

Furloughs - state office closure dates

The current recession has reduced state revenues, and has forced the Legislature to make deep cuts in agency budgets. Coping with these cuts requires closing most state offices and facilities on the days listed below. State workers affected by the closures will take unpaid furloughs on those days. We apologize for any inconvenience these closures might cause, and we look forward to restoration of a full work schedule for all state agencies when the economy improves.

Most agencies and programs will be closed on ten specific days during the biennium. In addition to Federal holiday dates, the closure days for 2009 - 2010 are:
