As explained in Section V.(1) above, the claimant, Jack Morris, has not established that he is an “owner” of the subject property as that term is defined in ORS 197.352(11)(C). Without such demonstration, it is not possible to determine that any laws enforced by the Land Use Conservation and Development Commission (the Commission) or the department restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member may have acquired the property.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have “the effect of reducing the fair market value of the property, or any interest therein.”

As explained in Section V.(1) of this report, the claimant, Jack Morris, has not established his ownership of the subject property. Without such demonstration, the department can make no determination on the effect of any land use regulations on the fair market value of the subject property.

### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

As explained in Section V.(1) of this report, the claimant, Jack Morris, has not established that he is an “owner” of the subject property as that term is defined in ORS 197.352(11)(C). Without such demonstration, the department can make no determination as to whether any land use laws are exempt from ORS 197.352.

## **VI. FORM OF RELIEF**

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by

rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the record, the department finds that the claim is not valid because the claimant has not demonstrated his ownership of the subject property or the date the claimant acquired the property.

### **Conclusions**

Based on the record before the department, the claimant, Jack Morris, has not established that he is entitled to relief under ORS 197.352(1), as a result of land use regulations enforced by the Commission or the department. Therefore, the department recommends that this claim be denied.

## **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on April 4, 2007. OAR 125-145 0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
