*Re: Ballot Measure 37 (ORS 197.352) Claim Number M130678*

*Claimant: James A. Postlewait*

---

Enclosed, in regard to the above-referenced claim for compensation under Ballot Measure 37 (ORS 197.352), is the Final Staff Report and Recommendation of the Department of Land Conservation and Development, and the Final Order.

This Final Staff Report and Recommendation and the Final Order constitute the final decision on this claim. No further action will be taken on this matter.

BEFORE THE DEPARTMENT OF ADMINISTRATIVE SERVICES,  
THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF  
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR ) FINAL ORDER  
COMPENSATION UNDER ORS 197.352 ) CLAIM NO. M130678  
(BALLOT MEASURE 37) OF )  
James A. Postlewait, CLAIMANT )

Claimant: James A. Postlewait (the Claimant)

Property: Township 4S, Range 4E, Section 20, Tax lot 400, Clackamas County  
(the Property)

Claim: The demand for compensation and any supporting information received from the  
Claimant by the State of Oregon (the Claim).

Claimant submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to James Postlewait's division of the 19.7-acre subject property into 2.5- to 5-acre parcels or to his development of a dwelling on each resulting undeveloped parcel: applicable provisions of Goals 3 and 4, ORS 215 and OAR 660, divisions 6, and 33, enacted or adopted after June 16, 1974. These land use regulations will not apply to the claimant only to the extent necessary to allow him to use the subject property for the use described in this report, and only to the extent that use was permitted when he acquired the property on June 16, 1974.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the property for the use described in this report, subject to the standards in effect on June 16, 1974. On that date, the property was subject to the applicable provisions of ORS 215 then in effect, including the interim planning goals set forth in ORS 215.515 (1973 edition).
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent.

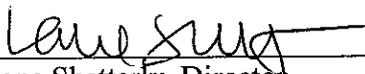

Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for him to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

This Order is entered by the Director of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

FOR DLCD AND THE LAND  
CONSERVATION AND  
DEVELOPMENT COMMISSION:

  
Lane Shetterly, Director  
DLCD  
Dated this 28<sup>th</sup> day of June, 2007.

FOR the DEPARTMENT OF  
ADMINISTRATIVE SERVICES:

  
David Hartwig, Administrator  
DAS, State Services Division  
Dated this 28<sup>th</sup> day of June, 2007.

## **NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF**

You are entitled, or may be entitled, to judicial remedies including the following:

1. **Judicial review under ORS 183.484:** Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 may be filed in the Circuit Court for Marion County or the Circuit Court in the county in which you reside.
2. **A cause of action under ORS 197.352 (Measure 37 (2004)):** If a land use regulation continues to apply to the subject property more than 180 days after the present owner of the property has made written demand for compensation under ORS 197.352, the present owner of the property, or any interest therein, shall have a cause of action in the circuit court in which the real property is located.

(Copies of the documents that comprise the record are available for review at the Department's office at 635 Capitol Street NE, Suite 150, Salem, Oregon 97301-2540)

### **FOR INFORMATION ONLY**

The Oregon Department of Justice has advised the Department of Land Conservation and Development that “[i]f the current owner of the real property conveys the property before the new use allowed by the public entity is established, then the entitlement to relief will be lost.”

**ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION**  
**OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT**  
**Final Staff Report and Recommendation**

June 28, 2007

**STATE CLAIM NUMBER:** M130678

**NAME OF CLAIMANT:** James A. Postlewait

**MAILING ADDRESS:** 27080 Shibley Road  
Colton, Oregon 97017

**PROPERTY IDENTIFICATION:** Township 4S, Range 4E, Section 20  
Tax lot 400  
Clackamas County

**DATE RECEIVED BY DAS:** November 13, 2006

**DEADLINE FOR FINAL ACTION:<sup>1</sup>** May 6, 2008

**I. SUMMARY OF CLAIM**

The claimant, James Postlewait, seeks compensation in the amount of \$600,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 19.7-acre subject property into 2.5- to 5-acre parcels and to develop a dwelling on each resulting undeveloped parcel. The subject property is located at 27080 Shibley Road, near Colton, in Clackamas County. (See claim.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to James Postlewait's division of the 19.7-acre subject property into 2.5- to 5-acre parcels and to his development of a dwelling on each resulting undeveloped parcel: applicable provisions of Statewide Planning Goals 3 (Agricultural Lands) and 4 (Forest Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, divisions 6, and 33, enacted or adopted after June

---

<sup>1</sup> ORS 197.352, as originally enacted, required that final action on claims made under Measure 37 be made within 180 days of the date the claim was filed. In response to the large volume of claims filed in late 2006, the Oregon legislature passed House Bill 3546, which became effective on May 10, 2007. This legislation increased the amount of time state and local governments have to take final action on Measure 37 claims filed on or after November 1, 2006, by 360 days, to a total of 540 days.

16, 1974. These laws will not apply to the claimant only to the extent necessary to allow him to use the subject property for the use described in this report, and only to the extent that use was permitted when he acquired the property on June 16, 1974. (See the complete recommendation in Section VI. of this report.)

### **III. COMMENTS ON THE CLAIM**

#### **Comments Received**

On April 2, 2007, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

### **IV. TIMELINESS OF CLAIM**

#### **Requirement**

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

#### **Findings of Fact**

This claim was submitted to DAS on November 13, 2006, for processing under OAR 125, division 145. The claim identifies ORS 215, OAR 660 and Clackamas County's Timber District (TBR) zone as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

#### **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

## V. ANALYSIS OF CLAIM

### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for "owners" as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines "owner" as "the present owner of the property, or any interest therein."

### **Findings of Fact**

The claimant, James Postlewait, acquired the subject property on June 16, 1974, as reflected by a personal representative's deed included with the claim. The Clackamas County Assessor's Office confirms the claimant's current ownership of the subject property.

### **Conclusions**

The claimant, James Postlewait, is an "owner" of the subject property as that term is defined by ORS 197.352(11)(C), as of June 16, 1974.

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant's use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

### **Findings of Fact**

The claim indicates that the claimant desires to divide the 19.7-acre subject property into 2.5- to 5-acre parcels and to develop a dwelling on each resulting undeveloped parcel, and that the use is not allowed under current land use regulations.

The claim is based generally on the applicable provisions of state law that require mixed farm-forest zoning and restrict uses on land zoned mixed farm-forest. The claimant's property is zoned by Clackamas County as TBR, which is a mixed agricultural and forest land zone, as required by Goal 4 and the implementing provisions of OAR 660, division 6 (effective on February 5, 1990), subsequently amended on March 1, 1994, to comply with the provisions of House Bill 3661 (Chapter 792, Oregon Laws 1993).

Under OAR 660-006-0050, all the uses permitted under Goals 3 and 4 are allowed in mixed agriculture and forest zones except that for dwellings, either the Goal 3 or 4 standards are applicable based on the predominant use of the tract on January 1, 1993.<sup>2</sup> Depending on the predominant use on January 1, 1993, the property is subject to either the requirements for dwellings applicable under exclusive farm use zoning required by Goal 3 and OAR 660, division 33, or forest zone provisions required by Goal 4 and OAR 660, division 6.

---

<sup>2</sup> No information was provided to the department regarding the predominant use of the subject property on January 1, 1993.

The claimant acquired the subject property on June 16, 1974, after the adoption of Senate Bill 100 (Chapter 80, Oregon Laws 1973) effective on October 5, 1973, but before the adoption of the statewide planning goals, effective on January 25, 1975. At that time, it was zoned by Clackamas County as RA1-5, which allowed a single-family dwelling on a minimum lot size of one to five acres.

However, during the period between October 5, 1973, and January 25, 1975, ORS 197.175(1) and 197.280 (1973 editions) required, in addition to any local plan or zoning provisions, that cities and counties exercise their planning responsibilities in accordance with the interim land use planning goals set forth in ORS 215.515 (1973 edition). *Petersen v. Klamath Falls*, 279 Or 249 (1977); see also, *Meeker v. Board of Comm'rs*, 287 Or 665 (1979) (review of a subdivision is an exercise of planning responsibilities requiring application of the goals); *State Housing Council v. Lake Oswego*, 48 Or App. 525 (1981) (noting that while "[l]and use planning responsibility is not defined in ORS ch 197, the Supreme Court has interpreted that term as including annexation approvals, *subdivision approvals* [emphasis added] and partition approvals") citing *Petersen*, *Meeker* and *Alexanderson v. Polk County*, 285 Or 427 (1980). The claimant's desired use includes subdivision of his land. If the claimant had sought to create that use in 1974, as a matter of law, the use would have been subject to the interim planning goals at ORS 215.515.<sup>3</sup>

The following interim goals are directly applicable to this claim: "To preserve the quality of the air, water and *land* [emphasis added] resources of the state"; "To conserve prime farm lands for the production of crops"; "To provide for the orderly and efficient transition from rural to urban land use"; "To protect life and property in areas subject to floods, landslides and other natural disasters"; "To provide and encourage a safe, convenient and economic transportation system including all modes of transportation: Air, water, rail, highway and mass transit and recognizing differences in the social costs in the various modes of transportation"; and "To develop a timely, orderly and efficient arrangement of public facilities and services to serve as a framework for urban and rural development." ORS 215.515 (1973 edition).

One of the interim goals was to "conserve prime farm lands for the production of crops." Soil types are a determinant of prime farm land. Approximately 80 percent (16 acres) of the soils on the 19.7-acre subject property are rated as "prime" by the Natural Resource Conservation Service (NRCS).<sup>4</sup>

No information has been provided establishing whether or to what extent the claimant's desired division of the subject property for residential development complies with the interim planning

---

<sup>3</sup> The "interim" land use goals are set forth in ORS 215.515(1)(a) to (j) (1973 edition) as follows: (a) "To preserve the quality of the air, water and land resources of the state," (b) "To conserve open space and protect natural and scenic resources," (c) "To provide for the recreational needs of citizens of the state and visitors," (d) "To conserve prime farm lands for the production of crops," (e) "To provide for the orderly and efficient transition from rural to urban land use," (f) "To protect life and property in areas subject to floods, landslides and other natural disasters," (g) "To provide and encourage a safe, convenient and economic transportation system including all modes of transportation: Air, water, rail, highway and mass transit and recognizing differences in the social costs in the various modes of transportation," (h) "To develop a timely, orderly and efficient arrangement of public facilities and services to serve as a framework for urban and rural development," (i) "To diversify and improve the economy of the state" and (j) "To ensure that the development of properties within the state is commensurate with the character and the physical limitations of the land." ORS 215.515 (1973 edition).

<sup>4</sup> NRCS soil survey for Clackamas County.

goals set forth in ORS 215.515 (1973 edition) in effect at the time the claimant acquired the property on June 16, 1974. In particular, it is unclear whether division and development of the prime farm land portion of the property could satisfy the interim goal requirement to "conserve prime farm lands for the production of crops."

### **Conclusions**

The current zoning requirements, minimum lot size and dwelling standards established under Goal 4 for lands zoned for mixed farm-forest use and the statutory and rule restrictions under applicable provisions of ORS 215 and OAR 660, divisions 6, and 33, were enacted or adopted after the claimant acquired the subject property in 1974, and do not allow the claimant's desired division and development of the property. However, the claim does not establish whether or to what extent the claimant's desired use of the subject property complies with the interim planning goals in effect when he acquired the property on June 16, 1974.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimant has identified. There may be other laws that currently apply to the claimant's use of the subject property, and that may continue to apply to the claimant's use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

### **Findings of Fact**

The claim includes an estimate of \$600,000 as the reduction in the subject property's fair market value due to the regulations that restrict the claimant's desired use of the property. This amount is based on the claimant's assessment of the subject property's value.

### **Conclusions**

As explained in Section V.(1) of this report, the claimant is James Postlewait who acquired the subject property on June 16, 1974. Under ORS 197.352, the claimant is due compensation for land use regulations that restrict the use of the subject property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimant acquired the subject property restrict the claimant's desired use of the property. The claimant estimates that the effect of the regulations on the fair market value of the subject property is a reduction of \$600,000.

Without an appraisal or other documentation and without verification of whether or the extent to which the claimant's desired use of the subject property was allowed under the standards in effect when the claimant acquired the property, it is not possible to substantiate the specific

dollar amount by which the land use regulations have reduced the fair market value of the property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

#### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

#### **Findings of Fact**

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goals 3 and 4, ORS 215 and OAR 660 divisions 6, and 33, which Clackamas County has implemented through its current TBR zone. With the exception of applicable provisions of ORS 215, including the interim land use planning goals, in effect on June 16, 1974, these state land use regulations were not in effect when the claimant acquired the property.

#### **Conclusions**

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that, with the exception of provisions of ORS 215 in effect on June 16, 1974, the general statutory, goal and rule restrictions on division and development of the claimant's property were not in effect when the claimant acquired the property. As a result, these laws are not exempt under ORS 197.352(3)(E). Provisions of ORS 215, including the interim statewide planning goals in effect when the claimant acquired the subject property on June 16, 1974, are exempt under ORS 197.352(3)(E) and will continue to apply to the property.

Other laws in effect when the claimant acquired the subject property are also exempt under ORS 197.352(3)(E) and will continue to apply to the claimant's use of the property. There may be other laws that continue to apply to the claimant's use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimant has identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. The claimant should be aware that the less information he has provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to his use of the subject property.

## VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimant's desired use of the subject property. The claim asserts that existing land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$600,000. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimant's desired use of the subject property was allowed under the standards in effect when he acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow James Postlewait to use the subject property for a use permitted at the time he acquired the property on June 16, 1974.

### **Conclusions**

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to James Postlewait's division of the 19.7-acre subject property into 2.5- to 5-acre parcels or to his development of a dwelling on each resulting undeveloped parcel: applicable provisions of Goals 3 and 4, ORS 215 and OAR 660, divisions 6, and 33, enacted or adopted after June 16, 1974. These land use regulations will not apply to the claimant only to the extent necessary to allow him to use the subject property for the use described in this report, and only to the extent that use was permitted when he acquired the property on June 16, 1974.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the property for the use described in this report, subject to the standards in effect on June 16, 1974. On that date, the property was subject to the applicable provisions of ORS 215 then in effect, including the interim planning goals set forth in ORS 215.515 (1973 edition).

3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for him to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

## **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on May 30, 2007. OAR 125-145 0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
