

NOTE: The law amending ORS 685 allowing a more comprehensive prescribing authority does not become effective until the administrative rules have been written and adopted as permanent by the Board. This cannot happen before January 2010. All Licensees must abide by the current formulary laws and rules as part of licensure privilege

The Formulary Council's composition has not changed, but their charge has changed. They will be meeting July 29 to discuss this and consider submissions for addition to the formulary. *Please submit any considerations post marked no later than July 10, to assure receipt in this office by July 15.* This is short notice, but it is important that the FC meet at their earliest convenience to be ready for 2010.

All licensees must abide by the current law regarding prescribing - watch the web site and your email for updates as soon as they are available.

The following instructions are subject to change

Instructions for formulary request application:

All sections of the following application must be complete for consideration. Incomplete applications, unsystematic materials, or applications with inaccurate or deliberately misleading information may not be considered.

1. Complete all sections of this application. Information must be legible. (It is suggested that you use a typewriter or print neatly). Illegible requests will be returned or refused for consideration by the FC.
2. **Formulary request application must include, but is not limited to:**
 - a. A completed application,
 - b. Reference sources (Publication, year, etc),
 - c. How substance fits within the scope of practice,
 - d. A clear description of exactly how this request will be within the scope of practice and meet the amended law. **The amended statute follows, but will NOT be effective until administrative rules are written and adopted by the Board. This will not happen until sometime after January 1, 2010.**
 - e. Copies of any substantiating documentation
3. **Eight (8) clean copies for each submission of all materials, stapled and three-hole punched** (please copy 2-sided when possible), must be received in the OBNE office **no later than 3:00pm July 15, 2009. Please keep this date in mind If you are mailing these requests to be sure we have them in hand by the 15th.** *If you would like the Board to prepare the requests for you, please include \$15 for each submission and one clean copy, if not more than eight single-sided pages per submission. Please include an additional \$.10 a page for each single-side page after eight.*
4. Direct questions to the Board office at 971-673-0193.
