Old Business

1. Update on budget process for 2013-15 fiscal biennium
2. Update on 2013 legislative session in Salem
 - a. OBMI’s legislation – signed by the Governor, effective 1-1-14 – To prohibit medical imaging unless properly prescribed by a medical professional, for medical or diagnostic purposes;
 - b. Other legislation impacting medical imaging.
3. Current rulemaking:
 - a. Consideration of public comments on current proposed rules.
 - b. Decision whether to adopt permanent rules -- two items in one rulemaking:
 - i. Applicable to limited permits: Require limited permit holders whose permit has expired for a period greater than 24 continuous months to go back to school and pass the ARRT test again;
 - ii. Applicable to full licensure candidates: Twenty-four month deadline for a school graduate to apply for a temporary license.
 - c. Delayed effective date for implementation of the new rule?
4. Update on transition to credentialing requirement that goes into effect January 1, 2014
 - a. Provisional licensure – to extend beyond 1-1-14 or not?

New Business

1. Update on a recent request to the OBMI to revisit whether persons with RCES or RCIS credential should be permitted to move the table during fluoroscopic procedure
2. Update from Radiation Protection Services on computed tomography (CT) operator rules that RPS is proposing.

3. Seek Board clarification of interpretation of OAR 337-010-0030(5) that says that limited permit students “are allowed three attempts to pass an ARRT exam.” Does that mean they can sit for the exam no more than three times (total) or that they can sit for a particular exam section no more than three times?
4. Approve an amendment to Board Policy 0008 to reflect recent Board-approved changes in LXMO instructor manual – limited permit instructor’s license must be current and in good standing for at least ~~one year~~ two years.
5. Should we do FBI checks on new license applicants? We would have to adopt an administrative rule to charge new applicants the fee (currently \$52) to cover the cost.
