**STATE CLAIM NUMBER:** M130936

**NAME OF CLAIMANT:** Karen Anderson

**MAILING ADDRESS:** 4160 NW Crescent Valley Drive  
Corvallis, Oregon 97330

**PROPERTY IDENTIFICATION:** Township 11S, Range 5W, Section 15B  
Tax lot 200  
Benton County

**DATE RECEIVED BY DAS:** November 20, 2006

**DEADLINE FOR FINAL ACTION:<sup>1</sup>** May 13, 2008

**I. SUMMARY OF CLAIM**

The claimant, Karen Anderson, seeks compensation for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 16.3-acre subject property into eight 2-acre parcels and to develop a dwelling on each parcel. The subject property is located at the geographical coordinates listed above, within the City of Corvallis' urban growth boundary (UGB), in Benton County. (See claim.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is not valid because neither the Land Conservation and Development Commission (the Commission) nor the department has enforced laws that restrict the claimant's use of the subject private real property. (See the complete recommendation in Section VI. of this report.)

<sup>1</sup> ORS 197.352, as originally enacted, required that final action on claims made under Measure 37 be made within 180 days of the date the claim was filed. In response to the large volume of claims filed in late 2006, the Oregon legislature passed House Bill 3546, which became effective on May 10, 2007. This legislation increased the amount of time state and local governments have to take final action on Measure 37 claims filed on or after November 1, 2006, by 360 days, to a total of 540 days.

### **III. COMMENTS ON THE CLAIM**

#### **Comments Received**

On June 13, 2007, pursuant to Oregon Administrative Rule (OAR) 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, two written comments were received in response to the 10-day notice.

The comments do not address whether the claim meets the criteria for relief under ORS 197.352. Comments concerning the effects a use of the subject property may have on surrounding areas are generally not something that the department is able to consider in determining whether to waive a state law. If funds do become available to pay compensation, then such effects may become relevant in determining which claims to pay compensation for instead of waive a state law. (See the comment letters in the department's claim file.)

### **IV. TIMELINESS OF CLAIM**

#### **Requirement**

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

#### **Findings of Fact**

This claim was submitted to DAS on November 20, 2006, for processing under OAR 125, division 145. The claim does not identify any state land use regulations as the basis for the claim.

#### **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

## V. ANALYSIS OF CLAIM

### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

### **Findings of Fact**

The claimant, Karen Anderson, acquired the subject property on June 11, 1975, as reflected by a warranty deed included with the claim. The Benton County Assessor’s Office confirms the claimant’s current ownership of the subject property.

### **Conclusions**

The claimant, Karen Anderson, is an “owner” of the subject property as that term is defined in ORS 197.352(11)(C), as of June 11, 1975.

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

### **Findings of Fact**

The claim indicates that the claimant desires to divide the 16.3-acre subject property into eight 2-acre parcels and to develop a dwelling on each parcel, and that the property’s current zoning prevents the desired use.

The subject property is currently zoned (UR-5) by Benton County. The UR-5 district is an Urban Residential zone, with a minimum lot size requirement of five acres. The subject property is within the City of Corvallis’ UGB.

In general, the zoning of a particular property within a UGB is determined by the city or county with land use jurisdiction over the property. In some circumstances, the Commission’s rules or state statutes may apply to a local government decision regarding zoning, but usually, within a UGB, state laws require or encourage a higher intensity of development rather than restrict the use of real property. In this case, the claimant has not alleged how a specific state land use regulation restricts the use of real property and has the effect of reducing the fair market value of that real property.

Based on the information in the claim, the department has not identified any state laws that restrict the claimant’s use of the subject property.

## **Conclusions**

The claim does not establish that any state laws currently restrict the claimant's desired use of her property. Because the subject property is located within the City of Corvallis' UGB, neither the Commission nor the department enforces laws that require specific zoning of the property. Based on the record before the department, neither the Commission nor the department enforces any laws that restrict the claimant's desired use of the subject property.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

As explained in Section V.(2) of this report, the claimant, Karen Anderson, has not established that any state land use regulations restrict the use of the subject property. Accordingly, the department cannot determine that any laws enforced by the Commission or the department have had the effect of reducing the fair market value of the subject property.

### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

As explained in Section V.(2) of this report, the claimant, Karen Anderson, has not established that any state land use regulations restrict her desired use of the subject property. Accordingly, the department cannot determine that any exemptions under ORS 197.352(3) apply to this claim.

## **VI. FORM OF RELIEF**

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the record for this claim, the claimant has not established that any state laws enforced by the Commission or the department restrict the use of the subject property, and have the effect of reducing the fair market value of the subject property. Because the subject property is located within the City of Corvallis' UGB, neither the Commission nor the department enforces laws that require specific zoning of the property.

## **Conclusions**

Based on the record before the department, the claimant, Karen Anderson, has not established that she is entitled to relief under ORS 197.352(1) as a result of land use regulations enforced by the Commission or the department because no state land use regulations restrict the claimant's desired use of the subject property. Therefore, the department recommends that this claim be denied.

## **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on July 9, 2007. OAR 125-145 0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation.
