

**OREGON DEPARTMENT OF AGRICULTURE
APPLICATION FOR FIELD INSPECTION OF ALLIUM
FOR WHITE ROT CERTIFICATION OF SEED**

This inspection does not constitute certification for international export; please complete the Application for Field Inspection of Seed for Export if that is your intent. Complete all the fields in the client section of the application with the best possible information. **Please use a separate application for each lot number to be inspected.** Multiple field areas on the same application will be processed as a single field with a single lot number. Incomplete applications will be returned and subject to delay before inspection. This application should be completed, signed, and submitted to the Oregon Department of Agriculture by the following due dates: Fall-Planted Crops are due by March 15, Spring Planted Crops are due by May 1. This inspection program does not imply or express warranty or freedom of disease or quality of stock.

REQUIRED INFORMATION

Make a simple line drawing of the field location, including geological reference (i.e., North), landmarks such as buildings, field roads, pumps, county lines. If the field is not on a main road, please indicate the distance in tenths of miles from the road or a landmark. Aerial photographs will be accepted if access routes and roads are labeled.

Please provide a short narrative explaining directions for the location shown on the map.

Please include GPS reference if known: _____

Field location description:
